

NOTICE TO READERS:

This inventory listing is not guaranteed accurate at the time of viewing. Stock levels and prices (regular/sale/discontinued) are subject to change without notice. This list is solely for the purpose of mail order sales and therefore prices and/or availability may vary at our nursery location. Please confirm availability (and prices), by phone, prior to visiting our nursery.....especially if you are making the trip to purchase a certain named cultivar. If this availability list does not have a named hosta that you are looking for we urge you to phone or e-mail us as we have an additional 500 hostas varieties that are not included in this list.

Many new hosta introductions are available to us (and all other nurseries) only as tissue culture "starter plugs" and therefore usually require additional growing time when they arrive at our nursery. Understandably, hybridizers want to get their new plants to market quickly (and our customers like getting the newest cultivars when they are released), so many of these new introductions will often be smaller. Hostas that we have noted as having a future release date may be available for immediate delivery (at their noted price)..... however, they will require special attention and care on your part to ensure that they prosper. If we feel that the root system on any plant is insufficient for shipping we will advise you.

All prices quoted in this availability are subject to HST.

Pictures for most of the hostas we carry can be found on the Hosta Library at: www.hostalibrary.org

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|---------------------------------------|-------------|--|-------------------------|
| A Many Splendored Thing | (L) | This large <i>H. sieboldiana</i> type selection from 'Dorothy Benedict' x <i>H. hypoleuca</i> cross produces very large leaves with a dark green centre. A very wide greenish yellow margin circles the nearly round corrugated leaves. Pale lavender flowers in midsummer. Eslager (1999) | \$14.00 Sale \$11.00 |
| Abba Dabba Do | (L) | Sport of 'Sun Power'. All-green, wavy leaves in spring turning bright gold as the season advances. Light lavender flowers. Advent (1998) | \$11.00 |
| Abby | (S) | Blue-green leaves edged with chartreuse-yellow margin. Cute clump and rapid grower. Lavender flowers. Ruh (1990) | \$10.00 |
| Abiqua Ariel | (S) | Slightly blue-green cordate leaf. Slow growth rate. Near white flowers. Walden-West / Hyslop (1999) | \$10.00 |
| Abiqua Drinking Gourd | (M) | Blue-green, thick, deeply-cupped leaves with heavy corrugation. Near-white flowers late June. Walden-West (1989) | \$13.00 |
| New Abiqua Hallucination | (L) | Hard to find 'Tokudama Flavocircinalis' sport with heavily corrugated foliage that is gold in the centre with a blue-green margin. Thick substance. White flowers on 2- foot scapes. Walden-West (1999) | \$20.00 |
| Abiqua Moonbeam | (M) | Sport of 'August Moon'. Blue-green centre surrounded by wide lime-green/golden streaking margin. Walden-West (1987) | \$12.00 |
| Abiqua Recluse | (M) | Heart-shaped leaves in a medium glossy yellow. Deeply impressed veins and a slight puckering. Mauve to lavender blooms. Walden-West (1987) | \$11.00 |
| Abiqua Trumpet | (S) | Unique bluish-green spoon-shaped leaves give this plant a pin-wheel look! Mauve to lavender blooms. Walden-West (1987) | \$11.00 |
| Abraham Lincoln | (M) | This new introduction is a 'Super Bowl' seedling, hybridized by Doug Beilstein. Semi-upright, medium-large mound of thick, heavily corrugated, rich blue-green foliage. It is expected this plant will mature to 16"x 30" with leaves 10 1/2"x 7" Pale purple flowers open on 27" scapes from late June to late July. Beilstein / Zilis (2009) | \$24.00 Sale \$16.00 |
| Agawa | (G) | Medium blue-green leaves with a mature plants having leaves 14-16" long by 8-10" wide. Seedling of 'King of the Woods', selfed. Although a compact grower this giant hosta can reach 34-38" H by 44-54" W. Near white flowers in early July. Named after a Canadian Indian tribe located today along Lake Superior. Wade (2007) | Sorry Sold Out |
| Alakazaam PPAF | (S) | Flashy small hosta. Long, narrow leaves are green with bright yellow, ruffled margins in spring. Margins brighten to creamy white in summer. Stiff, horizontally held petioles. Forms a horizontal mound. Lavender flowers. Livingston / Walters Garden (2008) | \$20.00 |
| Alex Summers | (L) | Sport of 'Gold Regal'. Majestic, upright hosta ! Beautiful dark-green leaves are edged by a bright-gold margin. Santa Lucia (1989) | \$15.00 |
| All that Jazz | (L) | A sister seedling of 'Mardi Gras'. Displays large heart-shaped leaves with a clean, creamy-yellow margin. It forms a majestic clump with a stately, spreading form, suitable for underplanting with ground covers. Pale lavender flowers top the clump. Petryszyn (2006) | \$17.00 |
| Allan P. McConnell | (S) | Quick-growing dense symmetrical mound. Dark-green leaves have delicate, pure-white margin. Purple flowers. Seaver (1980) | \$10.00 |
| Allegan Emperor | (G) | Large, semi-upright mound of bluish-green leaves. Starts out the season more blue and turns almost solid green by late summer. Leaves have a slightly wavy margin. Superb vase-shaped plant that creates a striking appearance. Hard to find cultivar. Deshane / Herrema / Ruh (2000) | \$20.00 |
| Allegan Fog | (S) | MISTED GREEN & WHITE CENTRE! Outstanding centre variegation with green margin. Pale lavender flowers. Herrema / Ruh (2000) | \$15.00 |
| Alligator Shoes | (M) | Blue green, creamy white margin, dull, elliptic, wavy, corrugated leaves with narrow irregular nearly flat margin. Slow growth rate. Light lavender funnel-shaped blooms in early to mid summer. Benedict / Hatfield (NR) | \$16.00 |
| Alvatine Taylor | (L) | Sport of 'Lady in Waiting'. Large mound of gold-margined, blue-centred foliage. Near-white flowers with lavender stripes. Minks (1990) | \$11.00 |
| Back in Stock Amazing Grace | (L) | Amazing is the word to use for this beautiful hosta with large dark green leaves and a wonderful creamy-white border that is slightly rippled. Good substance. Pale lavender flowers. Ward (1999) | \$22.00 |
| New American Angel's Fire | (G) | Sport of 'American Angel'. Lighter coloured leaf centre than 'American Angel'. Hugh mound of light gold-centred, blue-green margined foliage. Near-white flowers. First time available and possibly the first plants available in Canada. Wade (NR) | Available summer 2012 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|---------------------------------------|-------------|--|--------------------------------|
| American Blue Hearts | (L) | Rare. Large mound of unruly blue-green foliage with thick-substance and heavily corrugated leaves. Mature plants become a very distinct blue with somewhat cupped leaves. Wade (NR) | \$40.00 |
| New American Choo Choo | (L) | Extremely rare sport of 'Choo Choo Train'. Forms a large mound of green-centered, gold-margined foliage. Great contrast between the margin color and the green centre. Heavily rippled leaves that help to accentuate the variegation pattern. First time available and possibly the first plants available in Canada. Wade (NR) | \$30.00 Sale \$22.00 |
| American Dream | (L) | Sport of 'High Fat Cream'. Greenish-yellow to creamy-white centre with a white margin. Slightly rippled. Vigorous growth rate. Lavender flowers. Wade (1999) | \$12.00 |
| New American Gothic | (M/L) | Stabilized sport of a Doug Beilstein hybrid of 'Color Fantasy' X 'Sea Drift' developed by Q& Z Nursery; introduced by the Russ O'Harra Hosta Society during the 2010 Midwest Regional Hosta Society convention; destined to become a classic. Blue-green in the centre with a wide, gold to creamy white margin; moderately corrugated and thick-substanced. Pale lavender flowers open on three-foot scapes in July. Plants are 1st year TC and will be available after June 15th, 2012. Johnson / O'Harra (2008) | \$21.00 |
| American Halo | (L) | Improved form of 'Northern Halo' showing a much wider (3/4" at maturity) and whiter margin than 'Northern Halo'. Leafs are wavy, heavily corrugated and thick-substanced. Near white flowers in dense clusters. Wade (1999) | \$22.00 |
| American Hero PPAF | (M) | Great new introduction that displays strong, bold variegation all season long. Sport of 'Revolution' with a wider, dark green margin and a creamy white to pure white centre speckled with green. Forms a very dense clump of thick leaves that become somewhat twisted as the clump matures. Lavender flowers in midsummer. Walters Gardens (2009) | \$22.00 |
| American Icon PP 1744 | (M) | Sport of 'Choo Choo Train'. Large, ruffled leaves are green-centred and have wide gold margins. Pale lavender flowers. Hansen (2004) | \$18.00 |
| American Misty | (L) | This hard to find hosta is an H. <i>sieboldiana</i> - type hosta with leaves that are blue-green margined with a misted green and white center. Near-white flowers in dense clusters from mid-June into early July. Wade (2005) | \$120.00 |
| American Monster | (G) | Large mound of dark green foliage with intense puckering and corrugation. Thick substance. Parentage: 'Sea Monster' X Tokudama Aureonebulosa. Near-white flowers in early July. Wade (NR) | \$75.00 |
| New American Prayers | (M) | Rare. This is the true form of what was once called Golden Prayers! Very thick and corrugated yellow leaves with rippled margins, nice medium clump for the garden. Very pale lavender to near-white flowers in late June to mid-July. Plants are 1st year TC and will be available after June 15, 2012. Wade (NR) | \$40.00 |
| American Sweetheart | (M) | Sport of 'Sea Thunder'. Differs in that it has a wider green margin and thicker more upright leaves. Hansen (2002) | \$16.00 |
| American Yeti | (G) | A giant of all giants !!! Giant blue-green leaves are nicely puckered and crimped; veins are deeply impressed above; elevated below. Leaf apex is nearly round with a short blunt tip. Originator's mound reached 44" H X 65" W in 4-5 years and is expected to get larger. Parentage: 'American King of the Woods' selfed. Very few plants have been sold by the Originator and we have only 1 originator stock plant available for 2012. Besides our display plant we only know of one other plant in Canada (we sold it last year). (1 eye) available in 2012. Wade (2007) | Sorry Sold Out |
| Americana | (M) | A wide-margined sport of 'Loyalist'. Thick leaves display deep green margins and a nearly pure white narrow centre. Pale lavender flowers. Walters Garden (2006) | \$18.00 |
| Amy Elizabeth | (S) | Reversed sport of 'Abby'. Centre of leaf is chartreuse-gold and the margins are green. Fast growth. Lavender flowers. Zilis (2003) | \$10.00 |
| Angel Feathers | (M) | Fast growing ! Green leaves are edged with a rippled, creamy-white margin. Good substance. Purple flowers. Vaughn (NR) | \$15.00 |
| Back in stock Angelique | (M) | Another rare hosta with a very limited availability. Very dense mound of dark green-centered, creamy white-margined (wide) foliage. Leaves often heavily streaked. Blade shape is elliptic (narrower when young). Arett (NR) | \$35.00 |
| Anglo Saxon | (M) | Alex Malloy introduction. Attractive mound of yellow-edged foliage. Lavender flowers in July. Malloy (2001) | \$30.00 |
| Ann Kulpa | (L) | Large heart-shaped leaves have pure-white centre & wide green margin. Pale lavender flowers. Kulpa (1999) | \$16.00 Sale \$12.00 |
| New Annabel Lee | (M) | Great new introduction by Altara Scheer. This unique hosta is a fast grower that forms a dense clump of very crinkled leaves. The leaves emerge a day-glo yellow and then develop a light blue bloom over bright pale green. Red petioles that get discretely hidden when the plant leafs out. Masses of flower scapes support a great show of purple flowers.....not a hosta that you want to cut the flower scapes off of before they bloom !!! Recent Introduction. Scheer (NR) | \$29.00 |
| Back in stock Anne PP10,661 | (M) | Sport of 'Fortunei Aureomarginata' with thick, creamy-yellow margined foliage with a dark green leaf centre. Sold out early in 2011. Heemskerck (2005) | \$19.00 Sale \$13.00 |
| Antioch | (L) | This hosta "classic" ranks as one of the best hostas for general landscaping purposes. Medium-green centre with 1/4" to 1" wide leaf margins which are chartreuse early, changing to yellow, then creamy white by early summer. Leaves are slightly wavy, generally smooth-textured, and curve downward. Thin underside bloom. Narrow funnel-shaped, medium lavender flowers. Great hosta where mass planting is required or along the edge of a raised bed where a larger hosta is needed to make a statement. Tompkins / Hofer / Ruh (1979) | \$10.00 |
| Antoinette | (M) | Sport of 'Squire Rich'. Dark-green, satiny leaves with green-gold margin. Lavender flowers. Kuk (2000) | \$17.00 |
| Aomori Gold (rectifolia) | (M/L) | Sport of Tachi Giboshi found in the wild in the Aomori Prefecture, located at the far northern tip of Honshu Island of Japan. Distinct upright growth habit. Luminescent gold foliage, especially bright in spring. Purple flowers open on 40" scapes from mid-August into September. Fast growth rate. Zillis (2009) | \$26.00 |
| Aomori Gold Star (rectifolia) | (M/L) | Sport of Tachi Giboshi found in the wild in the Aomori Prefecture, located at the far northern tip of Honshu Island of Japan. Distinct upright growth habit. Leaves are 7"x 1/2", gold in the centre with a dark green margin. Fast growth rate. Zilis / Muroyal (2009) | \$35.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|---|-------------|--|-------------------------------|
| Aomori Select (rectifolia) | (M/L) | Sport of <i>H. rectifolia</i> 'Aomori Gold Star' found at our nursery. Close to the form of species found in the wild in the Aomori Prefecture, located at the far northern tip of Honshu Island of Japan. Distinct upright growth habit. Rich medium green leaves are 8"x 5". Medium purple flowers produced on 36-40" scapes in August. Fast growth rate. Zilis (2009) | \$19.00 |
| Aomori Setting Sun (rectifolia) | (M/L) | Sport of Tachi Giboshi found in the wild in the Aomori Prefecture, located at the far northern tip of Honshu Island of Japan. Distinct upright growth habit. Leaves are 7"x 3 1/2". Gold-margined, medium to dark green-centre. Purple flowers open on 40" scapes from mid-August into September. Fast growth rate. Zilis / Muroyal (2009) | \$35.00 |
| Appalachian Beauty | (L) | Sport of 'Abiqua Recluse'. Medium green centre with golden margin. Some cupping & corrugation. Near-white flowers. Zilis (2003) | \$19.00 |
| Apple Green | (M) | A small, dense hosta of compact growth with yellowish-green heart shaped and slightly cupped leaves. | \$10.00 |
| New Appletini | (D) | Sensational dwarf-sized mound of bright yellow leaves in spring turning to apple-green leaves around July 1st. Attractive late season pale purple flowers. Mark Zilis hybrid of a gold sport of 'Blue Dimples' X 'Shining Tot' Recent introduction. Zilis (2009) | \$17.00 |
| New Aqua Velve | (L) | This "oldie but goodie" has blue-green leaves early in the season turning to a shiny, dark green by midsummer. Thick substance with a slight cupping. Medium lavender flowers. Vaughn (1983) | \$13.00 |
| Arctic Blast | (L) | The leaves of this hosta are an "arctic" frosted blue with white undersides and the leaf margins are wavy with twisted pointed tips. 'Arctic Blast' has a vase-like upright habit and produces trumpet-shaped lavender flowers in midsummer. Carlson (NR) | \$16.00 |
| New Arnold Black | (L) | Hybrid of 'White Vision' X <i>H. montana macrophylla</i> from Dick & Jane Ward. Semi-upright mound of bright gold leaves with a wavy margin. Very pale lavender flowers from late June into July on scapes up to 37" high. First time available to the public. Plants are 1st year TC and will be available after July 15, 2012 Ward (2004) | \$21.00 |
| Aristocrat PP 11286 | (S) | Cream-margined sport of 'Hadspen Blue'. Heart-shaped powder-blue leaves are encircled by creamy margin. Walters Gardens (1997) | \$14.00 |
| New Astral Bliss | (M) | A great new blue hosta by Don Dean. Intense blue-green leaves are held upright and create a low mound with lots of "flare". Pointed leaves are arranged in a layered star pattern and are folded and wavy. The name reflects the blue colour that is reminiscent of a clear star lit night...the blue holds late into the season on both side of the thick leaves. Lavender flowers on well proportioned scapes in August. New introduction Dean (2009) | \$25.00 |
| Atlantis PP 17093 | (L) | Tetraploid sport of 'Abba Dabba Do'. Green, slightly wavy, pointed leaves with a wide yellow margin. Lavender flowers. Avent / Hansen (2004) | \$17.00 |
| New Atom Smasher | (S) | Excellent plant by top hybridizer, Ron Livingston. Golden-yellow leaf blades that are long and very rippled. Excellent grower and of interest to hybridizers as it is fertile both ways and passes on it's wonderful leaf traits readily. Lavender flowers produce attractive red and yellow seed pods. New introduction Livingston (NR) | \$30.00 |
| New Atomic Elvis | (M) | Another wonderful plant by Ron Livingston that is an obvious cross between 'Atom Smasher' and 'Elvis Lives' featuring wonderful traits from both parents. Long narrow blue-green leaves with a slight twist and wavy margin, stretch out creating a dense medium size clump. Vigorous grower that is topped with lavender flowers. There's a "Whole lotta of shakin" with this hosta. New introduction Livingston (NR) | \$25.00 |
| August Moon | (M) | Perennial favourite! Bright gold foliage and fast growth. Leaves develop corrugation & have good substance. Langfelder / Summers / Ruh (1996) | \$10.00 |
| New Auntie Anne | (L) | This cultivar represents another spectacular, large-sized hosta from Indiana Bob Balitewicz. Bob selected this as a selfed seedling of a hybrid between 'High Noon' and 'Big John'. Apple green foliage; moderately corrugated with lavender flowers on 48" scapes from late June into mid-July. New introduction Balitewicz (NR) | \$21.00 |
| Aurora Borealis | (L) | Deep blue-green with gold margins. Heavy rugosity. Sometimes listed as <i>H. sieboldiana</i> "Aurora Borealis". Rudolph / Wayside Gardens (1986) | \$12.00 |
| Austin Dickinson | (L) | FRAGRANT purple flowers. Green-centred leaves with a creamy-white margin. Lachman (1992) | \$12.00 |
| Autumn Frost | (M) | Sport of 'First Frost'. The leaves of this new introduction emerge a frosty blue with a bright yellow margin that lightens to a creamy white during the summer. A little showier than 'First Frost' with extra wide margins. Light lavender flowers in mid to late summer. Walters Garden / Hansen (2009) | \$23.00 Red \$16.00 |
| New Autumn Ridge | (S) | Seedling of unknown parentage...this small cultivar will readily find a home in one of those small spaces in need of a highlight. With a leaf blade changing from a bright spring yellow to a mid summer chartreuse, the quarter inch white border frames the leaf and brightens the entire clump. Reddish petioles and an even brighter candy apple bloom scape topped with lavender flowers add interest during bloom time. Goodwin (2009) | \$45.00 |
| Avalanche | (S) | 'Warwick Choice' seedling. Green centred leaves with wide white margins. Near white flowers. Goodwin (2000) | \$16.00 |
| New Aventurine | (L) | This striking blue hosta represents another great cultivar from the breeding program of Doug Beilstein. Moderately dense mound of wavy blue leaves that are of excellent substance. Beilstein (NR) | \$23.00 |
| Back in Stock Avocado | (L) | Sport of 'Guacamole'; much wider green margin (2") than 'Guacamole' (5/8"). Medium gold centre. Fragrant pale lavender flowers. Diesen (1998) | \$21.00 |
| Back in Stock Awakening Angel | (M) | Bright blue foliage colour in a medium-sized mound; unusual flower color; hybrid of 'Mikawa-no-yuki' X 'Uncle John' Nyikos (2005) | \$21.00 |
| Aztec Treasure | (L) | Hybrid of 'Golden Waffles' x a 'Rough Waters' seedling. Kevin Vaughn classic with great contrast between the gold foliage and purple flowers. Large mound, 23"x 62" of corrugated, bright gold foliage. Leaves 11"x 9". Pale-purple flowers open in dense clusters from mid-June into early July on 29" scapes. Vaughn (1987) | \$14.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|---------------------------------|-------|--|--------------------------------|
| New Azuretini | (S) | Mark Zilis hybrid of a gold sport of 'Blue Dimples' X 'Shining Tot'; selected for its good blue foliage color, vigor, and small size. Dense mound habit with slightly wavy leaves. Pale purple flowers in August. New introduction Zilis (2009) | \$17.00 |
| Baby Blue Eyes | (S) | 'Cody' X 'Dorset Blue' from Solberg 2006. 6"x 16" This little hosta is a darling. It is a very cute tight, flat mound of heart-shaped pretty blue leaves that grows fast. Not too big for a large trough, it is also tough enough to show off in the garden. Light lavender flowers on short scapes in July. Solberg (2006) | \$17.00 |
| Baby Bunting | (S) | Back by Popular Demand! Probably the best tiny-leaved blue hosta! Tiny rounded leaves make a perfect miniature mound. Purple flowers. Savory (1982) | \$12.00 |
| Backyard Monster | (L) | A monster, but one you'll love for its large mound size, corrugation, and slug resistance. Green-centered with a margin that changes from yellow to white; moderately corrugated. Near-white flowers on 24-30" scapes in June. Schwarz (2007) | \$20.00 |
| New Bailey's Cream | (L) | ('Sea Prize' X 'Blue Angel') Medium, (20" X 36") A really unique hosta with clean pure white margins and Irish green centers to its not quite round, shiny leaves. It looks a little "unhosta", maybe more tropical. Nice lavender flowers in mid-summer. New introduction Beilstein (2009) | \$22.00 Sale \$16.00 |
| New Baja White | (M) | Mark Zilis acquired this plant from a Japanese collector in 2006. A hybrid of <i>H. pycnophylla</i> with rounded green leaves of good substance that develop intensely ruffled margins. The wavy margins show glimpses of the chalky white leaf backs that the plant was named for (baja is Spanish for bottom). In August, horizontal scapes bloom with fertile purple flowers. First time available to the public. Plants are 1st year TC and will be available after June 15, 2012. New introduction. Japan / Zilis (NR) | \$22.00 |
| New Bam Bam Blue | (L) | One of the nicest "blues" to hit the hosta world !! Dinner plate-sized leaves that are very corrugated and display some cupping and waviness. Forms an amazing blue upright mound that holds its colour late into the season. White flowers in late June. New introduction Schulz (NR) | \$35.00 Sale \$28.00 |
| New Banana Boat | (S/M) | A very unique hosta with elongated leaves that have a bright yellow centre and dark green margins. Leaves are cupped and have a leathery substance and a slight sheen. Attractive violet flowers. Lachman (1991) | \$21.00 |
| Banana Muffins | (M) | Very dense, symmetrical mound of nearly round gold foliage that gives the impression of a "basket of golden muffins". Moderately corrugated and wavy. Medium- lavender flowers with purplish scapes. Schwarz (1996) | \$14.00 |
| Band of Gold | (L) | Hybrid of 'Dorothy Benedict' x <i>H. hypoleuca</i> . Green centre with a gold margin. This is a "stand-out" hosta due to its bright foliage colours, great substance and large size. Near-white flowers in July to early August. Elslager (1999) | \$16.00 |
| Barbara Ann | (L) | A sport of <i>H. sieboldiana</i> 'Elegans' discovered in Great Britain. Forms a stunning clump of thick, corrugated, blue-green leaves with a broad, cream margin that lightens to white. Near white flowers. Muntons Microplants (NR) | \$19.00 |
| Barbara May | (L) | (<i>H. pycnophylla</i> X 'Harvest Dandy') X ('Blue Arrow' X 'Sea Fire') 14" X 30" This beautiful blue hosta has everything you want, great bright blue color with abundant white wax on the top and bottom of the leaves, interesting, almost triangular leaves with delicately ruffled margins, strong veins and good substance. A "long season" hosta that holds that blue color well, producing light lavender flowers in July and August. Solberg (2004) | \$20.00 |
| New Bashful | (S) | Open pollinated seedling from 'Blue Cadet' with leaves that emerge a very cream colour mottled with green. The green slowly becomes more prominent but newer leaves will be lighter and misted. Small clump topped with white flowers in June. Sisson (NR) | \$29.00 |
| Battle Star | (L) | Dark grey-green leaves with yellow margins. Deeply cupped and slightly rippled. Tubular dark lavender striped blooms. Goodwin (2006) | \$18.00 Sale \$12.00 |
| Beach Party | (L) | Sport of 'Lakeside Beach Captain' found at Q & Z Nursery. Forms a two foot high mound of thick-substanced, blue green foliage. Very pale flowers open on 30-36" scapes. Zilis / Toman (2009) | \$19.00 Sale \$14.00 |
| Beauty Substance | (G) | Sport of 'Sum and Substance'. Huge leaves have green centres & yellow margins. Van den Top (NR) | \$14.00 |
| Bell Ringer | (M) | Sport of 'Liberty Bell'. Upright mound of green centered foliage that is slightly wavy with creamy yellow to white leaf margins. Petioles have a distinct reddish purple colouring. The plants offered were purchased as 'Liberty Bell' but do not appear to have the slightly streaky center that 'Liberty Bell' should have. Dark purple flowers in August. Benedict (NR) | \$18.00 |
| Betcher's Blue | (M) | Wide mound of upwardly turned, cupped, deep blue-green foliage. Corrugated. Thick substance. Near-white flowers from late June to early July. AHS (1986) | \$12.00 |
| New Bette Davis Eyes' | (L) | If you're a classic movie buff this hard to find hosta has to be in your garden !!! After years of not being available, we have a limited number of display plant divisions for 2012. Named for the interesting way the flowers appear, this hosta's ornamental value lies in the wonderfully rippled medium to dark green leaves. Slightly fragrant lavender flowers. Vaughn (1987) | \$16.00 |
| Big Daddy | (L) | Round, cupped, thick blue leaves. Slug-resistant. Near-white flowers. Must-have hosta! Aden (1978) | \$12.00 |
| Big Mama | (L) | Medium-sized mound of blue-green leaves-thick substance & corrugated. Near-white flowers. Aden (1978) | \$11.00 |
| Big Top | (G) | 'William Lachman' x <i>H. hypoleuca</i> . Large, upright mound of blue-green, thick foliage. Near-white flowers. Elslager (2003) | \$19.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|-----------------------------------|-------|--|--------------------------------|
| Billie Bob Angel | (M) | Bluish early, changing to dark green. Sport of 'Margie's Angel' developed by Q & Z Nursery; great in combination with its mother plant and 'Charlie's Angels', the all gold sport. Very pale lavender flowers open on 24-30" scapes from late June into July. Zilis (NR) | \$18.00 |
| New Binkie O/S | (S) | Sport of 'Amber Tiara' found by Naylor Creek Nursery a number of years ago but just recently introduced in a very limited quantity. Thick yellow leaves with a wide border that sometimes streaks to the center. Lavender-purple flowers above the heart-shaped leaves. Very limited- will sell out almost immediately. New introduction Naylor Creek Nursery / Fransen (NR) | \$35.00 |
| Bix Blues | (L) | Hybrid of 'Halcyon' X <i>H. sieboldiana</i> 'Elegans' developed by Ron Simmering. Dense mound of incredibly blue foliage. The convention plant for the 2007 MRHS meeting in Davenport, Iowa. Whitish flowers in July on 2' scapes. Simmering (2002) | \$15.00 |
| Black Hills | (L) | Wonderful hosta that really stands out in the garden due to it's shiny, dark green foliage. Nearly round leaves that are heavily corrugated and slightly cupped. Pale-lavender flowers from late June into July. Savory (1983) | Sorry Sold Out |
| Blackjack | (G) | Rare. Leaf color bluish early, changing to dark green by early summer; heavily corrugated; unruly; thick substance. Its large size, corrugation, and blackish green color give 'Blackjack' a high level of distinction; a Clarence Owens hybrid of <i>H. sieboldiana</i> 'Mira' X <i>H. sieboldiana</i> ; the sensation of the 1999 AHS national convention. White flowers produced in July. Owens (1990) | \$25.00 |
| New Blarney Stone | (L) | This new introduction by Rick Goodenough has extra-large, light Irish-green leaves that are rounded (13"x15"). Forms an impressive domed clump. Lots of heavy corrugation creates a "pebbled" look and adds to the interest. The leaf colour lightens up as the season progresses. Near-white flowers. New introduction Goodenough (NR) | \$32.00 |
| Blaze of Glory | (L) | Very bright gold hosta. Leaves are slightly wavy and have good substance. Near-white flowers in July. Elslager (1999) | \$17.00 |
| Blazing Saddles | (M) | 'Blue Umbrellas' seedling. Large, oblong, green leaves with wide creamy-white edge. Lavender flowers. Avent (2000) | \$17.00 Sale \$13.00 |
| New Blonde Impressions | (L) | Crossing green-leaved 'Elatior' with gold 'High Noon' yielded this fabulous, semi-upright mound of bright gold foliage; another Bob Balitewicz introduction worth growing. Very pale lavender flowers open on scapes up to 52" high in July. New introduction Balitewicz (NR) | \$28.00 |
| Blue Angel | (G) | One of the largest hostas! Huge deep blue-green, heart-shaped leaves form a gigantic, cascading mound. Near-white flowers. Aden (1986) | \$12.00 |
| Blue Belle | (M) | 'Blue Belle' is a 'Tardiflora' x <i>H. sieboldiana</i> 'Elegans' with blue green round to cordate leaves. Cupped with good substance. Smith / BHHS (1988) | \$11.00 |
| New Blue Blazes | (L) | Blue Boy' x 'Polly Bishop'. Large mound of blue-green foliage that turns dark green later in the season. Moderately corrugated with thick substance. Mound can be somewhat unruly adding to it's charm. Near-white flowers. Plants are 1st year TC and available after June 15, 2012 Vaughn (1988) | \$15.00 |
| Blue Boy | (M) | Dense, medium-sized, rounded mound of blue-green leaves. Lots of lavender flowers. Stone / AHS (1986) | \$10.00 |
| Blue Cadet | (S) | Very symmetrical mound habit with small heart-shaped blue-green leaves. Huge show of purplish-lavender flowers in July. Aden (1974) | \$10.00 |
| New Blue Cascade | (M) | Outstanding new blue that puts on an amazing display with it's medium-sized mound of dense, pie-crusting leaves of intense blue. The leaf tips twist outward creating the illusion of constant motion. Lavender flowers in midsummer. Carlson (2009) | \$23.00 |
| New Blue Cherub | (M) | Registered (2002) as 'Azure Cherub' but known in the nursery trade as 'Blue Cherub'. Tardiana-type that forms a medium-sized mound of thick, brilliant blue foliage. Certainly one of the bluest of all blue cultivars. Ruh (NR) | \$19.00 |
| New Blue Chiffon | (M/L) | A rare seedling selection from Pauline Banyai. Medium-large mound of thick, blue-green, slightly wavy foliage. Rarely seen and very hard to find. Banyai / AHS (2009) | \$28.00 |
| Back in stock Blue Chip | (S) | Very small dense mound of thick, heart-shaped, deep blue foliage. Very slug proof. May take 5-10 years to fully mature and requires a well-watered and well-fertilized environment. Very pale bluish lavender flowers. If you can give this hosta the time and care it requires you will be rewarded with one "sweet" hosta. Benedict / Olson (1997) | \$25.00 |
| New Blue Danube | (M) | Second generation Tardiana seedling by the "King of Tardiana" Eric Smith. Highly admired for it's rich blue foliage colour and outstanding substance. Slow growth rate but worth the time and effort. Smith (1988) | \$17.00 |
| New Blue Dimples | (M/L) | Another second generation Tardiana seedling by Eric Smith. Slug resistant mound of deep-blue foliage with a thick underside bloom. Very pale lavender flowers from mid-July to mid-August. Excellent growth rate. Smith (1988) | \$11.00 |
| Blue Dolphin | (L) | Well-known and highly respected Eldren Minks cultivar from 1980, but rarely seen or offered; acts like a large-sized version of 'Tokudama'. Blue-green color; heavily corrugated; thick substance. Very pale lavender flowers produced in dense clusters from mid-June into July on 30" scapes. Minks (1980) | \$16.00 Sale \$13.00 |
| Blue Dome | (L) | Well-known and highly respected Eldren Minks cultivar from 1980, but rarely seen or offered; acts like a large-sized version of 'Tokudama'. Blue-green color; heavily corrugated; thick substance. Very pale lavender flowers produced in dense clusters from mid-June into July on 30" scapes. Minks (1980) | \$25.00 |
| Blue Flame | (M) | Yellow-edged sport of 'Fragrant Blue' found at Naylor Creek Nursery. Offers attractively variegated foliage, fragrant flowers, and a good growth rate. Naylor Creek Nursery (2004) | \$18.00 |
| Blue Haired Lady | (M) | <i>H. yingeri</i> seedling. Leaves start out blue-green & then turn shiny dark-green. Great substance and dense clump. SPIDER-like flowers. Johnson (2004) | \$14.00 |
| Blue Hawaii | (L) | Upright, vase-shaped hosta has big, blue corrugated, heart-shaped leaves. White flowers. Petryszyn (1999) | \$18.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|--|-------------|--|--------------------------------|
| Blue Ivory PP 19623 | (M) | This 'Halcyon' sport has wide, creamy white margins and a blue centre in spring. Margins brighten to white and may develop a unique green bluish while the centre turns blue green in summer. Lavender flowers. Meyer / Klinkhamer (2009) | \$22.00 |
| Blue Jay | (S/M) | Intense blue coloration, perhaps the bluest of any hosta. Leaves are heart-shaped and of excellent substance. Lavender flowers. A wonderful hosta that can provide a sharp contrast to the gold hostas in your collection. Benedict (1987) | \$15.00 |
| Blue Lollipop | (S) | This hybrid of 'Dorset Blue' features thick, slug-resistant leaves of a deep blue-green color. The heart-shaped foliage is topped with pale lavender flowers in late summer. A nice small hosta for gardens and containers, or in the front of a shady border. Benedict (NR) | \$15.00 |
| Blue Mammoth | (L) | Huge mound of slug-resistant blue foliage. Leaves are heavily corrugated. Near-white flowers. Aden (NR) | \$14.00 |
| Blue Maui | (S) | The dark-green (blue early) sport from 'Rainforest Sunrise'. Great complement to both 'Rainforest Sunrise' and 'Maui Buttercups' (the mother plant). Near-white flowers in July. Silvers (2006) | \$15.00 |
| Blue Mouse Ears | (S) | American Hosta Growers Association- 2008 Hosta of the Year. Developed by Emile Deckert of Maryland (2000 AHS registration). One of the best small hosta introductions since the formation of the American Hosta Society in 1968. Small, cupped, blue-green foliage in a low, tight mound. Very attractive purple flowers. Deckert (2000). | \$13.00 |
| Blue Regal | (M) | Ever-changing, brawny mound of unruly, heavily corrugated foliage; striking both as a blue-leaved plant in spring and after becoming a shiny, bright green in midsummer; 'Gold Regal' X 'Blue Vision' hybrid that combines the best traits of its parents. Near-white flowers from late June into mid-July on 34" scapes. New introduction Zilis (2009) | \$22.00 |
| Blue River | (M) | Medium blue/green leaf with a yellow margin. Sport of 'True Blue' from David Reath & Roy Klehm. Forms a large mound with leaves 10" long by 7 1/2" wide, corrugated & thick-substanced, Near-white flowers from mid-June to July. Reath / Klehm (1998) | \$17.00 |
| Blue Sensation | (L) | A pure H. sieboldiana of exceptional substance and color; sport of 'Sara's Sensation' developed by Q & Z Nursery. Blue-green with near-white flowers open in dense clusters from mid-June into early July. Zilis (NR) | \$20.00 |
| Blue Shadows | (M) | 'Tokudama Aureonebulosa' sport. Leaves are chartreuse in the centre with a blue-green margin. Full leaf has blueish overtones. Differs from its mother plant by having a chartreuse centre instead of gold. Grow 'Blue Shadows' beside 'Tokudama Aureonebulosa' for a great colour contrast. Near-white flowers. Anderson (1980) | \$17.00 |
| New Blue Sliver (aka: Blue Silver) | (S) | Beautiful low mound of blue-green, narrowly ovate leaves. Good substance with a thick underside bloom. Pure white flowers in July. Rarely found available for sale. Benedict (NR) | \$18.00 |
| Blue Sophistication | (M) | Nice mound of blue-green foliage. Excellent growth rate. Lavender flowers in July. Zilis (2003) | \$12.00 |
| Blue Umbrellas | (G) | Huge blue-green leaves cup downwards umbrella-like. Excellent substance. Pale lavender flowers. Aden (1978) | \$11.00 |
| Blue Vision | (M) | Large mound of thick, blue foliage. Leaves become dark-green by mid-summer. Near-white flowers. Aden (1976) | \$13.00 |
| Blue Wedgwood | (M) | Medium-sized mound of blue, triangular shaped leaves. Pale bluish-lavender flowers mid-summer. Smith / BHHS (1988) | \$10.00 |
| Blue Wonder | (L) | Rounded, silvery-blue leaves are gently cupped and slightly wavy. Excellent substance and moderate corrugation develop with age. Near white, fertile flowers in mid summer. Zilis (2009) | \$17.00 |
| New Blue Wu | (L) | Hybrid of 'Empress Wu' with 'Skylight' as the other parent. Very large blue-green hosta (perhaps one of the largest blues). Pale lavender flowers. New introduction King (NR) | \$29.00 Sale \$25.00 |
| New Blueberry Cobbler | (S) | ('Iwa' X 'Blue Blush') This is a rare September flowering frosty blue hosta. It is really a very nice little blue H. longipes with little pale lavender flowers whose tiny petals recurve delicately. A superb "long season" blue that has a great growth rate. When you have finished your 'Blueberry Tart' it is time for cobbler. Solberg (2009) | \$25.00 |
| Blueberry Muffin | (M) | Excellent new introduction that is a strong grower and reliable performer. Medium size mound with large, blue, rounded leaves that are rugose and puckered in unusual patterns. Later in the season the leaves change to green. Petioles have attractive light-mauve speckles that complement its lavender flowers that are produced in early summer. Meyer (NR) | \$22.00 Sale \$17.00 |
| Blueberry Tart | (S) | A Robert Solberg introduction. Medium blue-green with a slightly rippled margin. Pale lavender blooms. A must-have for your collection. Solberg (2005) | \$20.00 |
| New Blueberry Waffles | (G) | New addition since January 1, 2012 'Spilt Milk' x 'Abiqua Drinking Gourd'. Very Large, (30" X 68") This is the one you have all been waiting for!!! Maybe it is the huge almost perfectly round leaves, or their deep blue color, the color of blueberries, with all the perfect puckering, or maybe just the impressive mound of foliage that makes it the perfect specimen, (probably all three), but this is a spectacular hosta that you can't get out of your mind. It flowers with its H. sieboldiana kin in June. It's destined to be one of the hottest hostas of the year. Just released for sale Brown (2008) | \$40.00 |
| Bob Deane | (M) | Leaves are blue-green and circled by a wide creamy-yellow margin. Pure white flowers in late July. Sawyer (NR) | \$14.00 |
| Bodacious Blue | (L) | Wide mound of thick, blue-green foliage that is slightly corrugated and slightly wavy. Near-white flowers on scapes up to 42" high. Goodwin / Hiland / Whitmore (1999) | \$19.00 |
| Bogie and Bacall | (M) | Sport of a Doug Beilstein hybrid of 'Beatrice' x 'Rhapsody in Blue'. Dense, 13"x 32" mound of slightly rippled, white-edged foliage. 8"x 4" leaf size. Lavender flowers in August on 24" scapes. Fast growing white-margined cultivar. Zilis / Vanous (2009). | \$23.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|--------------------------|-------|--|------------|
| Bold Ribbons | (S) | Green leaves with a variable white margin. Leaves ascend outward and downward. Lavender flowers on leafy bracts. Aden (1976) | \$10.00 |
| Back in Stock | | This new sport of 'Captain Kirk' comes from Jan Van den Top. The leaves are constantly changing as the growing season progresses. In the spring the leaves will emerge green and then quickly change to a green edge with a shadowy yellow centre. After this the centre turns dark-green and the border becomes white. Then, the centre turns white. Finally, the complete leaf turns white with a green line that resembles the lines on 'Tatoo'. This is a must-have hosta for the collector. van den Top / Van Eecheute (2008) | |
| Boracay | (M) | | \$24.00 |
| Brass Horn | (L) | Dark green leaf with a slightly rippled golden yellow margin. Moderate growth rate forming a dense mound. Pale lavender blooms. Walden-West / Hyslop / Purvumun (1999) | \$10.00 |
| Brass Ring | (M) | Hard to find Ran Lydell sport of 'Neat Splash'. This 15"x 36" mound features white-margined (green centred) foliage. The wide white margin changes from yellow early in the season to creamy white by late summer. Good substance and very slug resistant. Lavender flowers on 24" scapes from late July to early August. Lydell (2000) | \$22.00 |
| Bressingham Blue | (G) | <i>H. sieboldiana</i> seedling. Huge blue-green leaves are puckered and have wavy margins. Near-white flowers. Bloom (1984) | \$10.00 |
| Bridal Veil | (M) | Cascading, rippled green leaves, outlined by a demure creamy-white margin. Very pale lavender flowers. Hird (2003) | \$14.00 |
| Bridegroom | (M) | DISTINCT! The all-green leaves with heavily ruffled edges bend upwards and terminate in a perky upright leaf tip. Purple flowers. Benedict / Gowen (1990) | \$14.00 |
| Brigadier | (L) | <i>H. sieboldiana</i> 'Elegans' x 'Hirao Supreme'. Large mound of smooth blue-green foliage. Pale lavender flowers. Zilis (2003) | \$10.00 |
| Bright Lights | (M) | Very thick, heart-shaped, puckered leaves have a golden heart and streaky blue-green margin. White flowers. Aden / Klehm (NR) | \$13.00 |
| New | | Newly released seedling selection from Ron Livingston. Forms a medium sized mound of nearly round foliage that is green centered with a wide, creamy yellow margin. | |
| Broad Band | (M) | New introduction Livingston (NR) | \$20.00 |
| Brooke | (M) | Rare. Medium-large mound of slightly wavy, heart-shaped, green foliage. Leaves are slightly cupped and have a thin underside bloom. Pale lavender flowers. Stone / Ruh (1987) | \$17.00 |
| Brother Stefan | (L) | A favorite of hosta enthusiasts! Forms a large clump of thick, heavily corrugated, puckered leaves. Spring leaves are chartreuse with a blue margin. Mature leaves are gold with a green margin. Near-white flowers. Petryszyn (1998) | \$19.00 |
| Back in Stock | | 'Sea Drift' X <i>H. venusta</i> from D. Beilstein 2007. 36"x 65" 'Brutus' is a huge-leafed, dark green monster that is a little unruly. At maturity, every leaf has an intricate pattern of ridges and valleys that draw closer inspection. It is topped by pretty purple flowers in early summer on tall scapes. Makes an impressive specimen if raised above ground level. 'Brutus' is a beast! | |
| Brutus | (G) | Beilstein (2007) | \$29.00 |
| New | | Bubbatini' forms a low, dense mound of blue-green foliage of outstanding substance and color intensity. It is a selected seedling out of a cross of a gold sport of 'Blue Dimples' X 'Shining Tot'. Pale purple flowers are produced on 10-20" scapes in August. | |
| Bubbatini | (S) | New introduction Zilis / Vanous (NR) | \$17.00 |
| Bulletproof | (M) | Sport of 'Halcyon' developed at Q & Z Nursery. Offers a much thicker, blue-green foliage than its parent plant. Expected mound size is 18"x30" with leaves 7"x 5" Pale lavender flowers from late July into August on 24" scapes. Exhibits Tetraploid properties. Zilis / Spring Hill Nursery (2009) | \$21.00 |
| Bumblebee | (L) | A seedling of 'Honey' from Dennis Savory of Savory's Gardens. Vigorous, dense mound of heavily corrugated, rich gold foliage. Mound 19" x 52" with leaves 10" x 8" Pale lavender flowers produced in July on 30" scapes. Savory (2000) | \$21.00 |
| Buster | (M-L) | Sport of 'Friar Tuck'. Thick substance and 'tucked under' gold leaves make this hosta a spectacular sculptural specimen for shade gardens. Lavender flowers in August on 48" scapes. Zilis (2009) | \$30.00 |
| Butter Cream | (M-L) | Richly colored, Bob Balitewicz seedling of 'Butternut Hill'. Bright gold; deeply veined and slightly wavy; good substance. Very pale purple flowers open on 40" scapes in July. Balitewicz (NR) | \$23.00 |
| Back in Stock | | Heart-shaped, blue leaves with excellent substance and slug resistance. Light lavender flowers. | |
| Camelot | (M) | Smith / BHHS (1988) | \$14.00 |
| Cameo | (D) | This little treasure is the reverse sport of 'Pandora's Box. Small, round, green leaves with creamy white margins that jet towards the midrib. Lavender flowers. Hansen / Shady Oaks Nursery (2002) | \$16.00 |
| Back in Stock | | Rare. Medium-green foliage with an olive-green margin. This plant really impressed me when I saw a mature specimen at Wade and Gatton Nursery in Ohio. It's a British introduction and is rarely seen in North America. | |
| Camouflage | (M-L) | Chatto (NR) | \$29.00 |
| Canadian Blue | (M) | Medium-sized mound of powder-blue leaves. Slug-resistant. Lavender flowers. Wilkins (NR) | \$12.00 |
| Canadian Foreign Affairs | (G) | Very large, semi-upright mound of shiny, light green foliage topped by tall flower scapes; mound as large as 39" high x 80" wide. Leaves 16" long x 12" wide, ovate shape, smooth textured and of thick substance. 1 single (1) eyed plant only. Knechtel / Ruh (2002) | \$110.00 |
| Candy Dish | (M) | 'Urajiro Hachijo' seedling from Summers, Wrede 2003. 12"x 24" or larger This may be as close to the perfect hosta leaf as there is. Start with heavy substance and dark green color, then add a deeply ruffled margin to a broad heart-shaped leaf with purple petioles. Pretty lavender flowers top off this dense, flat mound in August and September. Summers / Wrede (2003) | \$25.00 |
| Captain Kirk | (M) | Sport of 'Gold Standard'. Margins are wider and darker and leaf has much better substance-probably tetraploid. Brill (1999) | \$15.00 |
| New "streaked" | | H. 'Wahoo' X H. 'Stiletto' hybrid. | |
| Cairn's Wedding | (S) | | \$45.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|---|-------------|---|--------------------------------|
| <i>Back in Stock</i> Carnival | (L) | Irregular wide yellow margin streaks into the green centre of the very large, heart-shaped leaves. Lachman (1986) | \$12.00 |
| Carol | (M) | Large, deep-green leaves surrounded by narrow, pure-white margin. Lavender flowers in late July. Williams / AHS (1986) | \$10.00 |
| Carolina Blue | (M) | Superb blue hosta which holds its rich blue colour most of the summer. Great substance! Lavender flowers. Solberg (2000) | \$15.00 |
| Carolina Sunshine | (M) | A vigorous, medium sized hosta that forms a wide mound of glossy, long, dark green leaves with wide yellow margins that hold all season. Lavender flowers are produced on 20 inch scapes in midsummer. Makes a stunning clump in the landscape. Advent (1999) | \$16.00 |
| <i>Back in Stock</i> Cascades | (M) | Upright, fountain-like mound of lance-shaped leaves with a brilliant splash of white down the centre. White flowers. Lachman (1993) | \$17.00 |
| Cat and Mouse PPAF | (D) | This sport of 'Blue Mouse Ears' has thick foliage with a chartreuse interior circled by an uneven blue-green margin. What a great new introduction for the front of any garden border or for a trough garden! Lighter shades of green appear where the centre and margin overlap. Lavender flowers on small perfectly proportioned scapes appear midsummer. Hansen (2007) | \$18.00 |
| <i>Back in stock</i> Cathedral Windows PP 17295 | (L) | Parent plant is 'Stained Glass'. Domed, heart-shaped leaves have a golden-yellow centre with a wide dark-green margin which is wider than 'Stained Glass'. Fragrant near-white flowers. Hansen (2005) | \$22.00 |
| Celebration of Angels | (L) | Sport of 'Yankee Doodle Dandy'. Another great Bob Balitewicz introduction. Forms a 19"x 48" mound of thick, unruly, heavily corrugated bright gold foliage. Balitewicz (NR) | \$25.00 |
| Celestial | (L) | Hybrid of 'Dorothy Benedict' X <i>H. hypoleuca</i> from the Ed Elslager breeding program. Improves on 'Northern Halo' and other white-edged, <i>H. Sieboldiana</i> -types. Leaves 11"x 9" wide, dark green centre with a 1 1/2" wide, creamy white margin. Heavily corrugated. Broadly ovate. Thick substance. Registered with the AHS as producing pale lavender flowers from June 26 to July 16 on 33 - 36" scapes. Elslager (2000) | \$18.00 |
| <i>New</i> Celtic Dancer | (M) | This is one plant that should be on everyone's "must have" list !!! Extremely upright clump with medium green leaves that reach upwards. Great substance and lots of rippling. Leaves twist toward the tip and are held on sturdy petioles that show some red. Clump appears to be almost in constant motion... as if dancing. Lavender flowers in midsummer. Dean (2008) | \$25.00 |
| Centrefold | (L) | Intense corrugation, thick substance, unruliness, and a bright gold colour make this cultivar hold true to its name. At maturity this hosta will form a large mound of approx. 21" x 47" with very pale lavender flowers from late June into July. Sensation of the 1997 American Hosta Society National Convention. Kamp (1994) | \$25.00 Sale \$18.00 |
| <i>Back in Stock</i> Cerulean Magic | (M) | 'Gold Regal' X 'Blue Vision' seedling selected for its vivid blue foliage color and good growing habits. Bright blue-green color; good substance. Pale lavender flowers in July on 30" scapes. Zilis (2009) | \$25.00 |
| Cerveza | (L) | Amber gold sport of 'Avocado' offering thick substance and fragrant flowers. Pair this beauty with 'Mojito' for a great show. Vigorous grower and a real beauty when mature. Zillis / Vanous (2009) | \$22.00 |
| Chain Lightning | (M) | Tremendous white-centred cultivar from Dick & Jane Ward. Excellent contrast between the leaf margin and centre. Lavender flowers. Ward (1999) | \$19.00 |
| <i>New</i> Champagne Toast | (M) | Out of the same variegated seedling that produced 'American Gothic' (white-margined leaves) and 'Interstate 71' (blue foliage) comes this center-variegated beauty. 'Champagne Toast' is a stabilized sport of a Doug Beilstein hybrid of 'Color Fantasy' X 'Sea Drift' developed by Q & Z Nursery. Foliage begins the season yellow-centered with bluish green margins, but changes to white-centered with a green margin by mid-July. Pale lavender flowers in July on scapes that well top the mound of foliage. Slower growth rate but a real stunner once it matures. Expected to sell out quickly. New introduction Zilis (NR) | \$25.00 |
| Chariots of Fire | (M) | Rounded, bright-green leaves have narrow creamy-white margin. Purple flowers Aug.-Sept on DEEP-RED scapes. Dishon / Malloy (2004) | \$15.00 |
| Charlie's Angels | (M) | Sport of Bob Solberg's 'Margie's Angel'. Medium sized, gold-leaves. Pale lavender flowers in July. Zilis (2009) | \$22.00 |
| Cheatin' Heart | (D) | Small mound of golden heart-shaped leaves. Small lavender flowers. Zumbar (1995) | \$12.00 |
| Cherish | (S) | Both 'Cherish' and 'Pandora's Box' are sports of 'Baby Bunting'. Low mound of white-centred, green margined foliage very similar to 'Pandora's Box' except that the green margin is wider on 'Cherish'. Put the two beside each other and there is noticeable difference. Hansen / Shady Oaks (2002) | \$16.00 Sale \$12.00 |
| Cherry Berry | (S) | Red leaf and flower stems! Leaves are lance-shaped with dark-green margins & creamy-white centre. Lachman (1991) | \$13.00 |
| Cherry Tart | (S) | Described as having prominent "lipstick red" leaf petioles, 'Cherry Tart' emerges bright chartreuse and then brightens to a glowing yellow. The wedge-shaped leaves have lavender flowers that top the clump in midsummer. Nice specimen! Scheer (NR) | \$20.00 Sale \$16.00 |
| Cherry Tomato | (D) | Miniature sport of 'Cherry Berry' with improved vigor and leaf substance. Excellent selection for growing in trough gardens. Long, narrow lance-shaped leaves which are creamy yellow to white with wide, dark green margins. Red pigment is concentrated in the lower part of the petioles, but continues in a narrow strip up the centre of the back of the leaf. Attractive purple flowers help on striking red scapes in mid to late summer. Walters Garden / Bergeron (2008) | \$21.00 |
| Chesapeake Bay | (L) | Large "oyster-shaped" leaves comprise a large mound of foliage, reminding the breeder of underwater plants in a current when the leaves move. Near white flowers in midsummer. Petryszyń (2004) | \$16.00 Sale \$11.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|--|-------------|---|-----------------------|
| Chesterland Gold | (L) | This is the all-gold version of 'Paul's Glory'. Pale lavender flowers. Zilis / Ruh (1997) | \$12.00 |
| Childhood Fantasy | (M) | A great new Ron Livingston creation with long pointed leaves that have a twisted tip and a fantastic wavy margin. Makes a stunning clump with the leaves reaching upward and outward creating a sense of motion. New introduction Livingston (NR) | \$30.00 |
| New Childhood Sweetheart | (M) | Dense, medium-sized mound of foliage that is dark green in the center with a yellow to creamy white margin. Leaves wavy and very shiny on the undersides. Reddish petioles. Pale lavender flowers. Still relatively rare. Hansen (2005) | \$15.00 |
| New China Girl | (M) | Wonderful cross between 'Maya Kingsnake' and 'Funny Circle'. Fast growing medium sized plant with undulating shiny green leaves that are held on deep red petioles. Semi vase-shaped clump. Very fertile both ways. New introduction Scheer (NR) | \$22.00 |
| Chinese Sunrise | (S) | Sport of <i>H. cathayana</i> . Glossy, elongated leaf is chartreuse in centre with dark-green edges. Light purple flowers. Schaeffer / Summers / Ruh (1992) | \$11.00 |
| Chiquita | (L) | A stunning hosta that shows its stuff early in the season. Breath-taking show of bright yellow leaves in early spring. Plant this gem alongside some spring-blooming bulbs for a brilliant display. Lavender flowers produced in July. Eisel (1979) | \$11.00 |
| Chi-Town Classic | (S) | A 'Breeder's Choice' seedling with wavy, green-centred, white margined foliage. Great growth rate. Lavender flowers in July. Beilstein / Zilis (2009) | \$22.00 |
| Choo Choo Train | (L) | Awesome hosta! Thick, golden, ruffled leaves. Near white flowers. Approx. 26"x 75" at maturity. Sears / Avent (1999) | \$16.00 |
| Christmas Candy PPAF | (M) | Sport of 'Night before Christmas'. Narrower green margin and creamy-white centre. Vigorous. Lavender flowers. Van Erven / Van Eecheute (2002) | \$18.00 |
| Back in stock Christmas Pagent | (M) | Dark green centered sport of 'Christmas Tree' that features a wide yellow margin that changes to a creamy white. Much richer foliar colours than it's mother. Pinterics (2000) | \$18.00 |
| Christmas Tree | (M) | Heavily-crinkled, large, rounded leaves. Deep-green with creamy-golden edge. Fast-growing. Lavender flowers. Great mass-planted on a hillside. Seaver / Vaughn (1982) | \$10.00 |
| New Cinnamon Sticks | (M) | Heavy burgundy dotting on the petioles. Upright mound of bluish green to medium green foliage that stays looking good well into the fall. Rich maroon coloured scapes early in the fall have pale purple flowers. Herold (NR) | \$15.00 |
| Circular Saw | (M/L) | Sport of Jerry Hadrava's 'Rosedale Blend Master' offering richly colored, gold-margined, green-centred leaves. Zilis (2009) | \$23.00 |
| New Citratini | (S) | Citratini comes out of a slightly different cross than most other members of Q & Z's "TINI" series, i.e., 'Shining Tot' X 'Gold Regal'. Foliage emerges bright gold, changing to shiny green by late summer; slightly wavy. Pale purple flowers open on 12-16" scapes in August. New introduction Zilis (NR) | \$18.00 |
| City Lights | (L) | Bright gold almost shimmering like city lights. Thick substance and heavily corrugated. Near light flowers. Aden (1978) | \$15.00 |
| clausa | (S) | RHIZOMATOUS! Rhizomes travel underground to enlarge planting. Strappy, green leaves. Closed fuschia-purple flower buds! Even though the buds never open on this hosta it's appeal is the colour of the buds themselves. Certainly a crowd pleaser in our display gardens and a "must have" in every hosta collection. | \$10.00 |
| Clear Fork River Valley | (L) | Huge, deep-green, heavily corrugated, rounded leaves. Thick substance & slug-resistant. Pale lavender flowers in late June. Wade (2007) | \$18.00 |
| New Cleopatra | | Creamy margined, 'Fortunei'-type sport developed in the 1990s; fast growing in containers and in the garden. Pale lavender flowers open from late July into August on 39" scapes. Harris (NR) | \$16.00 |
| Clifford's Stingray PP17279 | (M) | Very different than most white-centred hostas. Thick leaves that have a wide dark green border and an irregular white centre that resembles a feather. Lavender flowers. Clifford (2000) | \$18.00 |
| Climax | (L) | Sport of 'High Noon'. Dark green corrugated leaves with a bright gold margin. Pale lavender flowers. Jones (2000) | \$16.00 |
| Cloudburst | (M) | New seedling of Hosta 'Glory' with thick, unruly, blue-green leaves turning a rich shiny dark green by mid summer. Pale purple flowers. Beilstein / Zilis (2006) | \$19.00 |
| Clovelly PPAF | (M) | Easily identified at a single glance. Green leaves with prominent deep picrust edges that are of good substance. Mature leaves show some pebbling or dimpling. Pale lavender flowers. One of our best selling green hostas. Terpening (2005) | \$19.00 |
| New Coal Miner | (L) | Leaves are upright, long gracefully bowing, having a deep throat and unique dark color. Starts out a dark bluish-green with a very powder blue back. Mid-season turns blackish blue, making the leaves appear as if coated with coal dust. New introduction Petryszyn (NR) | \$24.00 |
| Back in stock Coconut Custard | (D) | 'Blue Cadet' X 'One Man's Treasure' o.p. 6"x 14" This little yellow hosta has heart-shaped leaves that are frosted with lots of white wax in spring, making it rich and creamy. Top that off with bright purple petioles that extend up into the leaf. Well proportioned, frosted yellow scapes in July-August with pretty orchid-colored flowers. A delicate look on a sturdy plant. Solberg (2007) | \$21.00 |
| Cody | (D) | 'Shining Tot' X <i>H. venusta</i> . Great growing little dwarf with shiny green leaves of good substance. Heart shaped leaves with deep lavender flowers. Solberg (1996) | \$10.00 |
| New Cold Heart | (M) | Rippled and serrated edges on heart-shaped leaves that emerge like frosted lime popsicles. Leaves undersides are white. The colouring will remain a frosted lime if planted in shade or will melt away to a re-newed passion in a sunny location. Scheer (NR) | \$22.00 |
| Color Glory | (M) | Leaves are heart-shaped, cupped and puckered. Margin is blue and centre changes from blue to green then yellow. Aden (1980) | \$14.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|-------------------------------------|-------------|---|-------------------------|
| Columbus Circle | (M) | Medium-sized mound of green foliage with creamy-yellow margins. Very pale lavender flowers. Santa Lucia / AHS (2009) | \$10.00 |
| <i>Back in Stock</i> Commander | (L) | Large mound of creamy white-margined foliage; sport of a Doug Beilstein hybrid of 'Neat Splash' X 'Elatior'. Green-centered with a ½" wide, creamy white margin; rippled; ovate blade shape. Lavender flowers open on 26" scapes in July. Zilis / Schwarz (NR) | \$25.00 |
| Cookie Crumbs | (D) | Super dense mound of heart-shaped green leaves with a wide white margin. Medium purple flowers on 12"-16" scapes. Excellent for the rock garden or a mass planted edging. Zilis / Solberg (2002) | \$15.00 |
| <i>New</i> Cooltini | (S) | Coming in June 2012. Currently available for viewing in our display gardens . Reservations accepted. Zilis (2009) | \$21.00 |
| <i>New</i> Copa Cabana | (S) | Pale yellow leaves of good substance and some corrugation. The leaves hold their colour until midsummer and then turn a nice chartreuse colour. Lavender flowers. Terpening (NR) | \$25.00 |
| Corkscrew | (S) | 'Tortifrons' X 'One Man's Treasure' by Solberg 2003. 9"x 22" A true hybridizing breakthrough! The leaves are dark green and contorted like 'Tortifrons' but unlike its parent, it grows very well making a full clump quickly. It makes a unique clump of upright, arching, twisted, shiny dark green leaves with lavender flowers in September and October, frequently on forked scapes. Winner of 2002 Best Seedling Award at First Look. Solberg (2003) | \$19.00 |
| Corn Belt | (L) | Sport of 'Jimmy Crack Corn' from Winterberry Farms. Gold-centered, dark green-margined foliage with near-white flowers from mid-June into July. Anderson (NR) | \$16.00 |
| Corn Muffins | (M) | Hybrid of 'Glory' X 'King Tut'. Forms a dense mound of dome-shaped, corrugated, gold foliage. Convexly cupped with rippled margin. Resembles 'Banana Muffins' but larger. Beilstein / Zilis (2009) | \$20.00 |
| <i>New</i> Cotton Candy | (M) | Like the irresistibly fun carnival treat, this fascinating new sport of 'Pathfinder' will wrap you up with white leaves covered in a web of green mist. The foliage is of good substance and brightest in the spring. By late summer, the leaves will turn green. This gives Hosta 'Cotton Candy' a surprisingly vigorous growth rate for a plant of this type. Will form an eye catching mound about 12" high and 24" across...maybe a little larger. Fertile, lavender flowers in mid summer will likely produce interesting variegated seedlings. New introduction Zilis (2009) | \$30.00 Sale \$22.00 |
| <i>New</i> Count your Blessings | (M) | This stable form of 'Lakeside Mom' has heart-shaped yellow-green leaves with a yellow border that turns white as the season progresses. Silvers-Elbert (NR) | \$25.00 |
| Country Mouse | (D) | Sport of 'Bill Dress's Blue' by Hansen. 3" X 8" This very cute miniature hosta has heart-shaped blue leaves with nice, clean white margins. This perfect small container plant has lavender flowers in June- July. Really adorable! Hansen / Shady Oaks (2007) | \$17.00 |
| Cowrie | (M) | Sport of 'Wide Brim'. Centre is dark-green with gold edges. Leaves are folded towards each other "shell-like". Walters Gardens (NR) | \$11.00 |
| Cracker Crumbs | (S) | Gold-centred with 1/2" wide, green margin. Slightly wavy with average substance. Outstanding edger, rock garden or trough plant. A MUST-HAVE HOSTA ! Solberg (2002) | \$16.00 |
| <i>New</i> Cranberry Wine | (M) | An exceptional plant by hybridizer Katie Sisson. Seedling from 'Cinnamon Sticks' x 'Tequila Sunrise' with bright yellow leaves that become chartreuse. Leaves are shiny, very wavy and have excellent substance. The petioles become cranberry-coloured as the season progresses and purple flowers appear in late summer on top of cranberry scapes. Sisson (NR) | \$29.00 |
| <i>New</i> Cream Cheese | (D) | 'Crepe Suzette' selfed seedling from Bill & Eleanor Lachman; long-known cultivar, but still rare. Green-centered with a ½" wide, wavy margin that changes from yellow to white. Purple flowers in August on 16" scapes. Lachman (1991) | \$18.00 |
| Crested Surf | (M) | Heavily rippled mound of margined foliage. The margin starts out yellow and then turns to a creamy-white and the leaf centre starts out gold and then changes to a medium-green by midsummer. Medium purple flowers. A great hosta with a colourful personality. Benedict (1990) | \$12.00 |
| Crossing the Rubicon | (M) | Sport of 'Mark Anthony', a hybrid out of 'Dorothy Benedict' with 'Gold Regal' breeding. Medium-large mound of thick, chartreuse to medium gold foliage. Slug resistant. Pale lavender flowers. Zilis (2009) | \$24.00 |
| Crowned Imperial | (L) | Medium to large mound of green-centred (bluish early) white-margined foliage. As a juvenile plant the leaf blade is narrow and the margin slight. With age both the leaf blade and the margin widen creating a most impressive hosta. Pale lavender flowers. Walters Gardens (1988) | \$10.00 |
| <i>Back in stock</i> Crumb Cake | (D) | 'Cinnamon Sticks' X 'Cracker Crumbs'. 4"x 12" This rapidly growing hosta makes a very tight flat mound of honey-gold round leaves that are shiny, wonderfully wavy, and have very good substance with mahogany petioles. It's mahogany scapes have pretty lavender flowers in July. A cute little hosta tough enough for the garden but deserving of a special spot. We just love it! Solberg (2008) | \$21.00 |
| Crusader | (M) | Dense mound of green leaves with creamy-white margins. Lots of lavender flowers just above the mound. Lachman (1989) | \$10.00 |
| <i>Back in stock</i> Curly Fries | (D) | 'Pineapple Upsidedown Cake' seedling. Solberg 2008. 5"x 16" Just look at the photo. I will add that the agave-looking leaves are stiff as a board and you can see why award winning 'Curly Fries' is the most unique hosta to be introduced in some time. Best grown in half a day of sun, its highly ruffled narrow leaves emerge yellow and then fade to near white. The scape is deep purple, topped with lavender flowers. It makes a great container plant or grows very well in the garden. Solberg (2008) | \$35.00 Sale \$28.00 |
| <i>New</i> Cupatini | | Coming soon. New introduction Zilis (2009) | |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|---------------------------------------|-------------|--|--------------------------------|
| <i>New</i> Curve Ball | (M) | You won't strike out with this bright gold, corrugated hosta; a Dick and Jane Ward seedling of 'Tokudama Flavocircinalis'. Near-white flowers open on 24" scapes from late June into July. <i>New introduction</i> Ward (2009) | \$21.00 |
| Cutting Edge | (M) | Ranks as one of the best rippled margined hostas. Slightly inward folded green leaves expose a white underside bloom. Pale lavender flowers in midsummer. A must-have hosta. Gowan (1999) | \$16.00 |
| Cuyahoga | (L) | Hybrid of 'Dorothy Benedict' X 'Swoosh'. Semi-upright mound of creamy gold-edged foliage. Leaves nearly round. good substance. Beilstein / Zilis (2009) | \$24.00 |
| Cuyahoga Falls | (L) | New introduction whose leaf color changes from blue-green to dark green during the season; sport of 'Cuyahoga' developed by Q & Z Nursery. lavender flowers open in July on 32" scapes. Zilis (NR) | \$19.00 |
| <i>New</i> Dab a Green | (L) | Rare tissue culture sport of 'Abba Dabba Do'. Gold centre with a 1/4" or less dark green margin. Pale lavender flowers in July. Zilis (2006) | \$18.00 |
| Daddy Boomer | (G) | The stable sport of 'Baby Boomer'. Large green leaves with an irregular yellow margin. Nearly white flowers. Elslager (2005) | \$35.00 |
| Dance with Me | (M) | Reversed sport of 'Last Dance'. Heart-shaped leaves with pale yellow centre & wide light-green margin. Lavender flowers. Hansen (2002) | \$16.00 |
| Dancing in the Rain PP 15977 | (M) | Sport of 'Blue Umbrellas.' Leaves have pure-white centre with blue-green streaks and margins. Lavender flowers. Walters Gardens (2004) | \$19.00 |
| <i>Back in stock</i> Dancing Mouse | (D) | A new sport of 'Blue Mouse Ears' from Marco Fransen with thick blue-green leaves with a wavy yellowish-green border that darkens to a pale green as the season progresses. Very different than all the other "mice" that have been introduced. Lavender flowers. <i>Sold out on opening day in 2011. Limited numbers available in 2012....don't miss out !!!</i> Fransen (NR) | \$25.00 |
| Dancing Queen | (L) | Recently registered cultivar from Kent Terpening. Large mound of nicely rippled bright-gold foliage in spring turning to a light-gold foliage in summer. Pale lavender flowers. This plant is simply stunning with it's wonderful bright-gold foliage and rippled edge !! Terpening (2005) | \$21.00 |
| Dancing Stars PPAF 15977 | (L) | Excellent new sport of 'Dancing in the Rain' with a crisp white centre and sharply contrasting blue-green margins. Much wider margin than it's parent plant as well as having thicker substance. Light lavender flowers in midsummer. Walters Gardens / Bergeron (2009) | \$21.00 |
| <i>New</i> Dandy Lion | (L) | Hybrid of 'Green Piccrust' X 'Just So' from Bob Solberg that combines the best traits of its parents. Medium gold color; moderately corrugated; broadly ovate blade shape; good substance. Very pale lavender flowers in July. <i>Plants are 1st year TC and will be available after June 15, 2012.</i> <i>New introduction</i> Bob Solberg (NR) | \$19.00 |
| <i>New</i> Dark Secret | (G) | Specimen-type plant with blue-green foliage that displays intense corrugation at maturity; Dick and Jane Ward seedling of 'Mona Lisa'. Blue-green, becoming a shiny, dark green by late July; heavily corrugated; unruly; cupped; good substance. Pale lavender flowers bloom from late June into July on three-foot scapes. <i>Plants are 1st year TC and will be available after July 15, 2012.</i> <i>New hosta introduction.</i> Ward (2009) | \$21.00 |
| Dawes | (M) | A 'Pin Stripe Sister' seedling from Dick & Jane Ward of Columbus, Ohio. Cream-centred leaves with a wide green margin. Many lighter green streaks between the leaf centre and margin. Lavender flowers. Ward (2005) | \$20.00 <i>Sale \$16.00</i> |
| Dawn's Early Light | (M/L) | In the spring the ruffled and corrugated leaves of this popular hosta are a brilliant butter-yellow changing to a chartreuse-green in summer. Lavender flowers. Petryszyn (1998) | \$18.00 |
| Day's End | (L) | Sport of 'Daybreak' Large mound of green leaves bordered by a gold margin. Lavender flowers on 3 foot drooping scapes. Zilis (1999) | \$15.00 |
| Daybreak | (L) | One of the best main-season hostas. Large leaves start chartreuse & turn bright gold. Lavender flowers. Aden (1986) | \$13.00 |
| Deane's Dream | (M) | Hybrid of 'Blue Arrow' x 'Sea Fire' from Bob Solberg. Small medium-sized mound of red-petioled, blue-green foliage. Pale lavender flowers from mid-July into August on 20" scapes. Superb combination of blue foliage and red petioles. Solberg (2000) | \$19.00 |
| Deep Blue Sea | (L) | Seedling of 'Blue Moon' from Charlie Seaver. Very thick, corrugated, deep blue-green foliage forming a mound 21"x 60". Leaf size 10 1/2"x 8 1/2". Pale lavender flowers from late July into mid-August. Slow grower, but worth the wait! Seaver (1994) | \$15.00 |
| <i>New</i> Deep Pockets | (M) | Deeply cupped, medium to dark green foliage on a semi-upright mound. Leaves become heavily corrugated as the plant mature. Very pale lavender flowers. Hird (2005) | \$17.00 |
| <i>New</i> Deep Space Nine | (M/L) | Reversed form of 'Captain Kirk'. Medium to dark green centre surrounded by a 1/2" to 1" yellow margin; wavy; thick substance. Pale lavender flowers open on two to three-foot scapes from mid-July into August. <i>Plants are 1st year TC with June 15th availability.</i> <i>New hosta introduction.</i> Zilis (NR) | \$19.00 |
| Deja Blu | (S) | Sport of 'Blue Boy'. Blue-green foliage & yellow margins. Cream lightning-bolt pattern between the centre and margin. Pale lavender flowers. Walters Gardens / Hurd (2005) | \$16.00 <i>Sale \$11.00</i> |
| <i>New</i> Deliverance | (M) | Very unusual appearance to this gem. Elongated blue-green leaves with a creamy-yellow rippled and uneven margin that creates a striped effect. <i>Plants are 1st year TC with June 15th availability.</i> Advent (2005) | \$22.00 |
| <i>New</i> Denim Jacket | (S) | Appropriately named hybrid of 'Katie Q' X 'Thumbelina'. Deep blue-green color; moderately corrugated; good substance. Pale lavender flowers open on 18" scapes in July. <i>Plants are 1st year TC with June 15th availability.</i> <i>New hosta introduction.</i> Mullins (NR) | \$19.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|------------------------------------|-------------|---|--------------------------------|
| New Desert Mouse EU30499 | (D) | Another wonderful addition to your "Mouse Ear" collection. Creamy white leaves turn white with a blue green border. Topped with lavender flowers. Very similar to 'Pure Heart'. Supplier has limited all retailers to 5 plants only....we will be sold out by opening day in May. No club discounts applicable on this hosta. New introduction Van den top (NR) | \$30.00 |
| Designer Genes | (S) | Bright gold leaves on red petioles. Superb grower with purple flowers on crimson scapes in July. 2006 AHS Convention plant. Wrede (2005) | \$19.00 |
| Devil's Advocate | (L) | Stunning sport of 'Blue Angel'. Registered in 2007 but just introduced by Walters Gardens. Giant, upright mound of blue-green leaves with green margins. Becomes showier as the season progresses and margins brighten to light apple green. This one's sure to be popular! Walters Gardens / Bergeron (2007) | \$22.00 |
| New Devon Giant | (G) | Rare <i>sieboldiana</i> -type hosta with very shiny, rounded, dark blue-green leaves. Pale lavender flowers. Bowden (NR) | \$24.00 |
| Devon Green | (M) | Sport of 'Halcyon'. Thick, heart-shaped leaves are beautiful, deep-green variation of 'Halcyon'. Pale lavender flowers. Bowden / Ruh (2005) | \$10.00 |
| Dewed Steel | (M) | Great new introduction from Danny Van Eecheute. 'Dewed Steel' has aqua-blue leaves with a glaucous bloom. Leaves are of excellent substance and are held upright forming a vase-shaped mound. Lavender flowers. Limited availability world-wide and we only have two (2) plants available again this year. Another "must-have" for the collector. Van Eecheute (2006) | \$36.00 |
| Diamond Tiara | (M) | Rounded green leaves with a white margin, good sport of 'Golden Tiara'. Pale-purple flowers. T & Z Nursery / Zilis (1985) | \$10.00 |
| Diana Remembered | (M) | Sport of 'Seventh Heaven'. FRAGRANT! Blue-green leaves with creamy-white margins. Long tubular white flowers. Kulpa (1997) | \$16.00 |
| Dick Ward | (L) | Sport of 'Zounds'. Nearly round chartreuse-gold leaves have a dark-green, streaked margin. Corrugated & leathery with violet flowers. Hatfield (1991) | \$17.00 |
| Dixie Chickadee | (D) | A cute miniature hosta with striking contrasting variegation. Thick, waxy, lance-shaped leaves have a dark green margin and creamy yellow centre peppered with green flecks. Lightly fragrant, lavender flowers. (Avent 2007) | \$17.00 |
| Doctor Fu Manchu | (M) | Moderately rippled dark-green foliage with purple-red petioles. Medium-purple flowers produced late in the season on drooping scapes. Hard to find Hosta. Sugita / Ruh (1998) | \$30.00 |
| New Domaine de Courson | (G) | Hard to find sport of 'Lady Isobel Barnett'. Large shiny dark olive-green leaves. Lavender flowers on 45" scapes in late July. Grenfell (1996) | \$24.00 |
| Don Stevens | (M) | 'Neat Splash' hybrid with glossy green leaves with a yellowish white margin. Purple flowers. Seaver (2004) | \$10.00 |
| Dorset Blue | (S) | One of the best small blue hostas. Heart-shaped leaves, heavy corrugation & thick substance. Very pale lavender flowers. Smith (1997) | \$12.00 |
| New Dorset Blueblood | (S) | Wonderful new sport of 'Dorset Clown'. Deep-blue colour; corrugated; thick substance. Plants are 1st year TC and will be available after June 15, 2012. New introduction | \$21.00 |
| New Dorset Clown | (S) | Well-known, but hardly grown Herb Benedict cultivar descended from 'Dorset Blue'; great in the garden and as a breeding plant. Heavily streaked yellow to creamy white on a deep blue-green base; corrugated; thick substance. Very pale lavender flowers in July on 18" scapes. Benedict (NR) | \$50.00 |
| New Double D Cup | (M) | Unusual Stuart Asch introduction. Emerges a grayish-green colour and in early June starts to show variegation with a faint green margin. The border gets darker and darker as the summer progresses and the leaves begin to cup. Overall cupping increases as the plant matures. New introduction Asch (NR) | \$40.00 |
| Dragon Tails | (D) | From Zumbar. 5"x 8" This bright yellow mini is best grown in a little strong light to accentuate the tight rippling along the narrow leaf margins however, too much will bleach it white. It makes a cute little tuft of foliage with pale purple flowers in July. Zumbar (2009) | \$18.00 |
| New Dragon Warrior | (M) | Shiny new introduction from Jan Van den Top. 'Red Dragon' with a white edge. Long, pointed leaves sport a clean white border that is slightly rippled. Good grower which prefers a warm spot. Dark lavender flowers midsummer. New introduction Van den Top (NR) | \$35.00 |
| Dragon's Eye | (L) | 'Riptide' seedling from W. Lefever. 22" X 36" or more. This large hosta has frosty, undulating gray-green leaves with tall purple petioles and very waxy white leaf backs. Lavender flowers appear on waxy purple scapes in August. Good in the garden or as part of your breeding program, (sets seed). Solberg (2008) | \$21.00 |
| New Dream Maker | (L) | Rarely seen form of 'Blue Angel' which offers blue-green foliage that is heavily streaked with yellow. Thick substance. Produces near-white flowers from late June into late July. Strandberg (NR) | \$55.00 |
| Dream Queen | (L) | Tissue culture sport of 'Great Expectations' found by Jan van den Top of the Netherlands; garners attention for its combination of center variegation on a large-sized mound. Leaf center yellow early, changing to creamy white; blue-green margin, 2" to 3" wide; heavily corrugated; very broadly ovate blade shape; thick substance. Near-white flowers produced from late June into early July on 30" high, creamy scapes. van den Top (NR) | \$18.00 |
| Dream Weaver | (M) | Sport of 'Great Expectations'. Nearly round leaves have creamy-white centre & wide, blue-green border. White flowers. Ruetenik / Walek (1996) | \$16.00 |
| Dress Blues | (S) | Wedge-shaped blue leaves are enhanced by a very narrow, creamy-white margin. Lavender flowers. Zumbar (1995) | \$16.00 |
| Duke of Cornwall | (L) | A sport of 'Blue Angel' found by Barry Sligh of Taunton Gardens in New Zealand. Forms a large mound of yellow-margined, blue-green-centred foliage that is very slug resistant. Near-white flowers open on scapes topping 40" high. Sligh (NR) | \$30.00 Sale \$19.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|--|-------------|--|--------------------------------|
| Dust Devil | (M) | Reversed sport of 'Whirlwind'. Dark green centre contrasts with wide, creamy margin. Heavy corrugation. Lavender flowers. Zilis (1999) | \$18.00 |
| Dusty Waters | (M) | Newly introduced all-blue sport of 'Lakeside Cupcake' from Naylor Creek Nursery. Thick dusty-blue, heart-shaped leaves that turn a dark green later in the season. Good slug resistance as well as being a good "late season" hosta. Lavender flowers. Naylor Creek Nursery (NR) | \$15.00 |
| Eagle Spirit | (S/M) | This bright bladed cultivar has a dark green centre and wide cream to white margin that strengthens in colour as the summer progresses. Certainly a "stand-out" hosta in any hosta or mixed perennial bed. Rhizomaceous in habit, an established clump will spread outwardly more rapidly than other cultivars. Lavender flowers in midsummer. Goodwin (2003) | \$23.00 |
| Earth Angel | (L) | American Hosta Growers Association- 2009 Hosta of the Year. Sport of 'Blue Angel'. Large heart-shaped blue-green leaves have wide, creamy-white margin. Pale lavender flowers. Hansen (2002) | \$15.00 Sale \$13.00 |
| New Easy to Love | (M) | Striking, wide, creamy white margins sharply contrast the deep green centre. Pale lavender flowers in July. First time available to the public. Plants are 1st year TC and will be available after June 15, 2012. New introduction Ward (NR) | \$21.00 |
| Ebony Towers | (M) | Great introduction by Don Dean that enjoys the sun (with sufficient moisture). 'Ebony Towers' becomes a dense mound of glossy, wavy green foliage that appears to be in constant motion. Speckled red-purple petioles along with black-purple scapes of 40+'' emerge in late August with lavender flowers. Wait there's more.....giant black-purple seed pods will form after flowering (this is one hosta you do not want to cut the flower scapes off of !!). Dean (2005) | \$23.00 |
| El Capitan | (L) | Named after the mountain. Broad mound of heavily corrugated green-centred leaves with wide gold margins. Lachman (1987) | \$10.00 |
| El Dorado | (L) | Extremely rare Mildred Seaver introduction. <i>H. sieboldiana</i> type. Medium-gold, rippled foliage with thick substance. Pale lavender flowers. Seaver (NR) | \$27.00 |
| El Nino PP14,632 | (M) | Sport of 'Halcyon'. Blue leaves are outlined by a pure-white margin. Lavender flowers. Warmerdam (2003) | \$14.00 |
| Elatior (nigrescens) | (M) | Immense, vase-shaped mound of shiny green foliage. Outstanding. Near white flowers. Maekawa / Ruh (2002) | \$15.00 |
| New Elbridge Gerry | (M) | Attractive, wide, gold margins; sport of a Doug Beilstein seedling of 'Galaxy' X ('Fantastic' X 'Elatior'); named for the much-revered 5th Vice-President of the United States. Pale purple flowers open on 24" scapes in July. Zilis / Beilstein (2009) | \$22.00 |
| New Electric Blue | (L) | From the Q & Z Nursery breeding program comes this bright, light blue cultivar, combining the thick substance and durability of its pod parent (<i>H. sieboldiana</i> 'Crème de Menthe') with the good growing habits of its pod parent (a seedling of 'Marilyn' X 'Tardiflora'). Pale lavender flowers open in July. New introduction Zilis / Boyden (2009) | \$24.00 |
| Electrum Stater | (M) | White edged sport of 'Abiqua Recluse'. Changes from green-centred with a yellow margin in spring to gold-centred with a white margin as the season progresses. Great plant for those that collect seeds / hybridize. Thick substance. Very pale lavender flowers. Malloy (1997) | \$19.00 |
| Ellen | (D) | Green leaves with a blue sheen that are narrow and lance shaped. Near white flowers that are closely accumulated at the top of the bloom scape. Stone / Ruh (1987) | \$10.00 |
| Elvis Lives | (L) | Medium-sized, vase-shaped mound of blue-green rippled foliage with an excellent growth rate. Pale purple flowers. Avent (1995) | \$12.00 |
| New Emerald Charger | (M/L) | Tissue culture sport of 'Stained Glass'. Distinct appearance. Gold center with a 2" wide, bright green margin; wavy. Fragrant, pale lavender flowers open on 2-3 foot scapes in August. Plants are 1st year TC and will be available after July 15, 2012 New introduction Zilis (NR) | \$21.00 |
| Emerald Ruff Cut | (L) | Formerly sold as 'Emerald Island', but a striking plant by any name. Sharply contrasting gold-green variegation. Great in a small grouping. Pale lavender flowers. Anderson (2003) | \$18.00 |
| New addition since February 1, 2012 | | | |
| New Emerald Scepter | | Tissue culture sport of 'Golden Tiara'. Chartreuse margined with a centre that is gold early in the growing season turning creamy white, especially in bright light; ovate blade shape. Pale purple flowers produced on 24" scapes from mid-July into early August. Zilis (2003) | \$13.00 |
| Emerald Tiara | (S) | Reverse sport of 'Golden Tiara'. Fast growing, dense mound of gold-centred, green margined foliage. Purple flowers. Walters Gardens (1988) | \$10.00 |
| Emily Dickinson | (M) | FRAGRANT! Medium-sized mound of green leaves with creamy-white margins. Medium-purple, fragrant flowers. Lachman (1987) | \$16.00 |
| Empress Wu PPAF CPBRAE | (G) | Grab the "Empress" while you can !!! One of the largest hostas available. Makes a tremendous focal point ! Huge, thick, dark green, deeply veined leaves form a massive upright mound. Pale reddish violet flowers. Plant in strong morning sun for the fastest growth rate. OUR TOP SELLING HOSTA IN 2009 & 2010 & 2011!!! Skaggs (2008) | \$20.00 |
| New addition since February 1, 2012 | | | |
| New Enduring Beacon | (M) | Glowing yellow, glossy foliage emerges in spring atop red petioles forming a 15" x 32" symmetrical mound which jumps out from across the garden. The brightness endures throughout the season and is topped off with saturated red flower scapes carrying lavender flowers midseason. Dean (2009) | \$25.00 |
| Back in stock English Sunrise | (M) | Sport of 'June'. All-yellow leafed version of 'June' that turns chartreuse towards summer. Lavender flowers. Zilis / Toman (2003) | \$16.00 |
| Enterprise | (M) | Sport of 'Captain Kirk'. Features creamy white centre with a green margin. Lavender flowers. Zilis (2009) | \$17.00 |
| Erie Magic | (M/L) | Reversed T/C sport of 'Midwest Magic'. Gold margin with a light-green centre. Pale lavender flowers in July. Zilis (1999) | \$15.00 |
| Eskimo Pie | (M) | Bluish-green to green margins with a centre that starts out as a creamy-white and then changes to a greenish-white during the season. Registered as forming a 22" high mound but rarely exceeds 11". Near white flowers. Walters Gardens (2004) | \$16.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|---|-------|---|------------|
| New Espresso | (M) | Hybrid of 'Aqua Velva' X Hosta rupifraga. Offers a deeply saturated, dark green foliage color, plus purple flowers late in the growing. Plants are 1st year TC and will be available after June 15, 2012. New introduction. Zilis / Vanous (2009) | \$21.00 |
| Essence of Summer | (L) | Possibly a teraploid form of 'Warwick Edge'. Broad, blue-green leaves. Very fragrant near-white flowers. Wonderful grower. Van den Top / Fransen / Van Eechaute (2004) | \$20.00 |
| Eternal Flame | (M) | Sport of 'Whirlwind'. Differs in that the centre variegation holds its colour better and longer. Lavender flowers. Hansen / Shady Oaks (1999) | \$16.00 |
| Everlasting Love | (M) | Medium sized mound of green leaves with a creamy-white margin. Excellent grower and a great hosta for a "memorial" or "couples" garden. Johnson (2004) | \$16.00 |
| New Exotic Presentation | (M) | From Ron Livingston comes a hosta that will surely stand out in any garden it's planted. Graceful, dark green leaves start with a yellow border that later turns to a creamy-white. The leaves are held upright creating a dense vase-shaped clump. Lavender flowers. New introduction Livingston (NR) | \$31.00 |
| Extasy PPAF | (S) | Introduced in 2008 by Walters Gardens but still rare. Small mound of blue-green margined foliage, white centre. Lavender flowers in late summer. Hansen (2007) | \$20.00 |
| New Eye Catcher | (M) | The name says it all !!! This beauty stands out in the Spring garden...it is truly viridescent. Vigorous grower with leaves that are cupped and corrugated. Best grown in the sun in order to maintain the plant's interesting gold hue. Purple flowers. Goodwin (1996) | \$18.00 |
| Eye Declare PP 18466 | (M) | A sport of 'Sea Fire'. Glowing yellow leaves emerge with a deep green margin in spring. The centre greens up a bit in summer. Lavender flowers. A simply stunning plant.....a show stopper in our display garden !! Walters Gardens / Bergeron (2005) | \$18.00 |
| New addition since February 1, 2012. New Hosta Introduction. | | | |
| New Faded Genes | (M) | An all blue form of 'Fickle Blue Genes', upright growth habit. Expected growth of 18" H x 39" W. Pale lavender flowers. Silvers (2011) | \$25.00 |
| Faith | (M) | Hybrid of 'Evening Magic' X 'Big Daddy'. Striking mound of beautifully puckered, bright gold foliage. Near white flowers. Dean (1999) | \$19.00 |
| Faithful Heart | (S) | Green-edged sport of 'Cheatin Heart'. Only 10" tall. Gold centre and green margin. Pale purple flowers. Brill (1999) | \$15.00 |
| New Fall Bouquet | (M) | This is one hosta that you grow for the flowers !!! Shiny, dark-green leaves with purple-red dotted petioles with the dotting extending into the midrib of the leaf blade. For a good portion of September a mature plant maybe topped with more than twenty scapes each bearing fifty or more flowers !!! A mass planting of 'Fall Bouquet' creates a spectacular late-season display. Aden (1986) | \$13.00 |
| New Fall Dazzler | (S) | Purchased in Japan as a wild-collected form of Hosta longipes 'Urajiro Iwa', though that parentage is questionable; notable for its mound habit and variegated foliage, but ranks as one of the best hostas for its profusion of late-season flowers. Medium green center with a 1/8" wide, pure white margin; wavy. deep purple flowers open on foot-high scapes from late September into late October. Plants are 1st year TC and will be available after July 15, 2012. New hosta introduction. Japan / Zilis (2009) | \$21.00 |
| Fan Dance | (M/L) | Vivid, gold centred foliage that starts the season light gold and progresses to a creamy yellow. Leaf blade is ovate-shaped and slightly corrugated. Light purple flowers. Benedict (1987) | \$12.00 |
| Fantabulous | (M) | Elongated, triangular shaped leaves that have a bright green centre and very wide, impressive creamy-white margin. Lavender flowers. Elslager (1999) | \$15.00 |
| Fantasy Island | (S) | Sport of 'Island Charm'. Has a much wider dark-green margin, which makes it a better grower. Pale purple flowers. Solberg (2002) | \$15.00 |
| Fat Cat | (G) | Sagaes' seedling by D. & J. Ward 1996. 29"x 60" A large yellow-gold hosta is always impressive, just like a large sleeping fat yellow cat. This hosta has large almost round deep yellow leaves that have some nice quilting at maturity. The near white flowers bloom in June. Ward (1996) | \$20.00 |
| Feng Shui | (M) | Originated as a sport of 'Yin', which came out of Jim Wilkins' richly colored 'Maize and Blue'. Incredibly thick-substanced blue beauty. Lavender flowers. This is one really "sweet" hosta !!! We didn't think much of it when we first got 'Feng Shui' in early 2009 but wow were we wrong !!! We are looking forward to watching this excellent hosta mature in our display garden. A must have hosta. Zilis / Vanous (2009) | \$20.00 |
| Fiesta | (M) | Pin Stripe Sister' x 'Maekawa'. Chartreuse centre & narrow, white margin. Pale purple flowers. Elslager (1999) | \$19.00 |
| Final Summation | (L) | Dark green-margined, gold centered sport of 'Sum and Substance'. Pale lavender flowers in August. Solberg (2008) | \$23.00 |
| Fingerprint | (L) | Ever-changing sport of 'Paul's Glory' with no two leaves quite being the same. Deep green line divides the leaf centre and leaf margin, creating an interesting "watermark" effect. Foliage changes from greenish in the centre with a gold edge to gold in the centre with a light green margin. Fast grower. Zilis (2009) | \$50.00 |
| Fire and Ice | (S) | Sport of 'Patriot'. This beloved hosta has pure-white centres, contrasting with deep-green margins. Lavender flowers. Hansen / Shady Oaks (1999) | \$15.00 |
| Fire Island | (M) | Gleaming gold in early spring together with red petioles! Colour greens up but worth it for the spring colour. Lavender flowers. Brincka (1998) | \$17.00 |
| New Fired Up | (M) | "Simply spectacular" has been the initial reaction to this plant by anyone who has seen it. Blue-green with numerous white streaks throughout the leaf center; 1/4" wide white margin; good substance. Variegation has held up well over the years this plant was in "trial". Pale purple flowers produced from late July into early August on 20-24" scapes. Limited release. Plants are 1st year TC and will be available July 15, 2012 (possibly earlier). New introduction. Zilis (NR) | \$45.00 |
| New Firefly | (M) | Dick and Jane Ward 'Pin Stripe' seedling that forms a dense mound of white-edged foliage; great for the front of the shaded border. Medium green center with a creamy yellow to white margin; wavy. Pale purple flowers bloom in July on 27" scapes. New introduction (registered in 1996 but never released for sale). Ward (1996) | \$23.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|---|-------------|---|--------------------------------|
| Fireworks PP 16062 | (S) | A sport of 'Loyalist'. A unique hosta perfect for containers. Stiff, narrow, upright leaves of heavy substance are creamy white with deep green, jetting margins. Light lavender flowers. Walters Gardens (2001) | \$17.00 |
| American Hosta Growers Association- 2010 Hosta of the Year | | | |
| First Frost | (M) | Creamy-margined sport of 'Halcyon'. Changes from blue centre with gold margin to a dark green centre with a creamy white margin. Pale-purple blooms in late July to early August. Scolnik / Solberg (2002) | \$15.00 |
| First Mate | (S) | A tetraploid sport of 'Kabitan' with improved vigor, more pronounced variegation, and a more upright habit. Long, narrow leaves have dark green, heavily rippled margins and a gold centre that lightens to a cream. Lavender flowers. Machen (2003) | \$17.00 |
| Flapjack | (M/L) | Bill & Eleanor Lachman hybrid combining the best traits of 'Christmas Tree' with 'Donahue Piecrust'; rarely seen and unusual. Medium green centre with a rippled, 1/4" to 1/2" wide, white margin; moderately corrugated at maturity; ovate-shaped leaf blade. Lachman (2009) | \$20.00 |
| <i>New</i> Fleet Week | (L) | Large, large, upright mounding blue with gracefully rippling edge 'Niagara Falls' hybrid is fast growing with excellent substance. Pale lavender fertile flowers. New introduction Scheer (NR) | \$22.00 |
| <i>New</i> Flemish Angel | (L) | With 'Blue Angel' in it's lineage this variegated hosta starts out the season with large blue-green leaves and a pale yellow border. The border changes to white later in the season. 'Flemish Angel' can take alot of morning sun without burning. White flowers. New introduction Van Eechaute (2009) | \$30.00 |
| <i>Back in stock</i> Flemish Gold | (M) | Recently registered cultivar from Danny Van Eechaute of Belgium. Medium mound of nicely rippled, smooth bright-gold foliage that is held in an upright manner. Near-white flowers in midsummer. Van Eechaute (2006) | \$22.00 |
| Flemish Sky | (M) | Soft blue leaves with a wavy margin are slightly cupped. Plant is of good vigor and thick substance. Pale lavender flowers. Van Eechaute (2004) | \$16.00 |
| Floradora | (M) | Dense, medium-sized mound of green foliage with nice sized lavender flowers in July. Aden (1978) | \$10.00 |
| <i>New</i> Floratini | (S) | Mark Zilis' hybrid of 'Pilgrim' X 'Shining Tot' which produces an outstanding show of purple flowers. Bluish green foliage, changing to green during the season. Purple flowers on foot-high scapes in August. New introduction Zilis (2009) | \$21.00 |
| <i>New</i> Fluted Fountain | (L) | Semi-upright mound of medium green foliage that is heavily rippled and has deeply impressed veins and a sharp, twisted tip. Strong erect scapes are in proportion to the plant and hold a wonderful display of near-white flowers accented by bracts with rose-red centres. Excellent hosta for a wide range of light conditions. Dean (1999) | \$25.00 Sale \$18.00 |
| Forbidden Fruit PPAF | (M) | This stunning new hosta is the fully tetraploid form of H. 'Orange Marmalade'. Thick leaves have glowing yellow-orange centers set off by a wide blue-green border and can be seen from across the garden. Proving to be a vigorous grower that will be topped with lavender flowers. New introduction Fransen (2010) | \$32.00 |
| Forest Fireworks | (M) | White-margined with a centre that changes from gold to light green during the season. Leaves are slightly wavy. Very pale purple flowers in early July. Goodwin (2000) | \$18.00 |
| Formal Attire | (L) | Large mound of green foliage with lovely, very wide creamy-white margins. Pale lavender flowers. Vaughn (1988) | \$10.00 |
| Fort Knox | (M) | Gold Regal' x 'Aspen Gold'. Large mound of light-gold leaves. Lavender flowers. Wilkins (1989) | \$15.00 |
| Fortunei Albopicta | (L) | Large mound of slightly wavy, smooth textured foliage. Leaves start the growing season with a gold centre but eventually turn all green by mid-June. Because of its vigorous growth habit this cultivar is excellent for mass planting on a hillside or large garden area. Pale lavender flowers. Hylander / AHS (1987) | \$10.00 |
| Fortunei Aureomarginata | (M) | CLASSIC! Deep-green leaves with bright golden borders. Pale lavender flowers. Hylander / AHS (1987) | \$10.00 |
| Fortunei Gigantea | (L) | A truly gigantic hosta! Leaves are dark green above, with a matt green, smooth finish below. Leaf margins are wavy. Leaves have a puckered texture. Pale lavender flowers. Bailey / AHS (1987) | \$11.00 |
| Fortunei Hyacinthina | (L) | Long-standing cultivar. A mature clump can reach 23"x 55". Foliage starts out a bluish-green but goes fully green by early summer. Slight marginal waviness and better than average substance. Narrow funnel-shaped, pale lavender flowers. One of the most widely used hostas for landscaping purposes because of its superior growth rate and overall durability. Hylander / AHS (1987) | \$10.00 |
| Fountain of Youth | (S) | Sport of 'Green Fountain'. Green leaves are elongated, heavily rippled, shiny & white-edged. Vase-shaped mound. Malloy (2003) | \$19.00 |
| Fourteen Carats | (M) | This exquisite new introduction is the all gold form of 'George Smith' developed in Europe by Marco Fransen. Wonderful yellow-gold leaves have great substance and form a beautiful clump topped with near-white flowers. New introduction Fransen (NR) | \$16.00 |
| <i>New</i> Foxfire Palm Sunday PPAF | | 'Independence Day' seedling. Unique "palm leaf" variegation pattern within the leaf. Vigorous growth and intense rubbery leaf texture. Our display garden plant was planted out as a "liner" in the mid-summer of 2010 and already is a good size plant that attracts attention. The plants that we have available are overwintered 1st year TC stock and will be ready in mid-June. Schulte (2009) | \$35.00 |
| <i>New</i> Foxfire Petticoat Junction | (M) | A medium mound of apple green foliage with undulating edges to the cordate leaves. Very elegant form on this very rare hosta. Schulte (NR) | \$25.00 |
| Fragrant Blue | (S) | FRAGRANT! One of the very few blue-leaved hostas with fragrance! Pale lavender flowers. Arden (1988) | \$12.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|-------------------------------------|-------------|---|---------------------------|
| New Fragrant Blue Ribbons | (M) | Wonderful new sport of 'Fragrant Blue' with intense powdery blue-green leaves with a variable white border that jets towards the centre and is apparent when the plant emerges. There is some lighter gray streaking along the inner veins and as the season progresses the leaf centre will turn gray-green. Long and fragrant lavender buds open to near-white flowers. Beikmann (2007) | \$25.00 |
| Fragrant Bouquet | (M) | American Hosta Growers Association- 1998 Hosta of the Year. FRAGRANT! Fast-growing hosta. Leaves are pale-green in centre with creamy border. Pale lavender flowers. Aden (1982) | \$12.00 |
| Fragrant Dream | (L) | Sport of 'Fragrant Bouquet'. Differs from that hosta by having a much darker green centre. Pale lavender flowers. Fransen (NR) | \$15.00 |
| Fragrant Fire | (L) | Variegated sport of 'Old Faithful'. FRAGRANT! Glossy, green leaves & yellow margins. Reddish scapes & petioles. White flowers. van den Top (NR) | \$15.00 |
| Fragrant King | (L) | Sport of 'Fried Green Tomatoes. FRAGRANT! Dark-green leaves with a uniform white edge. Lavender flowers. van den Top (NR) | \$16.00 |
| Fragrant Queen PP19508 | (M) | Elongated heart-shaped leaves with a wide creamy to pure white margin and a dark green centre. Fast growth rate and exhibits some sun tolerance with sufficient moisture. Large, fragrant, flashy near-white to light lavender flowers in late summer. van den Top / Eechaute (2008) | \$22.00 |
| Fragrant Surprise | (M/L) | Sport of 'Sweetie' developed by Jan van den Top and introduced by Naylor Creek Nursery in 2004. Differs from its mother plant in that it has a darker green centre (with a white margin). Fragrant lavender flowers in August. Still fairly uncommon with limited availability according to Hosta Guru- Mark Zilis. van den Top (NR) | \$20.00 |
| New Fran Godfrey | (G) | New 'Sum and Substance' sport from Great Britain. Yellowish-green leaves are surrounded by a dark green border that appears midsummer. Lavender flowers on 4' spikes. Ford / Park Green Nurseries (2004) | \$25.00 |
| Francee | (M) | Wide low mound of deep-green leaves with narrow, precise, pure-white margin. Lavender flowers. Klopping / AHS (1986) | \$10.00 |
| Frances Williams | (L) | Sport of <i>H. sieboldiana</i> a 'Elegans'. Beloved classic hosta. Large, corrugated blue-green leaves & wide gold border. White flowers. Williams / Williams (1986) | \$10.00 |
| Frank Lloyd Wright | (L) | Unbelievable new introduction by Rick Goodenough. Large steel-blue leaves that are wonderfully wavy and come to a tapered point that turns downward. Leaves are held horizontally atop strong petioles creating an amazing vase-shaped clump. Near-white flowers in July. Plants offered are 2nd year to plants that are not huge but are well rooted for easy establishing in your garden. A "must" hosta for the collector !!! Limited availability so order this one early !! New introduction Goodenough (NR) | \$45.00 |
| French Quarter | (M) | Sport of 'Cajun Sunrise'. Gold in spring, developing into a rich orange-gold. Good substance with a medium growth rate. Pale lavender flowers. Zilis / Boyden (2009) | \$20.00 |
| Friar Tuck | (G) | The leaves are green-centred with wide chartreuse margin. Good substance. Lavender flowers in August. Schwarz (2000) | \$22.00 |
| Fried Bananas | (L) | This is the all-gold variation of 'Guacamole. FRAGRANT! Very fast-growing, glossy chartreuse-gold leaves. White flowers. Solberg (1994) | \$12.00 |
| Fried Green Tomatoes | (L) | Green-leaved sport of 'Guacamole'. FRAGRANT! Vigorous grower. Great for garden or containers. Pale lavender flowers. Solberg (1995) | \$11.00 |
| Friends | (S) | 'Spritzer' seedling by B. Scott, G. R. Goodwin 2007. 6"x 15" A very friendly little hosta that has pretty wavy and slightly twisted, narrow yellow leaves. A fast growing hosta that has bright lavender flowers in August. The perfect "pass along hosta". Scott / Goodwin (2007) | \$14.00 |
| Fringe Benefit | (M) | Grey-green leaves with a creamy margin. Lavender flowers. Aden (NR) | \$10.00 |
| New Frisian Pride | (M) | Wow...what a super new hosta introduction !! Long yellow-gold leaves reach upward, outward and backdown to the ground creating a dense mound that you will be able to notice from across your yard. The edges of the leaves are rippled from the petioles down to a long pointed tip. Best colour is obtained if the plant gets some late afternoon sun. Pale lavender flowers perfectly contrast the golden leaves. Note: These are young TC plants Aukema (NR) | Sorry Sold Out |
| Frost Giant | (L/G) | 'Galaxy' seedling from W. Lefever, Solberg 2008. 28"x 66" or more. Big blue-green, sturdy leaves that have a bright yellow margin that becomes cream in late summer make this a very stately hosta. Straight scapes produce near white flowers in June. A nice addition for that big hole in the back of the bed. Lefever / Solberg (2008) | \$23.00 |
| New Frosted Dimples | (M) | Heart-shaped, thick, blue leaves with a narrow gold border and pebbled surface. Near-white flowers. Dean (1999) | \$15.00 |
| New Frosted Frolic | (S) | Adorable small hosta with thick, semi-round blue-green leaves that have a wide creamy-yellow margin that has some streaking. Lavender flowers. Livingston (NR) | \$16.00 |
| Frosted Jade | (M) | <i>H. montana</i> hybrid. The gray-green leaves are smooth & heart-shaped and have pure-white narrow border. White flowers. Maroushek (1978) | \$15.00 |
| New Frosted Mini Hearts | (D) | Hybrid of 'Korean Snow' X 'Faithful Heart' developed by Joy Mullins; unusual combination of misted variegation and a miniature mound size; good grower; perfect for containers. 1/8" wide green margin surrounds a misted green and white center (brightest in April-May-June); shiny; slightly wavy. Pale purple flowers produced on 12" scapes from July 18 to 30. Plants are 1st year TC and will be available after July 15, 2012 (or earlier). New hosta introduction Mullins (NR) | \$23.00 |
| Frosted Mouse Ears | (S) | Tissue culture sport out of 'Royal Mouse Ears' developed at Q&Z Nurseries. Wide creamy white border, bluish-green centre. Premier dwarf hosta. Zilis / Deckert (2006) | \$19.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|--|-------------|--|-----------------------|
| Frosty Morn | (M) | Seedling of <i>H. rupifraga</i> from top hybridizers Bill & Eleanor Lachman. Rich gold foliage forms a mound 16"x 38" Leaves are wavy, cupped and corrugated. Near-white flowers from mid-July into August. GREAT COLOR, SUBSTANCE, and FLOWERING. Lachman (1993) | \$20.00 |
| New addition since January 1, 2012 | | | |
| New Frozen Margarita | (L) | Medium-large, a sport of Fried Bananas, large textured chartreuse leaves with irregular creamy white edges, fragrant lavender flowers bloom mid-summer, excellent vigor and maintains good color throughout summer. Solberg (2003) | \$19.00 |
| New Fruit Punch | (M) | A hosta that has something to "show-off" from spring until late summer. In spring watermelon petioles hold bright lemon-yellow leaves that are edged in a blackberry tone. As time advances the leaves turn wavy and change to a kiwi-green color. In August, saturated strawberry colored scapes are topped with grape-purple flowers. Excellent grower but prefers moderate shade to shade. Dean (1999) | \$21.00 |
| Fujibotan | (S) | DOUBLE FLOWERS! Green-leaved hosta produces large numbers of double-petaled lavender flowers on tall stems. Gotemba Nursery (NR) | \$15.00 |
| New Funky Monkey | (M) | Wonderful medium sized hosta that emerges chartreuse with long, deep-black petioles, the colour extending high into the leaf veins on the undersides. The petiole colour is not hidden completely by the leaves so the rich colouring is noticeable. As the season advances some leaves turn all gold, some leaf centers turn gold and the edges deepen to a lustrous green, however the irregular borders are unlike any typical variegation. Shiny, good substance, good sun tolerance and excellent growth rate. Flowers are deeply coloured and fertile....creates exiting off-spring. Scheer (NR) | \$25.00 |
| Back in stock Funny Mouse | (D) | Another new "Mouse" introduction from Marco Fransen. 'Funny Mouse' is the reverse variegation of 'Snow Mouse'....last year's best selling introduction. 'Funny Mouse' has a fairly wide clear-white (not creamy) border that off-sets wonderfully the plants blue-green center. Perfectly proportioned lavender flowers. New introduction Fransen (NR) | \$25.00 |
| Fuzzy Dice | (M) | Sport of Ed Elslager's 'Blue Suede Shoes'; represents the color of blue that Ed attempted to breed into his many introductions. Pale lavender flowers on 20" scapes from mid-July into August. Zilis / Vanous (2009) | \$24.00 |
| Garden Party | (L) | The large leaves of 'Garden Party' are gold-centred with a green edge. Splendid veining and near white flowers. Zilis / Solberg (2002) | \$20.00 |
| Geisha Satin Ripples | (M) | This is a new green form of 'Geisha'. Shiny green leaves with rippled margin, long curved tip. Purple flowers. Brill (NR) | \$20.00 |
| Gemstone | (S) | Tony Avent hybrid of <i>H. venusta</i> x 'Dorset Blue'. Small mound of thick, blue-green foliage. Pale purple flowers on 20" scapes from late July into August. Outstanding blue-leaved hosta that will surely stand out at the edge of any garden bed. Avent (2005) | \$23.00 |
| Gentle Giant | (G) | This recently introduced cultivar "flew out our doors" so fast last year that we decided to add it in as a "New" offering for us this year. The best way to describe this giant mound of vase-shaped' blue-green foliage is "AWESOME!". Not only can this hosta reach 42" in height it also has corrugated, cupped AND twisted foliage. Leaves can reach 13" long x 12" wide. Lavender flower June/July. A must-have for anyone who loves GIANT hostas !!! Black (2005) | \$29.00 |
| New Gentle Spirit | (S) | Narrow white edge neatly accents the shiny, dark green center; sport of Hosta yingeri; subtle, but striking variegation. Smooth texture; wavy; good substance. Spider-shaped, medium purple flowers from late August into September on 18" scapes. Zilis (2009) | \$29.00 |
| George M. Dallas | (L) | Sport of a Doug Beilstein hybrid of 'Gold Crown' STREAKED x 'Green Sheen'. Gold margins offer a sharp contrast to the dark green centre of each 8" x 6" leaf. Forms a 20" x 40" mound. Great substance with lavender flowers from July into August. Beilstein / Zilis (2009) | \$18.00 |
| New addition since February 1, 2012 | | | |
| Georgia Sweetheart | (M) | Sport of H. American Sweetheart, deep gold center fading to cream by summer, another great introduction. Plant will mature to 14" high by 28" W. Anderson (2002) | \$20.00 |
| New Gila River | (S) | Gold center with a creamy white, heavily rippled margin; narrow blade shape. Pale purple flowers in July. Malloy (NR) | \$21.00 |
| Ginko Craig | (M) | Narrow, deep green leaves with white, irregular margins. Forms a low, dense mound of foliage. Ideal for use as edging or in containers. Medium purple flowers. Tolerates morning sun very well. Craig / AHS (1986) | \$10.00 |
| Ginrei (montana) | (L) | Unusual <i>H. montana</i> sport with a mottled green and white margin. Found near Mt. Fuji in Japan by the Watanabe family. Very pale lavender flowers. | \$21.00 |
| Ginsu Knife | (M) | Popular hosta with heavily rippled, twisted and serrated creamy margined leaves. Forms a fountain-shaped mound with white fragrant flowers. Solberg (2002) | \$20.00 |
| New addition since February 1, 2012 | | | |
| New Glad Tidings | (M) | An all yellow form of 'Glad Rags', beautiful yellow foliage all season long. Mature size of 14" H x 20" W. Silvers (2009) | \$29.00 |
| Glockenspiel | (M) | Medium green hosta with very pointed leaves. Leaves have rippled, distinctive edges. Klose / Ruh (2008) | \$10.00 |
| Glorious | (S) | Hybrid of 'Raspberry Sorbet' from Ron Livingston and introduced in 2008 by Naylor Creek Nursery. Although small and graceful it is a fast growing hosta with thick, smooth, bright shiny undulating leaves that will turn a brilliant yellow if placed with good morning sun. The base of each flower bud, as well as the scapes, are a brilliant red. Lavender flowers are followed by purplish-red seed pods. STUNNING ! Livingston (NR) | \$20.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|--|-------------|---|--------------------------------|
| Glory | (M) | 'August Moon' seedling. Rippled leaves start out chartreuse & then turn bright yellow. Purple flowers. Savory (1985) | \$12.00 |
| Glory Hallelujah | (L) | Sport of 'Paul's Glory'. Gold margined with a blue-green centre. Similiar to other reverse sports of 'Paul's Glory' ('Peter Ruh') but 'Glory Hallelujah' has a darker-green centre colouring. Pale lavender flowers in July. Hansen (2007) | \$18.00 |
| Going for Gold | (M/L) | New tissue culture sport of 'Lakeside Contender' by Q & Z Nursery. Chartreuse centre with a gold margin. Foliage is corrugated, wavy and produces pale lavender flowers. Zilis (NR) | \$20.00 |
| Gold Vision | (L) | Mark Zilis' 2009 hybrid of 'Gold Regal' X 'Blue Vision' selected for its bright foliage color and good growth rate. Pale lavender flowers open on 30" scapes in July. Zilis (2009) | \$24.00 |
| Goldbrook Glory | (M/L) | This great new sport of 'Zounds' comes from Sandra Bond of Britain. Leaves are dark-green with a creamy border that will eventually turn white. Great substance and superb grower. Lavender flowers. Bond (NR) | \$22.00 |
| New Golden Ballerina | (M) | Dense, medium sized mound of chartreuse foliage turning to a medium-gold as the season progresses. Slightly cupped, corrugated and wavy. Excellent specimen, ground cover, or edger. Medium purple flowers. Landis / Squires / Ruh (1998) | \$12.00 |
| Golden Goal | (M) | Outstanding 'Glory' seedling. Developed by Q & Z Nurseries. Unruly, thick, bright gold foliage. Pale purple flowers. Zilis / Beilstein (2006) | \$20.00 |
| Golden Meadows PPAF | (M) | Sport of <i>H. sieboldiana</i> 'Elegans'. The leaf colouring of 'Golden Meadows' is outstanding with light-green centres and dark-green margins. Between these two colours are light green streaks. White flowers. van Elderen (NR) | \$17.00 |
| Golden Teacup | (S) | ('Aspen Gold' x 'Gold Regal') Thick cupped leaf which starts bright yellow and turns to yellow-green. White flowers. Wilkins (1989) | \$15.00 |
| Golden Tiara | (S) | Very fast-growing edger! Small heart-shaped green leaves develop golden margins. Purple flowers. Savory (1977) | \$10.00 |
| Golden Tusk | (L) | Sport of 'Wooly Mammoth'. This is the all-gold version. bright colour & thick substance. Corrugated. Near-white flowers. Zilis (2004) | \$16.00 |
| Golden Waffles | | Very heavily corrugated mound of bright gold foliage with slightly cupped leaves. Thick-substance. Open funnel-shaped lavender flowers. Plants are 2nd year TC and will be available after June 15, 2012 Aden (1976) | \$14.00 |
| Goober | (S) | All green sport of 'Peanut'. Dark green leaves are heavily corrugated and twisted. Purple flowers. Zilis (2009) | \$14.00 Sale \$11.00 |
| Goodness Gracious PPAF | (L) | New sport of 'Satisfaction' with much showier, wider margins. Wide spreading clump of green heart-shaped leaves that are deeply veined and have a very wide, yellow margin. Light lavender flowers. Bergeron / Walters Garden (2009) | \$20.00 |
| Gothic Charm | (L) | Sport of 'Gold Crown' Streaked X 'Green Sheen'; original seedling hybridized by Doug Beilstein, mutation developed by Mark Zilis of Q & Z Nursery. Dark green foliage; thick-substance. Lavender flowers bloom in July into August. Beilstein / Zilis / Vanous (2009) | \$19.00 |
| Granary Gold | (M) | Golden pointed leaves holding well into season before turning chartreuse. Lavender blooms. Smith / BHHS (1988) | \$10.00 |
| Grand Marquee PP 15961 | (M) | Chartreuse centre becomes creamy with morning light. Very wide blue-green margins. Corrugation. Pale lavender flowers. Laviana / Malloy (2001) | \$18.00 |
| Grand Master | (M) | Dark-green, corrugated leaves have narrow creamy margin. Lavender flowers. Aden (1986) | \$11.00 |
| Grand Prize | (M) | A sport of the popular 'Grand Tiara'. Green leaves have very wide, bright gold margins that lighten to cream in the summer. Dark purple flowers. Walters Gardens (1998) | \$14.00 |
| Grand Rapids | (M) | Medium size mound of grey-green leaves with a piecrust margin. Stunning purple petioles and lavender flowers held on purple scapes. This one's a winner ! Linneman (NR) | \$22.00 |
| Grand Slam | (M) | Thick, glossy heart-shaped leaves are heavily ruffled and have red petioles. Lavender flowers in fall. Benedict / Gowen (1990) | \$15.00 |
| Grand Tiara | (M) | Wide mound of dark-green centred leaves with a 1" wide chartreuse to gold margin. Good substance, slightly wavy leaves with maturity. Purple flowers. Pollack (1991) | \$10.00 |
| Grand Total | (G) | Great substance and huge green leaves are a couple of the traits to this 'Sum & Substance' sport. Pale lavender flowers. Zilis (2003) | \$19.00 |
| Great Arrival | (M) | Reversed form of 'Great Expectations'. Blue-green centre & creamy-white margin. Near-white flowers. Zilis / Summers (2003) | \$16.00 |
| Back in stock Great Escape PP19003 | (M) | 'Halcyon' sport. Differs from 'Halcyon' in that the 'Great Escape' leaf has a blue-green centre and a wide creamy-white margin that appears early in the season. Pale lavender flowers. van den Top (2006) | \$18.00 |
| Great Expectations | (M) | Creamy white centre with blue-green margins. Slug-resistant. Slow growth but worth the wait! Near-white flowers. Aden (1988) | \$14.00 |
| Great Lakes Gold | (L) | A big golden PIECRUST hosta !! Large, upright mound with bright golden rippled leaves. Pale lavender flowers. Ward (2000) | \$18.00 |
| Grecian Vase | (M) | 18" x 53" mound of chartreuse foliage. Leaf size 10" x 8" Fast growing ground cover of unusual origins. Schwarz (NR) | \$20.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|------------------------------|-------------|---|-------------------|
| Green Aspen | (L) | Rare. Moderately cupped, heavily corrugated foliage that is bluish green early in the season gradually changing to dark green by early summer. Near-white flowers in dense clusters. Owens (1986) | \$14.00 |
| New Green Cheese | (M) | Green-leaved sport of Wyatt Lefever's 'Lime Smoothie', a 'Galaxy' seedling developed by Q & Z Nursery. Green pointed, medium to dark green foliage. Produces lavender flowers in early summer on two-foot scapes. Zillis / Vanous (2009) | \$15.00 |
| Green Flash | (L) | Sport of 'Ogon Tachi' forming a distinctly upright mound of dark green leaves with a chartreuse to gold margin. Plant size is 20" x 39" with purple flowers on scapes exceeding 48" at maturity. Fast growth rate. Zillis / Vanous (2009) | \$37.00 |
| Green Gold | (M) | Deep-green leaves with yellow-creamy border. Sun-tolerant. Pale lavender flowers. Mack / Savory / AHS (1986) | \$10.00 |
| Green Lama | (S) | Sport of 'Island Charm'. Small green leaves but also features PURPLE PETIOLES & SCAPES. Lavender Flowers. Malloy (2000) | \$11.00 |
| Green Mouse Ears | (D) | Sport of 'Blue Mouse Ears' Only 5" tall. Nearly round, small, cupped, very thick, green leaves. Pale purple flowers. Deckert (2004) | \$14.00 |
| New Green Picrust | (G) | Large flowing mound of dark-green, heavily rippled "piecrusted" foliage. Very pale lavender flowers. Williams (1986) | \$14.00 |
| New Green Sparkler | (S) | Tissue culture sport of 'Sparkle' from Q&Z Nurseries that becomes a small mound of shiny, dark green foliage. Wonderful fuschia-like purple flowers on two-foot scapes from late August into September Buy this one for the wonderful flower show !!! New Introduction Zillis (NR) | \$16.00 |
| Grover Cleveland | (L) | Selected from seedlings obtained from Japan by Peter Ruh. Large, semi-upright mound of rich, blue-green foliage that is cupped, corrugated, and thick substanced. Very pale lavender flowers on 30" scapes from late June into July. Named for the 22nd & 24th U.S. President. Excellent background or centrepiece plant. Rarely seen in Hosta collections. Sugita / Ruh (2001) | \$30.00 |
| Grunspecht | (M) | Rare. This German introduction has been around for some time but has just recently become available in North America. Of the Tardiana group, this hosta has very thick, shiny dark green leaves. Similar to 'Devon Green' but with thicker, waxy leaves that are more spade-shaped than those of 'Devon Green'. Klose / Ruh (2003) | \$25.00 |
| Guacamole | (L) | American Hosta Growers Association- 2002 Hosta of the Year. Sport of 'Fragrant Bouquet'. A huge favourite! Very fast-growing. Gold-centred leaves have green margins. Near-white flowers. FRAGRANT! Solberg (1994) | \$13.00 |
| Guardian Angel | (G) | This sport of 'Blue Angel' has large, thick, blue-green leaves with a white centre in spring. By late spring unique green misting appears over the white centre. Makes a great specimen. Light lavender flowers. Thompson (1995) | \$21.00 |
| Gum Drop | (M) | Sport of 'Gold Drop'. Medium-sized mound of dense green foliage that is slightly-cupped and slightly corrugated. Lots of lavender flowers. Englerth / Ruh (1987) | \$10.00 |
| Gunsmoke | (G) | Elongated, heart-shaped leaves are metallic-blue in colour. Prominent veins with a ruffled edge. Lavender flowers. Herold (2000) | \$16.00 |
| Gypsy Rose | (M) | Sport of 'Striptease'. Smaller than 'Striptease' but its centre is creamy-yellow rather than white. Lavender flowers. Anderson (2003) | \$16.00 |
| Hacksaw | (S) | Deviating from the traditional leaf shape in hostas, 'Hacksaw' displays long, tapered, light green leaves that are intensely rippled and lightly serrated on the leaf margins. With its incredibly vigorous growth rate and smaller plant habit, 'Hacksaw' lends itself for use as an edging plant or spectacular front of the border specimen plant. Masses of lavender flowers top the clump in mid to late summer. Exhibits good sun tolerance resulting in a lighter leaf colour. Livingston (NR) | \$19.00 |
| Hadspen Blue | (M) | Very blue leaves are slightly cupped and have heavy substance. Pale lavender flowers. Smith / Aden (1976) | \$12.00 |
| Hadspen Hawk | (S) | Narrow, sharply pointed deep blue leaves with heavy substance. Lavender flowers. Smith / BHHS (1988) | \$12.00 |
| Hadspen Sapphire | (S) | Bright yellow wavy leaves in spring that turn greenish-yellow as the summer advances. Lavender flowers. An eye catcher early in the season.....just ask anyone who visited our display gardens last May ! Smith / Eason / Ruh (1997) | \$12.00 |
| Hakumuo | (M) | Japanese cultivar. Elongated, white-centred leaves & green margins. White centre may show speckling. Lavender flowers. Gotemba Nurseries (NR) | \$18.00 |
| Halcyon | (M) | Our favourite blue hosta! Outstanding blue colour combine with thick leaves & fast growth. Pale lavender flowers. Smith / BHHS (1988) | \$10.00 |
| New Half & Half | (M) | Sport of 'Lakeside Cupcake' that emerges with a pure white centre that remains throughout the season. Dark green border with an overlapping lighter green color where the border meets the centre. Lavender flowers. Naylor Creek Nursery (NR) | \$21.00 |
| New Hands Up PPAF | (S) | Tetraploid of 'Praying Hands'. The leaves on this 2011 introduction are very thick (almost feel like rubber) and have a more defined creamy-yellow border than it's parent. Eventually forming a dense clump that will be much smaller than that of 'Praying Hands'. Lavender flowers complete the picture. New introduction Fransen (NR) | \$32.00 |
| Hanky Panky PP 16217 | (M) | Spring foliage is dark green with a pale lime margin and a white thread between the centre and margin. In summer, the edge turns white with an unusual pale green overlay. Lavender flowers. Hansen / Shady Oaks (2004) | \$19.00 |
| Hannibal Hamlin | (L) | Sport of a Doug Beilstein open-pollinated seedling. Semi-upright, 24"x 46". Large mound of dark green-centred, gold-margined foliage. Pale purple flowers on 30" scapes in July. Combines a good growth rate with a large mound size and striking variegation. Named after Abraham Lincoln's first Vice-President. Beilstein / Zillis (2009) | \$22.00 |
| New Happiness | (M/L) | This first generation Tardiana seedling has deep blue-green foliage that is ovate-shaped and of thick substance. Intense white bloom on the leaf underside. Slug resistant foliage. Pale bluish lavender flowers. Smith/ BHHS (1988) | \$15.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|----------------------------------|-------------|--|-------------------------|
| <i>New</i> Happy Camper | (M) | Hybrid of 'Neat Splash' x 'Northern Halo'. Striking mound of green centered foliage with wide white edges. Pale purple flowers in July. Johnson (NR) | \$19.00 |
| <i>New</i> Happy Dayz | (M) | Sport of 'Orange Marmalade' that has thicker and more twisted leaves than it's parent as well as the bluish-green margin is wider than on 'Orange Marmalade'. The leaf centre starts the season out as a bright yellow and slowly fades to a parchment colour and shows some variability from plant to plant. A very unique hosta to say the least !!! <i>New introduction</i> Naylor Creek Nursery (NR) | \$23.00 |
| Happy Valley | (M) | A Bill & Eleanor Lachman hybrid from the mid-1990's offering shiny, dark green-centred, creamy-yellow to white-margined leaves. Mature mound size should reach 18"x 49". Pale-purple flowers on 24" scapes late in the summer. Super growth rate. Mark Zilis says that this is "the best white-edged hosta you've never grown!" Lachman (1995) | \$16.00 |
| Harpoon | (M) | Elongated shiny, deep-green, wavy leaves with wide, yellow margin. Fast growth. Dense mound. Purple flowers. Herold (2000) | \$18.00 |
| <i>Rare</i> Harry Van De Laar | (M) | Hybrid of <i>H. longipes hypoglauca</i> x 'Maruba Iwa'. Small mound of thick, medium to dark green foliage. Leaves are wavy, smooth textured and have a thick, white bloom on the underside. Intense red petioles that lead up into the midrib of the leaf blade. Introduced in limited quantity by Naylor Creek Nursery in 2005. Visser (NR) | \$22.00 |
| Heart Broken | (S) | Sport of 'Faithful Heart'. Rounded, wavy leaves. start the season bright-yellow then become light-green and finally dark-green. Lavender flowers. Zilis / Solberg (2002) | \$13.00 |
| Heartsong | (L) | Medium-green center with a very narrow creamy-white margin. May reach up to 19" H with maturity. Unlike most narrow margined hostas 'Heartsong' does not "drawstring" but instead the leaf compensates by cupping slightly. Rarely seen and well worth purchasing. Walters Gardens (1984) | \$10.00 |
| Heat Wave | (M) | Sport of 'Bright Light'. Another great new introduction by Jan van den Top. Chartreuse-yellow centre with a very wide blue-green margin. Leaves are very thick and leathery allowing it to take a fair amount of sun. Lavender flowers. van den Top (NR) | \$17.00 |
| Heavenly Tiara | (S) | Sport of 'Grand Tiara' with gold centres and wide, creamy white margins. Margin brightens eventually to an ivory. Purple flowers. Walters Gardens (1998) | \$16.00 |
| <i>New</i> Her Eyes Were Blue | (S/M) | Intensely silver-blue, almost grey, leaves are heavily rippled and lightly serrated. The leaf tip is twisted and curves downward on a mound that reaches, at the most, 12" high. A hosta for any garden setting. Dean / Schwartzbauer (2008) | \$31.00 Sale \$23.00 |
| Herbal Tea | (M) | Sport of Ed Elsager's 'My Cup of Tea'. Medium-sized mound. Reddish purple scapes offer good contrast to the bright gold foliage. Zilis (2009) | \$20.00 |
| Herifu | (M) | Excellent edging hosta with an exceptional growth rate. This long-standing Japanese cultivar forms a wide mound of white-margined, green-centred foliage. Plants will have slight grey-green striking between the margin and centre. Slightly wavy leaves with a shiny underside. Narrow funnel-shaped medium purple flowers. Japan / AHS (2009) | \$10.00 |
| Hi Ho Silver | (S) | Sport of 'Ginko Craig'. Smaller than its parent. Lance-shaped, wavy green leaves with pure-white margin. Purple flowers. Walters Gardens (1997) | \$14.00 |
| Hida-no-hana (montana) | (M/L) | Tremendous <i>H. montana</i> sport found in the wild in Japan by Masaru Sakurai and named by Yoshimichi Hirose of Iwakuni, Japan. Leaves are 9"x 6" Misted green and white in the centre with a green margin. Very pale lavender flowers on tall scapes in July. Sakurai / Hirose (NR) | \$30.00 |
| <i>New</i> Hidden Treasure | (M) | Tissue culture sport of 'Hidden Cove' from Q & Z Nurseries; great in combination with 'Hidden Cove' and 'Hideout' in the garden. Medium green with a ½" wide, white margin. Pale purple flowers produced on 18" scapes from mid to late July. Zilis (2009) | \$21.00 |
| <i>Back in stock</i> Hideout | (D/S) | Sport of 'Hidden Cove' developed by Leonard Jones of Advance, North Carolina; striking specimen plant for the front of the border. White-centered with a narrow green margin; blade lance-shaped and wavy. Pale purple flowers bloom from mid to late July. Jones (2006) | \$20.00 |
| High Society PP 17313 | (S) | Sport of 'June'. Centre is gold-coloured in spring and changes to white later. Blue-green margin with lavender flowers. Hansen / Shady Oaks (2004) | \$18.00 |
| High Tide | (S/M) | Cross between <i>H. longipes latifolia</i> and 'Dorset Blue'. Compact mound of frosty-blue, heart-shaped leaves. Lavender flowers on 20"scapes late in the summer. Hansen (2005) | \$16.00 |
| Hillbilly Blues | (S) | Hirao Splendor' x 'Hadspen Blue'. Blue leaves have good substance. Pale lavender flowers. Avent (1999) | \$15.00 |
| Hippodrome | (M) | 'Christmas Tree' x 'Halcyon' Thick, dark-green leaves with rippled, creamy margin. Near-white flowers. Malloy (2001) | \$22.00 |
| His Honor | (L) | Large mound of thick, green leaves with 1" wide gold margin. Near-white flowers. Wilkins / Wilkins (2000) | \$18.00 |
| Hollywood Lights PP 17296 | (L) | Sport of 'On Stage'. Differs in that it has significantly wider, dark-green, jetting margins and a bright yellow centre that becomes chartreuse as the summer advances. Lavender flowers. Hansen (2005) | \$18.00 |
| Holy Mouse Ears | (S) | Sport of 'Royal Mouse Ears' from Q & Z Nurseries. Bluish green margin, yellow to creamy white centre. Thick substance. Purple flowers. Zilis / Deckert (2006) | \$19.00 |
| Honeybells | (M) | FRAGRANT! Long, green wavy leaves. Excellent sun tolerance. Lavender flowers. Cummings / AHS (1986) | \$12.00 |
| <i>New</i> Hot Air Balloon | (VL) | Great new introduction from Randy Goodenough that can take the sun (ensure constant moisture for a quick growth rate). Very large uniquely shaped gold leaves that seem to float in the breeze. Vigorous grower with very wide and deep set veins with "stitched" effect. <i>New introduction</i> Goodenough (NR) | \$35.00 Sale \$26.00 |
| Hotcakes | (S) | All-green sport of 'Lakeside Cupcakes'. Grey-green, heart-shaped, cupped leaves. Lavender flowers. Zilis / Whitely (2009) | \$17.00 Sale \$14.00 |
| Hotspur | (M) | Distinctive cultivar from Ian Chrystal of England. Creamy white-centered, green-margined foliage. Red petioles. Slow grower but well worth the wait !! Chrystal (NR) | \$25.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|-----------------------------------|-------------|--|-------------------------|
| Hub City | (M) | Sport of 'September Sun'. Medium-sized green mound. Pale lavender flowers. Excellent filler! Zilis (2003) | \$10.00 |
| Hudson Bay | (M) | Very nice sport from H. 'Eskimo Pie' with a much wider blue-green border than it's parent. The creamy-yellow center is exquisite and somewhat irregular which adds interest. Fairly vigorous grower that makes a nice open clump that will be topped with near-white flowers midsummer. Walters Gardens (2010) | \$25.00 Sale \$18.00 |
| Hush Puppie | (S) | <i>H. venusta</i> hybrid featuring tiny, heart-shaped leaves that are gray-green and edged with a creamy-white margin. Extremely vigorous growth rate makes it great for a ground cover or edging plant. Dark lavender flowers. Avent (2005) | \$16.00 |
| Hyuga Urajiro | (S) | A true collector's gem this stunning hosta features frosty-blue spear-like leaves with yellow streaks. The underside of the leaf has a metallic silver coloration. Near-white flowers open up on nearly horizontal stems in early summer. Rare. | \$17.00 |
| Ice Cream | (S) | Reverse variegation of 'Heart and Soul'. Lavender flowers. Rossing (1998) | \$13.00 |
| New Ice Cube | (D) | A great new mini introduction. Sport of 'Cracker Crumbs' with shiny green leaves and a white border. Forms a tight clump with dark lavender flowers. New introduction Fransen (NR) | \$25.00 |
| Ice Follies PPAF | (M) | Great growth rate on this super sport of 'Antioch'. A new introduction, this hosta features dark green pointed leaves with a wide creamy-white margin all season long. The mound is topped with pale lavender flowers. Meyer (NR) | \$20.00 |
| Ice Prancer | (M/L) | This frosty-blue seedling of 'Reptilian' has beautifully ruffled leaves that come to a fine point. The heavy foliage of 'Ice Prancer' is held on strong petioles to form a stately clump. Pale lavender flowers in mid summer. Sawyer (NR) | \$20.00 |
| New Imperial Palace | (L) | Great contrast between the creamy yellow leaf center and wide, medium green margin; fabulous variegated specimen plant for the shade garden; 'Pin Stripe Sister' seedling from Dick and Jane Ward. Very pale lavender flowers produced from late June into mid-July on 24" scapes. Near-white flowers produced from late June to mid-July. New introduction Ward (2009) | \$24.00 |
| Incoming | (L) | Open pollinated seedling of <i>H. kikuttii caput-avis</i> . Shiny and smooth, deeply veined, dark-green foliage. Deckert (2004) | \$22.00 |
| Independence PP 17044 | (M) | Reverse sport of 'Revolution'. The centre of leaf is green but the white margins are speckled with green. Lavender flowers. Walters Gardens (2001) | \$18.00 |
| Indiana Blue | (M) | Dense, medium-sized mound of Tardiana-like, deep blue-green foliage; another great introduction from "Indiana Bob" Balitewicz. near-white flowers, 2 1/4" long by 1 7/8" wide, bloom in July. Balitewicz (NR) | \$19.00 |
| Indigo | (M) | A tremendous Robert Savory Tardiana-type introduction that offers intensely blue lance-shaped foliage. Slug resistant. Hybrid of 'Halcyon'. Near-white flowers on foot-high scapes in early August. Savory (1984) | \$19.00 Sale \$14.00 |
| Inniswood | (M) | Sport of 'Sun Glow'. Bright-gold, heart-shaped leaves have a blue-green border. Good corrugation & texture. Lavender flowers. Inniswood Metro Gardens (1993) | \$12.00 |
| Rare Inspired Greatness | (M) | The stable form of Brave Attempt, true blue leaves with a nice white margin, this is the nicest blue color I have seen in the garden, really gives a good spring show. Pale lavender flowers from June into July. Rare. Named for the Special Olympics. Plants are over-wintered 1st year TC and available after June 15, 2012. Silvers (2006) | \$18.00 |
| Interstate 71 | (L) | Sport of a hybrid of 'Color Fantasy' x 'Sea Drift'. Original seedling hybridized by Doug Beilstein, mutation developed by Mark Zilis. Forms a 24"x 48" mound of blue-green foliage. Moderately corrugated. Thick substance. Beilstein / Zilis (2009) | \$24.00 |
| Invincible | (M) | Fragrant! This rapid grower has very shiny, deep-green glossy foliage. Sun tolerant. Lavender flowers. Aden (1986) | \$10.00 |
| New Invincible Spirit | (M) | Newly introduced seedling of 'Invincible' with cherry red petioles topped with wonderful shiny leaves that are held upright allowing the stems to be seen. As with most 'Invincible' seedlings this one can take a lot of sun and will turn more yellow. Fragrant lavender flowers. Zonneveld / Phillips (NR) | \$24.00 |
| New Irish Luck | (L) | Open pollinated seedling of 'Invincible' that makes a vase-shaped clump of very shiny dark green leaves with deeply impressed veins and rippled edges. Great leaf substance and fragrant lavender flowers in late summer. LaLonde (2007) | \$25.00 Sale \$17.00 |
| Island Charm | (S) | Reddish-pink scapes & pink seed pods! Small leaves are white-centred & green-edged. Pale purple streaked flowers. Rasmussen / Malloy (1997) | \$12.00 |
| Itsy Bitsy Spider | (D) | 'Hadspen Heron' seedling. One of the best dwarf sized hostas ever developed! Long narrow dark-green leaves. Pale lavender blooms. Johnson (2004) | \$19.00 |
| New Itty Bitty | (D) | Exciting, white-centered tissue culture sport of 'Green Mouse Ears' developed at Q&Z Nurseries; excellent for trough gardens and containers. 1/2" wide, dark green margin surrounds the white center that develops green speckles as the season progresses; incredibly thick substance. New hosta introduction. Pale purple flowers produced on 10" scapes early to mid July. Plants are 1st year TC and will be available after June 15, 2012 New introduction Zilis (NR) | \$23.00 |
| New Itty Gold | (S) | Tissue culture sport of 'Shade Parade'; becomes a low, dense mound of roundish, bright gold foliage at maturity. Brightest in spring; cupped; corrugated. Lavender flowers open on 20" scapes in July. Plants are 1st year TC and will be available after July 15, 2012. New hosta introduction. Zilis (NR) | \$19.00 |
| Ivory Coast | (L) | Sport of 'Sagae'. Smaller than its parent and featuring much wider creamy-white margins. Lavender flowers. Savory (1999) | \$16.00 |
| Ivory Necklace | (M) | Sport of 'Emerald Necklace'. Vigorous growth. Long leaves with a green centre & creamy white margin. Medium-purple flowers. Zilis (2003) | \$14.00 |
| New Jabulani | (M/L) | Tissue culture sport of 'Rich Uncle'; forms a medium-large mound of roundish gold-centered foliage; name means "rejoice" in the Zulu language. Gold-centered with a 1/2" wide, green margin; corrugated; thick substance. Near-white flowers bloom from June 25 to July 16 on 30" scapes. | \$23.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|--------------------------------------|-------------|---|--------------------------------|
| Jack of Diamonds | (M) | An older, but uncommon <i>H. seiboldiana</i> hybrid that looks like a small 'Frances Williams'. Rounded, heavily puckered blue leaves are edged with a wide gold margin. Good substance. White flowers in early summer. Savory (1985) | \$15.00 |
| Jade Lancer | (L) | Large mound (can reach 30"H x 80"W) of green-centered, white margined leaves. Pale lavender blooms in mid to late July. Tompkins (2001) | \$12.00 |
| Jade Scepter | (M) | Sport of 'Golden Tiara'. Dense mound of medium green foliage with an excellent growth rate and an attractive show of purple flowers. Zilis / T & Z Nursery (1988) | \$10.00 |
| Janet | | Centre starts out chartreuse later becoming yellow/white, with narrow green margins. Fast growth rate. Lavender flowers. O'Harra (1981) | Sorry Sold Out |
| Janet Day | (M) | Sport of 'Janet' Centre of leaf starts out light-coloured green and edges are deep-green. Lavender flowers. Soules (1996) | \$12.00 |
| Jaws | (S) | This may be a small sized hosta but it can fight it out with the big guys! Deep green intensely serrated (like jaws) and undulating leaves thick enough to scratch you if you rub up against it. A fast growing dense clump that looks good in full sun but show-cases its dark-green colour best in a bit of shade. Scheer (NR) | \$23.00 |
| Jerry Landwehr PPAF | (M/L) | White heart-shaped leaves with a dark green margin. Excellent growth rate and durability. Proven to look great in the garden even into October. Lavender flowers. Williams (NR) | \$22.00 |
| Jewel of the Nile | (L) | Large upright mound! Blue-green leaves have wide irregular, creamy-gold margin. Has sun tolerance. Lavender flowers. Walek (2000) | \$19.00 |
| Jim Cooper | (L) | Rare 'Sum and Substance' seedling from Paul Arden with the appearance of <i>H. Sieboldiana</i> . 24"x 50" mound of gold foliage that brightens considerably with more light. Leaf size 11"x 9" Good substance and corrugation. Very pale lavender flowers from late June into mid-July on 3' scapes. Aden (1982) | \$30.00 |
| Jimmy Crack Corn | (L) | Seedling of 'Piedmont Gold'. Shiny gold leaves feature deeply impressed veins & piecrust edge. White flowers. Sawyer (NR) | \$14.00 |
| New Johnny Angel | (L) | Super gold specimen hosta. Large mounded clump of heavily corrugated gold leaves with a slightly wavy margin. Leaves cup downward. Near-white flowers in midsummer. Asch (2003) | \$23.00 |
| Joseph | (L) | Sport of 'Josephine'. All green leaves with a wonderful shiny finish. Excellent grower and in our opinion one of the nicest all-green hostas. Pale purple flowers. If you only have room for one all-green hosta then this is the one you want!!! Kuk (1990) | \$15.00 |
| Journey's End | (L) | Sport of 'Choo Choo Train'. Yellow-gold heart-shaped, ruffled leaves have wide dark-green margin. Lavender flowers. Hansen (2004) | \$20.00 |
| Jubilee | M/L | This fast grower has green leaves with a thick yellow margin that differs on each leaf. Lavender flowers. Ward (NR) | \$20.00 |
| June | (S) | American Hosta Growers Association- 2001 Hosta of the Year Gold-centred sport of 'Halcyon'. Gold centre & blue-green margin. With morning light, the centre is white. Pale lavender flowers. Neo Plants Ltd. (1991) | \$15.00 |

| Lakeside Beloved O/S | (M) | Shiny, dark green center with a slightly wavy margin that changes from creamy yellow to white during the season. Pale lavender flowers. Chastain (1999) | \$25.00 Sale \$19.00 |
| Lakeside Black Satin | (M) | Wonderful shiny, dark green foliage that is heart-shaped and slightly rippled with a long thin tip. Bell-shaped, medium-purple flowers. Chastain (1993) | \$15.00 |
| Lakeside Blue Cherub O/S | (M) | Registered as growing only to a height of 6" this heart-shaped mound of foliage can grow up to 16" in height if fertilized. Foliage starts the season bluish-green but changes to a dark green as the summer progresses. Very pale lavender flowers in July. Only 3 Originator Stock plants available in 2012. Chastain (1991) | \$15.00 |
| Lakeside Coal Miner O/S | (M) | Very dark-green, glossy leaves have large undulations & also smaller marginal ripples. Dark-purple flowers. Chastain (1998) | \$16.00 |
| Lakeside Cogwheel | (S) | Blue-green centre with yellow-gold margin in spring. Changes to dark green with a sharply contrasting white margin in midsummer. Slightly rippled. Very pale lavender flowers. Chastain (1995) | \$20.00 |
| Lakeside Color Blue | (M) | Medium sized, upright mound of deep-blue foliage. White flowers in early summer. <i>Another "hard to find" Lakeside.</i> Chastain (2003) | \$30.00 Sale \$18.00 |
| Lakeside Cricket | (D) | Great little mini with upright leaves that have a pure white centre surrounded by a green and golden-yellow border. Excellent in a container with other mini hostas. Available by June 15, 2012 Chastain (2003) | \$24.00 |
| Lakeside Cupcake | (D) | CUTE! Very round, cupped leaves. Creamy yellow-white centre & wide, dark-green margin. Whitish flowers in July. Chastain (1998) | \$19.00 |
| Lakeside Cupid's Cup | (M) | Hybrid of a seedling x 'Lakeside Roy EI'. Heart-shaped cupped blue-green leaves are encompassed by a creamy-yellow to deep white border. Great spreading mound. Possibly the first time available in Tissue Culture. Chastain (1998) | \$20.00 |
| Lakeside Down Sized | (D) | Small, dense mound of narrow, rippled creamy white-margined foliage. Purple flowers in August. Chastain (2003) | \$16.00 |
| Lakeside Dragonfly | (M) | Elongated, wavy, pointed leaves with deep-green centres and very wide, white margins. Lavender flowers in July-August. Chastain (1997) | \$20.00 |
| Lakeside Foaming Sea | (M/L) | A Lakeside hybrid of a seedling x 'Sun Glow' In Mary Chastain's words "A bright color depicting the color of the sea's turbulence at the stern of the ship". This 18"x 36" mound is heavily corrugated. Bright gold foliage. Pale lavender flowers open on scapes that just top the foliage in July. Another rare Lakeside that has just now been Tissue Cultured. Chastain (2002) | \$30.00 |
| Lakeside Full Tide | (L) | Very large mound of shiny, heavily rippled, dark green foliage on leaves exceeding 14"x 10" as a mature plant. The ruffling really adds to the charm of this great hosta. Very pale lavender flowers. New to the Tissue Culture market. Chastain (2001) | \$22.00 |
| Lakeside Hazy Morn | (M) | Seedling of 'Lakeside Roy EI'. Medium-sized mound of blue-green centred, white-margined foliage. Mary Chastain describes it as "an aqua blue that looks cool on the hottest day". Pale lavender flowers on 30" scapes in July. New to the Tissue Culture market. Chastain (2002) | \$30.00 |
| Lakeside Iron Man | (M) | Very shiny, smooth, deep-green leaves. Good substance & rippled margins. Pale lavender flowers. Chastain (2003) | \$20.00 |
| Lakeside Jazzy Jane | (M) | Mary Chastain seedling selection out of 'Lakeside Roy EI'. Good contrast between leaf margin and centre. Improves on 'Christmas Tree' by its shinier green leaf centre and more striking variegation. Leaves are 9"x 7". Green-centred with a 1/4" to 1/2" wide, white margin. Near-white flowers in July on 30" scapes. Chastain (2002) | \$25.00 |
| Lakeside Kaleidoscope | (S) | Gorgeous hosta! Medium green centre with very wide streaking white margins. Near-white flowers. Chastain (1994) | \$15.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|--|-------------|--|--------------------------------|
| Lakeside Keepsake | (M) | Dark green-centred, white-margined leaves form a medium-sized mound. Leaves 8"x 7" with good corrugation and substance. Leaves will become slightly dimpled as the plant matures. Offered by only one US nursery at the present time for \$75.00 US. Chastain (2001) | \$25.00 |
| Lakeside Legal Tender | (S) | Heart-shaped, slightly cupped, dark-green leaves with a gold margin. Pale-purple flowers. Chastain (1999) | \$20.00 |
| Lakeside Little Gem O/S | (S) | One of only a few small dark greens in the Lakeside series. Very dense mound habit. One of Mary Chastain's favorite breeding plants. Funnel-shaped purple flowers in July. <i>Only 3 Originator Stock plants available in 2012.</i> Chastain (1993) | \$17.00 |
| <i>New</i> Lakeside Little Tuft | (S) | Slightly wavy, creamy-yellow leaves that later turn white and have shiny dark green border. Compact clump that produces purple flowers. A real cute plant !! Chastain (1997) | \$18.00 |
| Lakeside Lollipop | (S) | Almost perfect round leaf-very shiny dark-green top and bottom. Pure white flowers. Chastain (1993) | \$18.00 |
| Lakeside Looking Glass | (M) | The very glossy green leaves are rounded and have rippled margins. Lavender, spider-shaped flowers. Chastain (1997) | \$16.00 |
| Lakeside Love Affaire | (M) | Upright, flaring mound. Centre of leaf is creamy-white & wide, deep-green margin jets into centre. Near-white flowers. Chastain (1997) | \$21.00 |
| Lakeside Meadow Ice | (M) | Low growing hosta with shiny leaves that have great substance. White margin. Very popular and unique hosta. Pale lavender flowers. <i>Early riser in the Spring.</i> Chastain (2002) | \$21.00 |
| <i>New</i> Lakeside Meter Maid | (M) | 'Lakeside Meter Maid' is a sport of 'Summer Music'. This hosta boasts a darker green margin surrounding the creamy-white centre. A truly stunning hosta! The clump is topped with light lavender flowers. Chastain (1999) | \$20.00 |
| Lakeside Midnight Miss | (M/L) | This Mary Chastain hybrid is from 'Lakeside Black Mama' & 'Lakeside Looking Glass'. Another classic dark green cultivar from Mary Chastain. 'Lakeside Midnight Miss' is a medium-large mound of rippled, dark green foliage topped by purple flowers on 30" scapes from late July into August. 9"x 6" leaf size. When Mary sold this cultivar she did so at \$100.00 US. This one is truly a "RARE" hosta. Chastain (2006) | \$25.00 |
| Lakeside Old Smokey | (M) | Beautiful smokey, blue-green foliage with a rippled margin. Lavender flowers from late July into August. A truly unique hosta !! Chastain (2004) | \$20.00 |
| Lakeside Paisley Print | (S) | One of the very best hostas to come from Mary Chastain! This stunning hosta produces heart-shaped leaves with very wide, wavy, green margins. The narrow, creamy white markings in the centre of the leaves shoot out from the cream coloured petioles in a feathery pattern. Excellent substance. Creamy scapes carry light lavender flowers in midsummer. Chastain (2006) | \$23.00 |
| Lakeside Party Dress O/S | (M) | Very dense mound of heavily rippled foliage that is chartreuse-gold centered with a white margin. Very "flowing" form gives it an appearance of always being in motion....like a wavy party dress !! Lavender flowers in August. <i>Only 1 Originator Stock plants currently available.</i> Chastain (1997) | \$30.00 |
| Lakeside Pebbles | (M) | Outstanding corrugation and dark-green foliage colour on this vigorous grower. Medium large, cupped, crinkled leaves form a dense mound with near-white flowers from late June into July. Chastain (1995) | \$35.00 |
| Lakeside Premier O/S | (L) | Heart-shaped, dark-green leaves with a creamy-white margin. Near-white flowers. Chastain (1994) | \$23.00 |
| Lakeside Prophecy | (M) | New addition since February 1, 2012 Heavily corrugated green leaves, wavy, pebbled, shiny, thick substance make this an outstanding hosta. Chastain (20020) | \$25.00 |
| Lakeside Prophecy Fulfilled | (M) | New addition since February 1, 2012 A white edged sport of the popular hosta Lakeside Prophecy, gorgeous green pebbled leaves with an irregular white margin. Chastain (2006) | \$32.00 |
| Lakeside Rhapsody | (L) | Large mound of medium-green centered foliage with a creamy-white margin. Ovate-shaped leaves that are slightly corrugated as well as being slightly wavy. Very-pale lavender flowers in July. Chastain (1995) | \$18.00 |
| Lakeside Ripples | (L) | Huge mound of heavily-rippled, deep-green foliage. Pale lavender flowers. Chastain (1991) | \$20.00 |
| Lakeside Rocky Top | (D) | Rich green colouring with a beautiful white margin on very ruffled leaves. Another great dwarf. White flowers. Chastain (1999) | \$18.00 <i>Sale \$13.00</i> |
| Lakeside Sassy Sally | (S/M) | Registered as only reaching a mature height of 9" this Lakeside cultivar is actually expected to become upwards of 19" in height due to it's parentage (seedling of H.'Lakeside San Kao'- mature height 19"). Bright gold foliage that is ruffled and of heavy substance. Will take a little more sun than most hostas. Lavender flowers in July. Chastain (2002) | \$35.00 |
| Lakeside Shore Master | (M) | Emerges with seer-suckered, blue-green leaves, then the centre becomes ivory-golden. Lavender flowers. Chastain (1998) | \$18.00 |
| <i>Back in stock</i> Lakeside Slick Chick | (S) | Dwarf to small sized mound of bright green-centered, yellow-margined foliage that may have occasional streaking early in the season. Lavender flowers in midsummer. <i>Very rare and an excellent grower !!!</i> Chastain (2004) | \$35.00 |
| Lakeside Slick Chick "Green" | (S) | All-green sport of 'Lakeside Slick Chick'. <i>Even more rare than 'Lakeside Slick Chick' and only available at Hosta Choice Gardens to the best of our knowledge.</i> Place this rare gem beside it's mother for a great effect !! | \$25.00 |
| Lakeside Sparkle Plenty | (L) | This is one of my all-time favorite hostas. Sparkle is exactly what this hosta does in summer when the leaves change from their original spring-time light green to leaves with gold centres and a gold-green margin. Vase shaped plant with pale purple blooms. Chastain (1995) | \$15.00 |
| Lakeside Spellbinder | (S) | Deep green heart-shaped leaves with a narrow white centre. Vigorous grower with near white flowers. Chastain (1997) | \$18.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|---|-------------|--|--------------------------------|
| Lakeside Storm Watch | (M) | Seedling of 'Lakeside Black Mama'. Rich, shiny, dark green introduction from Mary Chastain. Very upright, wavy leaves. Pale-purple flowers from late July to early August. Chastain (2003) | \$37.00 |
| Lakeside Surf Rider O/S | (L/G) | Lakeside Ripples' X 'Sagae'. This hosta has superb parentage and is a must for the collector. Blue-green foliage in the spring turns to a wonderfully shiny dark green by midsummer. Slightly rippled, broadly ovate-shaped leaves with good substance. Near-white flowers from late June to mid-July. This one has the ability to become a height of 38" if given ideal conditions. <i>Only a few Originator Stock plants available in 2012.</i> Chastain (1997) | \$23.00 |
| <i>Originator's Stock</i> Lakeside Symphony O/S | (L) | Sport of 'Piedmont Gold.' Gold-centred, chartreuse-margined foliage with near-white flowers in late June to mid July. Positioning in bright light will make the leaf centre a lighter gold thus increasing the colour contrast. Chastain (1988) | \$18.00 |
| Lakeside Tee Ki | (S) | Currently only listed as being available at one nursery in North America!!! This Lakeside cultivar is truly a RARE hosta ! Mary Chastain described this hosta as "bright and beautiful"...and that it is. 'Lakeside Tee Ki' has wavy foliage that is light green to chartreuse with a creamy (to light yellow) margin. Pale lavender flowers held well above the foliage. Mary offered this cultivar at her nursery for \$50.00...originator stock of course !! Chastain (2006) | \$30.00 |
| Lakeside Tycoon | (L) | A sport of 'Lakeside Shore Master' from Mary Chastain. Thick, blue-green foliage. Pale lavender flowers. Chastain (2002) | \$18.00 |
| <i>Originator's Stock</i> Lakeside Waterfall O/S | (S) | Fast growing mound of cascading golden yellow foliage. Leaves are shiny on top with a slightly shiny underside. Chastain (1998) | \$25.00 |
| Lakeside Zesty Zeno | (M) | Upright mound of green-centred, white-margined foliage. Intense, maroon-red petioles. Lavender flowers. Vigorous and uncommon. Chastain (2004) | \$25.00 |
| Lakeside Zinger | (D) | Small olive-green leaves have irregular pure-white margin. Pale lavender flowers. Chastain (1998) | \$17.00 |
| Lancifolia | (M) | Most-planted hosta ever! Narrow, green leaves. Very quick-growing. Excellent edger. Lavender flowers in September. | \$10.00 |
| Laverne & Shirley | (M) | Sport of 'Linda Sue' Harvest gold colour. Heavily corrugated. Thick substance and slug resistant. Exhibits tetrapoid characteristics. Near-white flowers from mid-June into early July on 35" scapes. Vanous (2009) | \$19.00 |
| Lederhosen | (M) | FRAGRANT! Name means "Leather britches". Blue leaves are thick, tough & elongated. Lavender flowers. Benedict (NR) | \$18.00 |
| <i>New</i> Lemon Ice | (M) | Forms a medium-sized mound of bright yellow foliage, which sharply contrasts its brilliant red petioles; a Bob Solberg hybrid of an <i>H. Clausa normalis</i> F2 seedling X 'Strawberry Banana Smoothie'. <i>New introduction</i> Solberg (NR) | \$24.00 <i>Sale \$19.00</i> |
| <i>New</i> Lemontini | (S) | Compact, small-sized mound of bright gold (emerges chartreuse) foliage; Mark Zilis hybrid of a gold sport of 'Blue Dimples' X 'Shining Tot'. Slightly shiny; smooth texture; wavy. Medium purple flowers open on 10-16" scapes from August 10-25. <i>New introduction</i> Zili (2009) | \$17.00 |
| Leola Fraim | | Slightly wavy, dark green leaves with a creamy yellow to white margin. One of the best white-margined hostas for landscaping purposes as it offers a good growth rate and has foliage that is sharply contrasting. Lachman (1986) | \$15.00 |
| Lettuce Salad | (L) | Sport of 'Summer Breeze'. Leaves change from chartreuse to bright green. Corrugated and unruly. Good substance. Pale lavender blooms on two foot scapes in July. This is a richly coloured specimen plant. Postlewaite (2008) | \$16.00 |
| <i>New</i> Lewis and Clark | (M) | This gold-centered, green-margined, ruffled plant is definitely worth exploring; a reversed sport of 'Marquette Park'. Pale purple flowers open on three-foot scapes from late July into August. Zilis (NR) | \$15.00 |
| Libby | (M) | 'Beatrice' X 'Katerina Jo'(a 'Spritzer' hybrid) from F. Nyikos 2003. 15" X 36" This fast growing hosta of unusual parentage sports a clean white margin on oval dark green leaves. Its attractive dense mound holds its bright color well all season, finishing with lavender flowers in August. Sure to catch your eye. Nyikos (2003) | \$15.00 |
| Liberty PP12531 | (M) | American Hosta Growers Association- 2012 Hosta of the Year. | |
| | | Centre is blue-green and the wide jetting creamy-white margins are huge! Heavy substance. Lavender flowers. Machen (2000) | \$17.00 |
| Lily Blue Eyes | (S) | 'Salute' x 'Azure Snow'. Superb new blue seedling from George Donsky...wavy blue leaves with a serrated edge have white backs and make a dense clump that gets about 15" high. Great substance and topped with lavender flowers in midsummer. Will fit into any garden spot that gets good light but as with most blues you should avoid placing it in the hot afternoon sun. Donsky (2007) | \$28.00 |
| Lily Pad | (M) | Wonderful mound of very smooth, shiny, dark green foliage with an excellent show of medium purple flowers in late summer. All this hosta needs is a frog to complete the picture !! Solberg (2000) | \$16.00 |
| Lime Regal | (L) | 'Gold Regal' X 'Blue Vision' hybrid selected for its attractive, lime green foliage color and good growth rate. Pale lavender flowers in July. Zilis (2009) | \$22.00 |
| Lime Smoothie | (L) | 'Galaxy' seedling from W. Lefever, Solberg 2008. Large 22" X 48" This is not just another variegated hosta! Its undulating leaves have waxy green centres and broad, lime green borders that become cream colored in late summer, a very unique coloration. Light lavender flowers in June and July. Great in the shady garden. Lefever / Solberg (2008) | \$22.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|--|------|---|------------|
| New Limetini | (S) | Compact small mound of slightly rippled foliage that emerges bright yellow, but quickly changes to lime green; Mark Zilis hybrid of a gold sport of 'Blue Dimples' X 'Shining Tot'. Pale purple flowers in August on 16" scapes. New introduction Zilis (2009) | \$19.00 |
| Limy Lisa | (D) | A miniature chartreuse-gold hosta. Grows very quickly. Perfect for front of border or trough. Lavender flowers. Zumbar (2009) | \$12.00 |
| Linda Sue | (L) | Thick-leaved sport of 'Frances Williams'. Incredible thick substance & corrugation. Possibly tetraploid. Near-white flowers. Wade (1999) | \$20.00 |
| Lionheart | (M) | A white-centred sport of 'Robin Hood'. Forms a medium-sized mound of foliage that is pure white in the middle with a blue-green margin. Good grower for a white-centred hosta. Near-white flowers. Zillis (2009) | \$27.00 |
| Little Aurora | S/M | Bright gold color holds well in a wide variety of lighting situations. Heart-shaped leaves of good substance. Pale lavender flowers. Aden (1978) | \$10.00 |
| New Little Black Scape | (S) | Sum and Substance' hybrid. Leaves change from light green to chartreuse and are slightly wavy. Pale purple flowers from late July into August on blackish purple scapes about 18" high. Avent (1995) | \$15.00 |
| Little Devil | (D) | A sport of 'Swoosh' x <i>H. venusta</i> . This little gem produces a diminutive mound of elongated green-centred leaves with a crisp white margin. Lavender flowers in late summer. This hosta makes an excellent specimen plant for rock and trough gardens and is spectacular for borders in the shaded garden. Goowin (NR) | \$17.00 |
| Back in stock Little Jay PP19539 | (D) | Bright gold color holds well in a wide variety of lighting situations; heart-shaped leaves of good substance. Pale lavender flowers. Van den Top / Van Eechnaute (2004) | \$21.00 |
| Little Miss Muffet | (D) | 4" X 8" This little hosta is a classic <i>H. venusta</i> with little chartreuse heart-shaped leaves and pretty good substance. Little lavender flowers in June. It is a miniature 'Gold Edger' for the trough or that special mini garden bed. <u>Do not</u> plant next to 'Itsy Bitsy Spider' (only kidding) !!! Zumbar (NR) | \$19.00 |
| Little Miss Sunshine | (M) | Excellent medium sized selection perfect for containers. Cute wavy leaves that emerge chartreuse but intensifies to bright gold as the season progresses. Tolerates some sun which in turn helps bring out the yellow colouring. Unlike most gold hostas this little jewel remains gold until late in the season. Light purple flowers are held on wonderfully contrasting, deep wine-red scapes in midsummer. Scheer (2008) | \$19.00 |
| Little Red Joy | (S) | Great new introduction with wonderful shiny green leaves held on red petioles. The colouring in the petioles runs up and into the leaf. This small hosta has proven to be a vigorous grower in the sun as long as you give it consistent moisture. Van Eechnaute (2004) | \$16.00 |
| New Little Stiffy | (D) | Tiny mound of gold foliage; leaves elliptic-shaped and slightly wavy. Benedict (NR) | \$16.00 |
| Little Sunspot | (S) | Sport of 'Little Aurora'. The centre is still yellow but the edges now have a 1/2" wide green margin. White flowers. Briggs Nursery (1996) | \$16.00 |
| Little Treasure PPAF | (D) | A sport of 'Little Jay' with very wide, blue-green margins and a creamy white centre. Small pointed leaves are of good substance. Lavender flowers held on cream scapes complement the clump. Van den Top / Van Eechnaute (2008) | \$15.00 |
| New Living Water | | Sport of 'Praise Him', green leaves with a bold white margin. Fragrant flowers. Plants are over-wintered 1st year TC and will be available after June 15, 2012. Silvers (2009) | \$18.00 |
| Lizard Lick | (M) | 'Pineapple Poll' seedling from Franks 2007. 12"x 18" This fast growing, spiky mound has long, narrow green leaves with wavy margins and good substance. Slightly bigger than a mini, it is tough enough to flourish in the garden with the "big boys". Lavender flowers in July and August. Franks / Solberg (2007) | \$20.00 |
| Lollapalooza | (M) | This is an Elslager 'Galaxy' seedling. Rounded deep-green leaves have wavy creamy-yellow margins. Whitish flowers. Elslager (1998) | \$21.00 |
| London Bridge | (S) | White centred sport of 'Allegan Fog'. Small mound of white centred, green margined (1/4") leaves. Pale lavender flowers on 10-20" scapes. Zilis / Toman (2006) | \$29.00 |
| Back in stock London Fog | (M) | Tissue culture sport of H.'Allegan Fog' developed by Q&Z Nurseries. Leaves are fully misted unlike its mother who has a green border. This one is very interesting and unusual. Pale lavender flowers in July on 10-20" scapes. Zilis (2006) | \$25.00 |
| Lonesome Dove PP 17294 | (M) | 'Blue Moon' hybrid Cupped, thick, blue-green leaves with creamy-white centre. Lavender flowers. Hansen (2005) | \$19.00 |
| Lothar the Giant | (L) | Deep dark-green leaves with thick-substance makes this plant a great specimen-type plant. Slug resistant and richly colored with near-white flowers in July on three-foot high scapes!! Balitewicz (NR) | \$21.00 |
| Love Pat | (M) | Very thick blue leaves have quilted, corrugated texture and are heavily cupped. Pale lavender flowers. Aden (1978) | \$13.00 |
| New Lovely Loretta | (M) | Sum and Substance' X 'Ginko Craig' hybrid introduced for sale by Homestead Division of Sunnybrook Farms in 1998. Wavy, bright gold foliage. Pale purple flowers on scapes up to 42" high, late July into mid-August. Zilis (2002) | \$14.00 |
| Loyalist | (S) | Reversed sport of 'Patriot'. The centre is nearly pure white & the margins are deep-green. Pale lavender flowers. van Ejik-Bos / Falstad (1998) | \$13.00 |
| New Lucky Mouse EUPBR | (D) | Another new "Mouse" for the avid collector. Thick blue-green leaves have a wide creamy-yellow border that eventually becomes white. A sport of 'One Iota' and is thought to be very similar to 'Mighty Mouse'. Stock is limited and this one will sell out before our May opening day. Not even the Pied Piper will be able to help you find one of these "mice" if you don't act fast (yes.....we know it was rats who followed the Pied Piper but you get the picture !!!). New introduction Van den Top (NR) | \$30.00 |
| Lucy and Ethel | (L) | Thick-leaved sport of 'Linda Sue' from Q & Z Nursery exhibiting tetraploid characteristics. Blue-green foliage. Heavily corrugated. Very thick substance. Near-white flowers from mid-June into early July on 35" scapes. Zilis / Vanous (2009) | \$25.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|------------------------------|-------|---|--------------------------------|
| Lucy Vitols | (L) | Sport of 'Christmas Gold'. Rounded, cupped & corrugated leaves. Chartreuse-gold centre & deep-green margins. Lavender flowers. Seaver (1989) | \$16.00 |
| Luna Moth | (M) | Wonderful sport of 'Parky's Prize'. Has a much wider gold margin and narrower green centre than it's mother plant. Lavender flowers in July. Still fairly hard to find. Meyer (NR) | \$23.00 |
| Lunar Orbit | (M) | Sport of 'August Moon'. The leaf centre is chartreuse-gold and the wide margins are green. Pale lavender flowers. Lydell (1991) | \$10.00 |
| Machete | (M) | Sport of 'Ginsu Knife' Solberg 2004. 16" X 28" A very vigorous upright, fountaining green hosta that accentuates all the great features of its parent except the variegation. The leaves and petioles are large, highly ruffled with serrate margins that combine well with large, white fragrant flowers on very sturdy scapes in July and August. Solberg (2004) | \$22.00 |
| New Mack the Knife | (S) | Super little grower that has really grown well in our display garden. Medium-green centred with a 3/4" wide yellow margin. Wonderful contrast in the leaf colour. As an immature plant the leaves are slightly wavy and broadly elliptic but become less wavy and somewhat narrowly ovate to ovate with maturity. Pale lavender flowers. Only a few plants for 2012. Dishon (1996) | Sorry Sold Out |
| New Mad about Blue | (M) | Intensely blue-green foliage in a medium-sized mound; hybrid of 'Frances Williams' X ('Marilyn' X 'Tardiflora'). Broadly ovate blade shape; thick substance. Pale lavender flowers open on 22" scapes in July. New introduction Zilis (2009) | \$20.00 |
| Magic Fire PP 17524 | (L) | Flame-patterned green leaf centres with large, bright gold-yellow margins. Leaves twist and fold. Pale lavender flowers. A real standout in any hosta garden. van den Top / Van Eechaute (2004) | \$20.00 |
| New Magic Island | (M) | An attractive new member to the 'Halecyon' family.....thick leaves have a yellow centre framed by an irregular wide blue-green border that becomes wider with age. Leaf centres later turn to a cream colour and the clump will be topped with lavender flowers. Heemskerk (NR) | \$21.00 |
| Majestic | (M/L) | Wonderful dark-green leaves with a wide creamy-white border. Excellent contrast between the variegated foliage. Lavender blooms in midsummer. Goodwin (2005) | \$16.00 |
| Majesty | (M) | Sport of 'Sagae'. Although 'Majesty' has been in our display garden for some time we have not had it available for sale. Its stand-out qualities had so many of our customers wanting a division (which we didn't do). So finally...it's available. Dark green foliage with wide creamy yellow margins. Pale lavender flowers. Garbe (1999) | \$15.00 |
| Majordomo | (M) | From Emile & Jane Deckert of Maryland comes 'Majordomo'. Leaves 11 1/2" x 5 Intense metallic blue foliage turning into a rich shiny, dark green foliage by late July. Good substance. Slightly rippled. Purple dotted petioles. Near white flowers in early August on 19" scapes. Deckert (2004) | \$22.00 |
| Malabar | (M) | Hybrid out of the breeding program of Doug Beilstein of Mansfield, Ohio, selected by Mark Zilis in 2005. Leaves are 8"x 4 1/4" and are creamy, green-centred with a white margin. Zilis / Vanous (2009) | \$25.00 |
| Mama Mia | (M) | Another Herb Benedict introduction. Green leaves are surrounded by a gold border. Pale lavender flowers. Benedict / AHS / Walek (2009) | \$12.00 |
| New Mango Salsa | | New addition since January 1, 2012. New Hosta Introduction. - (<i>H. clausa normalis</i> F2 seedling) X 'Strawberry Banana Smoothie' - Medium, (12" X 20") Maybe one of Bob Solberg's best red seedling crosses, this hosta is sun tolerant, has unusual wavy yellow leaves and red on both sides of the petiole into the leaf and red scapes. It has lavender flowers, maybe with a little red, and is a great breeding plant, fertile both ways. Light years away from its sibling 'Smiley Face', an equally stellar hosta. Solberg (2011) | \$45.00 Sale \$37.00 |
| Mango Tango | (M) | Unique sport from 'Dance with Me'. Leaves have great substance and are rounded. Irregular yellowish centre surrounded by a wide green margin. Vigorous grower with lavender flowers. If you like 'Stitch in Time' you will like this hosta as its colouring is almost the reverse of 'Stitch in Time'. Kinman / Stark Gardens (2007) | \$24.00 |
| Maple Leaf | (L) | Blue-green leaves are enhanced by golden margin. The blue-green part is said to be "maple-leaf" shaped. White flowers. Minks (1972) | \$19.00 |
| Maraschino Cherry | (M) | Sport of 'Cherry Berry' It is a rapidly growing plant with all-green leaves and scapes of a greenish-purple-red. The flowers are medium lavender, tubular and set viable seed. The leaves are elliptic with a tapered base. Zilis / Solberg (1999) | \$12.00 |
| Mardi Gras | (L) | 'Elatior' x 'Christmas Tree' Large heart-shaped leaves are outlined by creamy-white variegation. Lavender flowers. Petryszyn (2001) | \$18.00 |
| Margie's Angel | (M) | 'Heart Throb' seedling. 16"X 28" This unusual hosta exhibits excellent color: yellow-gold leaf centres with dark green margins, and a very sturdy, flat pointed leaf. It likes shade and will brighten up a cool, moist corner. Near white flowers in June. Plants are a really nice size with multiple eyes. Solberg (2007) | \$25.00 |
| Margin of Error | (M) | Excellent garden plant with a nice contrast between the yellow to creamy-white margin and the dark green centre. Slightly wavy leaf. Pale lavender flowers in August. Kuk (1995) | \$10.00 |
| Marilyn | (M) | 'Gold Drop' x 'Green Piccrust'. Mound of slightly wavy, chartreuse-golden foliage. Brighter & larger than 'Gold Drop'. Zilis (1990) | \$10.00 |
| Marilyn Munroe | (M) | <i>H. longipes</i> 'Urajiro Hachijo' seedling. Heavily rippled, rich green foliage. Intense white leaf underside. Purple flowers open on recumbent scapes in September. Hawes / Ruh (2005) | \$19.00 |
| Mark Anthony | (M/L) | A hybrid of 'Dorothy Benedict' X 'Gold Regal' from Greg Johnson of Marshalltown, IA. Yellow centre, chartreuse margin. Subtle variegation. Pale lavender flowers on 2' scapes in early summer. Plants are a really nice size with multiple eyes. Last years price was \$48.00. Johnson / Ferguson (2004) | \$29.00 |
| Mark's Place | (M) | Sport of a 'Breeder's Choice' open-pollinated seedling. Doug Beilstein seedling selected by Mark Zilis. Dark green leaves. Beilstein / Zilis (NR) | \$18.00 |
| New Marrakech | (S) | Wonderful yellow hosta with lance shaped leaves that have very wavy edges. Vigorous grower that shows it's bright yellow colour with more sun. 'Marrakech' holds it's best surprise for midsummer when it sprouts pink flower scapes with pinkish buds opening to very light lavender flowers. Terpening (NR) | \$22.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|---|-------------|---|-------------------------|
| Mary Jo | (S/M) | Medium blue-green, white flowers. Leaves are slightly cupped and of heavy texture. Stone / Ruh (1987) | \$10.00 |
| Masquerade | (D) | This mini hosta is white centred and edged by a narrow, green margin. Purple flowers. Japan / Grenfell / AHS (2009) | \$12.00 |
| Master of Ceremonies | (L) | Gold-margined hybrid of 'Dorothy Benedict' X 'Elatior' from Bob Balitewicz of Westville, IN; tremendous, large, gold-edged, specimen plant. Dark green in the center with a 1 3/4" wide, gold margin; blade broadly ovate-shaped, slightly wavy, and slightly corrugated; good substance. Near-white flowers from mid-June into early July. Balitewicz (NR) | \$29.00 |
| Maui Buttercups | (S) | The rounded leaves will become bright gold, cupped and corrugated. Excellent gold choice with complementing violet coloured flowers. Vaughn (1991) | \$15.00 |
| <i>Rare</i> Maui Hana | (L) | <i>H. sieboldiana</i> seedling x 'Golden Waffles' Wonderful green leaved hosta with rich purple flowers. Hard to find hosta. Vaughn (1991) | \$30.00 |
| May | (S) | All-gold sport of 'June' Heavy substance. Intensity of colour depends on light-chartreuse in shade, gold with sun. Lavender flowers. Hansen / Shady Oaks (1999) | \$14.00 |
| Mayan Moon | (M) | Sport of 'August Moon' Medium-large mound of corrugated leaves. Gold margin surrounds a green centre. Lavender flowers. Mitchell (2009) | \$15.00 |
| Medieval Age | (M) | Seedling of 'Galaxy' from Alex Malloy. Vigorous mound of variegated foliage. Leaves are 8 1/2"x 6 1/2". Dark green with a 1/4" wide, slightly rippled, brassy gold margin. Smooth texture. Very pale lavender flowers on 30" scapes throughout July. Malloy (2004) | \$30.00 |
| Memories of Dorothy | (M) | Blue-green hosta with a creamy-white border, white leaf backs and reddish petioles. Lavender flowers on cascading scapes. Gowan / Hansen (2002) | \$15.00 |
| Merry-go-round | (G) | From the Ed Eislager breeding program. Tremendous specimen plant offering thick, shiny, rich green foliage. Upright mound. Pale lavender blooms on 52" scapes in July. Eislager (1999) | \$21.00 Sale \$16.00 |
| Metallic Sheen | (L) | Sum and Substance' x <i>H. sieboldiana</i> 'Elegans'. Large mound of gray-blue leaves. Thick substance. Zilis (1999) | \$14.00 |
| Midas Touch | (G) | Mature size can reach 36"x 30". Rounded leaves are very cupped and puckered. Green in spring & turns gold with some sun exposure. White flowers. Aden (1978) | \$13.00 |
| Midlife Crisis | (M/L) | Fickle Blue Genes X OP. Blue - green with variable streaking of yellow and cream. Great corrugation and slightly wavy. Leaves differ from 'Fickle Blue Genes' in that they are much rounder. Should become a medium/large mound with near-white flowers. Hosta Choice Gardens (NR) | Private Collection |
| <i>New</i> Midlife Crisis - Tummy Tuck | | Tissue culture sport of 'Orange Marmalade'. Same characteristics as it's mother (very bright golden colour as the hosta unfurls and then turns to an orangish gold before it lightens to a pale yellow or white) but the leaves stay extremely twisted and contorted. Pale lavender flowers. Hosta Choice Gardens (NR) | \$29.00 |
| <i>New</i> Midnight at the Oasis | | Sport of 'Pathfinder' that is dark green-margined with a creamy white centre early and as the season progresses the white centre develops flecks and becomes darker and darker. Flecks appear more rapidly during warmer summers and may not occur until late summer in cooler years. Lavender flowers from late July into August. Naylor Creek Nursery (NR) | \$25.00 |
| <i>New</i> Midnight Hour | (L/G) | An impressive large, intensely corrugated, dark green (blueish early) hosta. Leaves are cupped and have a slight tip. Very pale lavender flowers. <i>New introduction</i> Ward (2009) | \$21.00 |
| Midnight Ride | (M) | All-green sport of 'Paul Revere - possibly tetraploid. Very deep-green leaves. Good substance. Quick growth. Lavender flowers. Zilis / Vanous (2004) | \$12.00 |
| Midwest Magic | (M) | Sport of 'Prairie Glow'. Medium-sized mound of chartreuse-gold foliage with deep-green margins. Lavender flowers. Zilis / Schwarz (1999) | \$11.00 |
| <i>New</i> New addition since January 15, 2012 | | | |
| <i>Mighty Moe</i> | (S) | A sport of 'Blue Mouse Ears Supreme', blue leaf with white centre. Compact mound with purple flowers on 12" scapes. Silvers (2009) | \$27.00 |
| Mighty Mouse | (D) | 'Blue Mouse Ears' sport. White-margined with a blueish green centre. Forms a dense mound with purple flowers. Walters Gardens (2006) | \$25.00 |
| <i>New</i> Mikado | (G) | <i>H. Montana</i> 'Aureomarginata' x 'Big Sam'. Giant, arching mound of medium green leaves that is absolutely stunning as a mature plant. Leaves have a thin tip and are slightly corrugated, slightly rippled and of thick substance. There has always been some debate about how 'Mikado' differs from <i>montana macrophylla</i> but the debate has never really been settled. If you have <i>montana macrophylla</i> perhaps compare for yourself by planting 'Mikado' close by !!! Pale lavender flowers. Aden (1982) | \$18.00 |
| Millennium | (G) | 'Herb Benedict' X 'Sageae' Wilkens 1995. Huge 36"x 80". One of the best extremely large blue hostas because of its huge heavily substanted, rounded, dark blue leaves, good growth rate and heat tolerance. Near white flowers on tall scapes in late June. Impressive in the garden or a large container. Wilkens (1995) | \$19.00 |
| Ming Treasure | (L) | Light-green with yellow margin. Margin turns creamy-white. Very shiny on top and underneath. Lightly wavy, ovate with a cordate base. White flowers. Zilis (1999) | \$17.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|------------------------------------|-------|---|---|
| New Minnesota Wild | (M/L) | Elegant new introduction from Monty Carlson of Minnesota. Large heart-shaped green leaves have great substance and are framed with a wide and variable creamy-white border with lots of ruffles. Monty says this one can take a fair amount of sun without burning if it's kept watered. We have only 5 plants available....possibly the only 5 plants in Canada. New introduction Carlson (NR) | \$29.00 |
| Mint Julep | (M) | Large specimen plant. Rounded leaves have dark-green centre & wide creamy-white margin. Pale purple flowers. Malloy (2000) | \$14.00 Sale \$9.00 |
| Minuteman | (M) | Sport of 'Francee'. Similar to 'Patriot' Deep-green centre & very wide pure-white border. Lavender flowers. Machen (1994) | \$12.00 |
| New Minutini | | Currently on display at Hosta Choice only. More information when stock is available in May. | \$19.00 |
| Miss Linda Smith | (M) | Fabulous, PURPLE PETIOLED introduction that originator Arthur Wrede of Joppa, Maryland considers his best. Unusual grayish to dark green foliage colour. The light-purple blooms on the purple scapes are marvelous. This one's another must-have !!! Wrede (2006) | \$19.00 |
| Miss Ruby | (S) | DARK-RED PETIOLES extend from the base to well into the leaves of this pretty green-leaved hosta. Another "Hosta First Look" winner. Pale purple blooms. Wrede (2005) | \$18.00 |
| Miss Susie | (S/M) | This little girl is best placed in an elevated planting or in a container for all to see her wonderful bright-red petioles! Topped with elongated wedge-shaped yellow leaves this is "Miss America" of the hosta circuit. Topped with wonderful lavender blooms in late summer. Nicely spreading mound. Wrede (NR) | \$22.00 |
| Miss Tokyo | (G) | Dorothy Benedict' x <i>montana</i> 'Aureomarginata' Very large, dark-green leaves are edged by a huge creamy-gold margin. Lavender flowers. Gowen / Hansen (2004) | \$19.00 |
| Mississippi Delta | (G) | Giant -blue-gray leaves are held out horizontally. White flowers. Scapes may show branching on mature plants. Petryszyn (1998) | \$17.00 |
| Mister Watson | (S) | Sport of 'King Tut'. The bright-gold, thick, corrugated leaves are edged by narrow, green margins. Near-white flowers. Jones (1999) | Sorry Sold Out |
| Mistress Mabel | (M) | FRAGRANT! Shiny dark-green centre is surrounded by creamy-white margin. Fragrant, white flowers. Lachman (1995) | \$20.00 |
| Mohegan | (M) | We can't wait to get this one into our display garden!! Unique almost perfectly round leaves. Very thick intense blue. Good corrugation. White flowers held just above the mound. Proven as a vigorous grower. Makes a stunning clump. Magas / Malloy (1998) | \$21.00 |
| Mojito | (L) | Fast-growing sport of 'Avacado' which offers shiny, smooth, lush emerald green foliage of thick substance. FRAGRANT FLOWERS!! Pale lavender flowers in August on 3' scapes. PAIR THIS BEAUTY WITH 'CERVEZA'. Zilis / Vanous (2009) | \$21.00 |
| New Monsoon | (L) | Sport of 'Great Lakes Gold'. Bright gold-centred, medium-green margined foliage with moderate rippling. Should become a stunning specimen once mature. These are the first TC plants available to the public. New introduction Ward (2005) | \$25.00 |
| montana 'Aureomarginata' | (L/G) | Green with yellow-gold margin, ovate wavy corrugated leaves with irregular slightly rippled margin. Moderate growth rate (fertilize/water well). Light-lavender funnel blooms in mid-late summer. Don't let the name fool you....this is certainly one of the nicest hostas on the market today !! AHS (1987) | \$15.00 |
| Montreal Blue Ice Storm | (G) | A Van Wade seedling that impressed Reggie Millette of Quebec so much that it had to receive the name 'Montreal Blue Ice Storm'; truly a giant, blue beauty. Deep blue-green color; blade very broadly ovate, moderately corrugated, and thick substanced. Pale lavender flowers, late June to mid-July on 38" scapes. Wade (2007) | Sold Out. New 1st yr. TC available in June @ \$29.00 |
| New Mood Indigo | (L) | Rare Dick & Jane Ward cultivar known for its unruly, heavily corrugated foliage; a seedling of 'Tokudama Flavocircinalis'. Near-white flowers open on 22" scapes from mid to late June. Held in a private collection until this year's release. New introduction Ward (1996) | \$23.00 |
| New Moody Blues | (M) | Very rare Tardiana-type. Medium sized mound of thick-substanced, rich blue foliage. The "Hosta Finder" has it listed for sale by only two North American vendors. Oudolf (NR) | \$20.00 |
| New Moon Split | (M) | Nice sport of 'Velvet Moon' with a wide chartreuse-yellow border and a much narrower green centre. Only 2 available in 2012. Van Eechnaute (NR) | \$25.00 |
| Moon Waves | (L) | Seedling of 'August Moon'. Forms a medium to medium-large mound of <u>wavy</u> gold foliage of good substance. Leaf tip is slightly curved. It is important to note that 'Moon Waves' has a wavy margin NOT rippled (ripples are much smaller with usually more per leaf edge). Near-white flowers. Plater-Zyberk / Solberg (1994) | \$16.00 |
| Moonlight | (M) | Sport of 'Gold Standard'. Centre of leaf is chartreuse-becoming more golden. Leaf edge has narrow white margin. Lavender flowers. Banyai (1977) | \$10.00 |
| Moonlight Sonata | (L) | FRAGRANT !! 'Invincible' x 'Northern Halo'. Blue leaves turn shiny green by midsummer and are wavy and slightly cupped. Near white fragrant flowers. One of the nicest hostas on display in our gardens !! Johnson (2004) | \$16.00 |
| Back in stock Moonstruck | (S) | Dense, small-sized mound of slightly cupped, white-centered foliage; sport of 'Dress Blues', a seedling of 'Breeder's Choice' X a Tardiana developed by Bill Zumbar; good contrast between leaf color and margin. Lavender flowers in August. Zumbar (2009) | \$17.00 |
| Mount Tom | (L) | Intense blue leaves are edged by a very wide creamy margin. Pale lavender flowers in early summer. Lachman (1995) | \$20.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|------------------------------------|-------|--|------------|
| Mourning Dove PP 17311 | (M) | 'Mikawa-no-yuki' streaked X 'Blue Jay' from Hans Hansen, Shady Oaks Nursery 2005. 12"x 31". This hosta has an elegant beauty, from its long pointed blue leaves encircled by bright creamy yellow edges to its waxy white leaf backs. It forms a low, flat mound topped by lavender flowers in July. It becomes more and more appealing as the season goes on. Hansen (2005) | \$19.00 |
| <i>Back in stock</i> Mouse Trap | (D) | A 'Blue Mouse Ears' sport. 6"x 14" Best growing of the white-centred sports of 'Blue Mouse Ears' 'Mouse Trap' emerges with a pure white centre with a few scattered green flecks. Summer leaves may green up in extreme heat so there is never any melting out! Lavender flowers on cute white scapes in June. The centrepiece of your "mouse" collection. Shady Oaks Nursery (NR) | \$27.00 |
| <i>New</i> Mr. Green Jeans | (S) | All-green sport of 'Fireworks'. Nice little upright mound of dark green leaves. Great substance and a good sheen. Well worth growing beside it's mother. Pale lavender flowers. Naylor Creek / Fransen (NR) | \$22.00 |
| My Child Insook | (L) | A large sport of 'Outrageous' This wonderful hosta holds the record for the most price paid at auction for a new introduction....\$4,100.00!!! Thick, shiny, ivory white leaves with a dark green edge and chartreuse jetting towards the midrib. Pale lavender flowers. Benedict (1995) | \$22.00 |
| My Cup of Tea | (M) | 'Sea Prize' x 'Maekawa'. Centre of the wavy leaf is chartreuse-gold. Margin is creamy-yellow. Lavender flowers. Elslager (2002) | \$21.00 |
| Mystic Star | (S/M) | Hybrid of <i>H. yingeri</i> x 'Dorset Blue'. Intensely coloured heart-shaped. Blue-green leaves of good substance. Leaves come to a distinct point. Very pale lavender flowers in August on 20" scapes. Johnson (2004) | \$20.00 |
| <i>Back in stock</i> Nancy | (S/M) | One of the most brilliant gold hostas available. 'Nancy' is a spring time marvel as it stands out in any perennial garden with its wonderful wavy heart-shaped leaves. Slightly cupped and of excellent heavy substance. Lavender flowers in late July. Tower (2005) | \$19.00 |
| Nate the Great | (L) | <i>H. nigrescens</i> x 'Tokudama Aureonebulosa'. 22"x 40" Tall and proud with large round blue-green leaves that are deeply cupped and puckered, this large upright hosta is worthy of the front of the bed. Lavender flowers on tall straight scapes top this one off in July. Named for Mr. Solberg's son Nathan. Solberg (2003) | \$19.00 |
| <i>New</i> Navajo | (L) | A Van Wade seedling selection. Medium green color; rippled margin; ovate-shaped blade; good substance. Relatively tall scapes bear a profusion of flowers for most of July; purplish bracts extend the ornamental beauty of the scapes into late August. Wade (2007) | \$30.00 |
| Neat Splash Rim | (M) | Stable sport of 'Neat Splash'. Medium sized mound of foliage that is green-centered and has a yellow to creamy white margin. Medium purple flowers from late July to early August. AHS (1986) | \$10.00 |
| Neptune PP 19674 | (L) | Hybrid of ('Maekawa' x 'Haleyon') x 'Salute'. Large mound of ovate-shaped blue-green leaves. Pale lavender flowers on 39" scapes from early August into early September. Hansen (2006) | \$19.00 |
| Nesmith's Giant | (L) | Heavily corrugated mound of medium-green foliage that is slightly wavy and thick-substanced. Leaves have a deeply lobed base. Forms an impressive mound. Near-white flowers. Nesmith (1994) | \$20.00 |
| <i>New</i> Neutrino | (L) | Seedling of <i>Hosta venusta</i> purchased at a nursery in Japan several years ago by Q&Z Nurseries; neat, mini-sized mound of white-margined foliage; named for the tiny, subatomic particle. ¼" to ½" wide, creamy yellow to white margin occasionally streaks into the medium green center; slightly wavy. Medium purple flowers open on 6-18" scapes in July. Plants are 1st year TC and will be available after July 15, 2012. New hosta introduction. | \$19.00 |
| Niagara Falls | (G) | <i>H. montana macrophylla</i> x 'Sea Drift', Large, semi-upright mound of very RIPPLED, huge green leaves. Very pale lavender flowers. Brinka / Petryszyn (1991) | \$15.00 |
| <i>New</i> Nifty Fifty | (M/L) | Hard to find. Blue green leaf with a yellow-chartreuse margin, sport of Dorothy Benedict. Margin does not burn like alot of other lighter margined hostas. Lavender flowers on 26 inch scapes. Plants are 1st year over-wintered TC available after June 15, 2012 Benedict (1986) | \$35.00 |
| Night before Christmas | (M) | Sport of 'White Christmas' Improved because it has thicker leaves, wider margins and larger size. Lavender flowers. Machen (1994) | \$14.00 |
| <i>New</i> Night Shift | (L) | Dennis Savory discovered this sport of 'Daybreak' many years ago, but it has never been made available to the public. Large, rounded leaves are very smooth, waxy, and strongly veined. A bit of sun will set the gold center ablaze, while a narrow, deep green margin trims each lightly rippled leaf. Not a fast grower, but Hosta 'Night Shift' will eventually form a ground-hugging mound about 22" high and 50" across. Horizontal scapes of lavender flowers circle the plant in late summer. Savory (1991) | \$25.00 |
| Nightlife | (L) | 'Invincible' x <i>H. sieboldiana</i> 'Elegans'. FRAGRANT, PALE PURPLE FLOWERS Thick, deep-green leaves & good substance. Zilis (2004) | \$16.00 |
| <i>New</i> Nippers | (L) | Excellent grower that quickly forms a dense mound of very dark green leaves. Works well in the deep shade with the 3" round leaves being held horizontally on upright petioles. Near-pink to lavender blooms midseason just above the clump gives you a wonderful show and make 'Nippers' a great addition to your garden. Goodenough (2006) | \$25.00 |
| Northern Exposure | (L) | Sport of <i>H. sieboldiana</i> 'Elegans'. Medium blue-green centre with a creamy-white margin. Great substance and very corugated. Near white flowers. Walters Gardens (1997) | \$15.00 |
| Northern Halo | (L) | Large mound of creamy white-margined foliage with a blue-green centre early, turning medium green. The margin width tends to vary from plant to plant and will become more greenish as the summer progresses. Excellent mass planting hosta. Walters Gardens (1984) | \$13.00 |
| Northern Star | (L) | Mutation of <i>H. sieboldiana</i> 'Elegans' with creamy leaf margins. Imagine "H. Frances Williams" with a white edge, rather than gold. Walters Gardens / Falstad (1993) | \$12.00 |
| <i>New</i> Obscene Gesture | (L) | Tissue culture sport of 'Kiwi Full Monty' (which is a sport of 'Striptease'). A creamy-white border frames the blue-green leaf centre and the typical 'Striptease' thin white line runs between the two. A super new introduction that is best in dappled shade to achieve the best contrast in the leaf colours. Andersen (NR) | \$35.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|--|-------------|---|-----------------------|
| Ocean Isle | (L) | Sport of 'Eldorado'. Rippled gold margin with a centre that starts out bluish and then turns dark green. Pale lavender flowers on three foot scapes in July. Chopko / Solberg (2006) | \$25.00 |
| October Sky | (L) | Newer introduction from Don Dean blending the best features of 'Frosted Dimples' and 'Salute'. Intense powder-blue colouring on the top and underside of the leaf. Vase-shaped clump that holds it's colour well into the fall. Flowers are near-white with lavender interiors and held on well-proportioned scapes in October. Dean (2008) | \$28.00 |
| Ogon Tachi | (L) | Semi-upright mound of gold foliage. Flower habit an ornamental plus. From Japan and often listed as <i>H. rectifolia</i> 'Ogon'. Purple flowers from mid-August into September on scapes up to 58" high. Only 1 plant left. Japan / Ruh (2002) | \$18.00 |
| Old Faithful | (L) | Fragrant! Fast growing, upright green hosta with semi-glossy leaves and red petioles. Brincka / Petryszyn (1991) | \$16.00 |
| Old Glory PP 12503 | (L) | Sport of 'Glory'. Has the same bright gold centre as 'Glory' but has a narrower green edge. Lavender flowers. Hansen / Shady Oaks Nursery (1999) | \$15.00 |
| Olive Bailey Langdon | (L) | Similar to 'Frances Williams' but has improved resistance to "spring-burn". Wide gold margins & blue-green centre. O'Harra (1999) | \$14.00 |
| Olive Branch | (L) | Sport of 'Candy Hearts'. Shiny, broadly ovate, gold, leaves with very wide green margins. Near-white bell shaped blooms in mid to late summer. Moldovan / Ruh (2008) | \$18.00 |
| Back in stock Olympic Glacier | (L) | Reverse sport of 'Pathfinder'. Introduction from the great guys at Naylor Creek Nursery. It has thick dark green leaves with a wide irregular white border. Green flecks sprinkled within the white border. Topped with lavender flowers in midsummer. Sold Out early in 2011. New stock is expected to sell out quickly !! Naylor Creek Nursery (2005) | \$15.00 |
| New Olympic Gold Medal | (L) | All gold sport of 'Olympic Sunrise'. Similiar growth habit, leaf shape and vigor as it's parent but 'Olympic Gold Medal' has beautiful, glowing, gold leaves that become more yellow as the season progresses. Excellent substance. Lavender flowers. Naylor Creek Nursery / Fransen (NR) | \$18.00 |
| New Olympic Silver Medal | (L) | All blue sport of 'Olympic Sunrise'. Similiar growth habit, leaf shape and vigor as it's parent but 'Olympic Silver Medal' has super thick, intensely blue leaves that hold all season and still looks good long after most hostas have died back. Lavender flowers. Naylor Creek Nursery / Fransen (NR) | \$18.00 |
| New Olympic Sunrise | (L) | This "late season" hosta has thick leaves that are yellow in the centre with a blue-green border. As the season progresses the yellow centre turns to a parchment colour and the border goes dark green. Topped with lavender flowers. Naylor Creek Nursery (2005) | \$20.00 |
| New Olympic Twilight | (L) | Reverse variegated sport of 'Olympic Sunrise'. Thick blue leaves with a narrow chartreuse border that becomes yellow by the end of the season. Clump has upright form and improves with age. Naylor Creek Nursery (NR) | \$20.00 |
| On Stage | (L) | aka <i>H. Montana</i> 'Choko Nishiki' Sport of <i>H. Montana</i> . Thick leaves are radiant yellow or chartreuse depending on light levels. Two-toned green, narrow margins. Lavender flowers. Emerges late in the spring. Aden (1986) | \$15.00 |
| On the Border | (L) | 'Neat Splash' X 'Blue Wedgwood' from Beilstein 2007. 15" X 28" This very bright white-margined, shiny green-centred, attractive hosta has good substance and great color contrast that calls out from across the garden! Light lavender flowers in July. Beilstein (2007) | \$15.00 |
| One Man's Treasure | (L) | <i>H. longipes hypoglauca</i> seedling by Benedict, Solberg 1999. 14" X 24" Truly, a red-petioled hosta that you can see the red color without standing on your head. A medium-sized clump of shiny, dark green pointed leaves with petioles that are red on both sides up into the leaf blade. Nice purple flowers in August with red scapes and seed pods. Fast becoming the standard for purple petioles! Benedict / Solberg (1999) | \$17.00 |
| Orange Marmelade PP 16742 | (L) | Sport of 'Paul's Glory'. Differs from 'Paul's Glory' because the centre is a very bright golden colour as the hosta unfurls and then turns to an orangish gold before it lightens to a pale yellow or white. Certainly a hosta that turns heads in any garden. Great substance and the mound is topped with pale lavender flowers. Solberg (2002) | \$18.00 |
| New Oreo Cream | (L) | Sport of 'Whirlwind'. A true collector's plant with thick, bright white centre and wide dark green wavy margin causing twisted / contorted foliage. With excellent growing conditions and time this plant may exceed it's 8"-11" height. Pale lavender flowers. Ziarek (NR) | \$23.00 |
| Back in stock Orion's Belt | (L) | Hybrid of 'Pin Stripe' x <i>H. montana</i> macrophylla. From the breeding program of Dick and Jane Ward. Shiny, dark-green centre. 1/2" wide, creamy white margin. Very sharp contrast between leaf margin and centre gives this hosta a striking appearance. Lavender flowers on three-foot scapes in July. Ward (2003) | \$19.00 |
| New Oshima Silk | | Originated in Japan as a variegated seedling of <i>Hosta pycnophylla</i> , a species native to Oshima Island; the foliage of 'Oshima Silk' bears a rippled, subtle white margin which nicely offsets its medium green centre. White back on the leaf underside. Pale purple flowers are produced in August. Shimizu / Zilis / Vanous (2009) | \$35.00 |
| Back in stock Outhouse Delight | (S) | Undulata' seedling. Emerges white but quickly develops green speckles and then becomes all green. Somewhat wavy. Place this unique hosta where you can observe it's leaf changes early in the growing season. Has proven to be a vigorous grower in our display garden. Avent (1998) | \$23.00 |
| Paintbrush | (M/L) | <i>H. Undulata</i> x <i>H. Ventricosa</i> 'Aureomaculata'. Chartreuse green early on, a darker margin develops and darkens then fades. Lavender flowers. Minks (1976) | \$10.00 |
| Pamela Lee | (M) | Dark green leaves with a medium green margin. Should become a medium sized mound of foliage. Lavender flowers. O'Brien (2007) | \$21.00 |
| Pandora's Box | (D) | Sport of 'Baby Bunting' Truly a pocket-sized hosta! Two inch long leaves have blue-green margins, white centres, and green jetting towards the centre. Lavender, bell-shaped flowers. Hansen / Shady Oaks Nursery (1996) | \$16.00 |
| Paradigm | (L) | American Hosta Growers Association- 2007 Hosta of the Year. Beautiful gold leaves edged with a jetting, blue-green margin. Heavily corrugated and wavy. Near-white flowers. Upfront and centre is where we've placed our display plant and with good reason !! Walden-West / Purtyvmum (1999) | \$15.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|--|-------------|---|-------------------------|
| Paradise Backstage | (M) | A super reversed form of 'On Stage'. Green leaves are long and narrow with an irregular yellow border. Lavender flowers. Fransen (NR) | \$20.00 |
| Paradise Expectations | (L) | Sport of 'Great Expectations' with reverse variegation....large blue-green leaves are framed by a wide creamy-yellow margin. Near- white flowers. Vigorous grower making a large clump in only a few years. Fransen (NR) | \$17.00 |
| Paradise Glory | (M) | Sport of 'Paul's Glory'. Very thick leaves with green centre (changes to yellow-gold as the season progresses) surrounded by a wide blue border. Lavender flowers. Fransen (NR) | \$20.00 |
| Paradise Island | (M) | Stunning variegated sport of 'Fire Island'. Brilliant yellow leaves with dark green, jetting margins are held on red petioles. Red colouring extends from petiole base up into the leaves. Lavender flowers. Fransen (NR) | \$19.00 |
| Paradise Joyce PP 12119 | (M) | Sport of 'Halcyon. Comes up a solid blue but around mid-June it begins to change coloring with a yellowish centre, resembling 'June', then in July the centre turns an almost white-yellow (with enough light). These colours then hold until the end of the season. Lavender flowers. Fransen (NR) | \$18.00 |
| Paradise Ocean | (M) | All blue sport of 'Paradise Glory'. Beautiful thick blue leaves show good corrugation and make an impressive clump topped with lavender flowers. Fransen (NR) | \$19.00 |
| Paradise Power PP 12117 | (M) | Sport of 'Sun Power'. Sensational specimen plant. We have trouble keeping this wonderful hosta in stock and we can promise you that you'll have trouble keeping your friend's hands off yours!! Wavy leaves that have a rich green margin that streaks into a golden centre. We have our display plant in strong morning sun and it seems to colour the best in this setting. Fransen (NR) | \$18.00 |
| <i>Back in stock</i> Paradise Puppet | (D) | Small mound of green foliage that is rhizomatous. Excellent ground cover. Lavender flowers. Relatively rare. Fransen (NR) | \$15.00 |
| Paradise Red Delight | (S/M) | Purple-red petioles and scapes. Medium green, nearly round foliage with a heavily rippled margin and smooth texture. Thick white bloom on the underside. Fransen (NR) | \$18.00 |
| Paradise Restored | | Sport of 'Paradise on Fire' exhibiting tremendous color saturation and substance. Thick, dark green foliage that creates a medium size mound. Lavender flowers from late July into August on 20-30" scapes. Zilis (NR) | \$16.00 |
| Paradise Sunset | (D) | Variegated sport of 'Hydon Sunset' with dainty green leaves that have a nice yellow border and are topped with dark purple flowers. Excellent growth rate. Fransen (NR) | \$15.00 |
| Paradise Sunshine | (M) | Reverse sport of 'Guacamole'. New introduction from Marco Fransen. Green leaves surrounded by a yellow border that remains yellow and does not fade to white. Variegation appears in early summer. Beautiful, fragrant near-white flowers. Fransen (NR) | \$22.00 |
| <i>Back in stock</i> Paradise Tritone | (S) | New sport of 'Maya Tritone' that features a rich green border. Leaves emerge bright chartreuse and change to a bright yellow creating a clump that glows. There is also a cream clour present making the leaf centre tritone. A wonderful hosta that shows best in strong morning light. Fransen (NR) | \$27.00 |
| Parhelion | (G) | Sport of 'Sum and Substance'. Huge light-green leaves are bordered by irregular, narrow cream margins. Lavender flowers. Walters Gardens (1997) | \$16.00 Sale \$12.00 |
| Parky's Prize | (S) | Sport of 'Birchwood Parky's Gold'. The leaves have a green centre and a greenish-yellow margin. Lavender flowers. Hawes (1999) | \$12.00 |
| Pathfinder | (M) | Sport of 'Francee'. Interesting because the leaves have a green centre with many green speckles & dark-green margin. Briggs Nursery (1999) | \$16.00 |
| Patriot | (M) | American Hosta Growers Association- 1997 Hosta of the Year. Green centre and very wide white margin. This is now probably the best white-margined hosta available. Light-lavender flowers. A "Must" hosta for every hosta garden! Machen (1991) | \$10.00 |
| Paul Revere | (M) | Sport of 'Patriot' Medium sized mound of slightly cupped, creamy-white centred, dark-green margined foliage. Pale lavender flowers in late July to mid August. Flower scapes are white with green speckling. No seed pod formation. Only a few available. Zilis (2003) | \$25.00 Sale \$19.00 |
| Paul's Glory | (L) | American Hosta Growers Association- 1999 Hosta of the Year. Found by Paul Hofer of Ohio in a bed of 'Perry's True Blue' of which it is probably a seedling. Vivid foliage colors and attractive mound habit. Sensational as a specimen plant in the landscape. Leaves are 10" long by 7" wide. 1/2" wide, dark green margin surrounding the centre which changes from chartreuse in spring to creamy white by mid-summer. Moderately corrugated. Good substance. Pale lavender flowers open on scapes reaching 35" high in mid-July to early August. Ruh / Hofer (1987) | \$15.00 |
| <i>New</i> Peacock Feathers | (L) | Don't cut the flower scapes off of this new introduction !!!! This seedling of 'Gold Regal' X 'Blue Vision' represents a breeding breakthrough in hosta flowering, originally selected for its bright blue foliage....then it flowered!! Surprisingly, each lavender flower bore extra petals, ranging from 7 to 15 per flower. This multi-petaled trait develops with maturity, though extra petals sometimes appear on the flowers of young plants. Scape height ranges from 24 to 36" and its blooming season is from mid-July into August. We were lucky enough to "trial" this new hosta in our gardens in 2010/2011 and when it flowered in 2011 it was spectacular. They tell us the flowers will get more petals as the plant clump matures.....can't wait !!!! New Introduction Zilis (2009) | \$29.00 |
| Peanut | (S) | A VERY SMALL HOSTA WITH PEANUT-LIKE PEBBLING! White centre & green margins. Purple flowers. Schwarz (2002) | \$17.00 |
| Peppermint Ice | (M) | Elongated leaves have a well-defined creamy-white centre and contrasting dark-green border. Purple flowers. Belle Gardens (1994) | \$19.00 |
| Pete's Passion | (L) | Sport of 'Paul's Glory' with a wider dark green margin. Pale lavender flowers. Ruh (1997) | \$21.00 Sale \$17.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|---|-------------|--|-------------------|
| Pewterware | (S) | Wonderful heart-shaped leaves with a wonderful soft powder-blue colouring. Lavender flowers in late summer. Dean (1999) | \$20.00 |
| Phantom | (M) | 'Riptide' seedling. Medium-green leaves are heavily rippled. Red petioles. Moderate underside bloom. Pale purple flowers. Solberg / Wilkins (1995) | \$15.00 |
| Photo Finish | (L) | Wide (up to 62") mound of blue-green margined leaves with a misted yellow, green, and white centre in spring changing to blue-green, then dark green by late summer. Thin underside bloom and thick substance. Near-white flowers. Kuk's Forest Nursery (1988) | \$19.00 |
| Piedmont Gold | (L) | Large, round mound of corrugated, golden leaves. Near-white flowers with pale lavender stripes. Stone / Payne (1982) | \$12.00 |
| New Piecrust Promise | (L) | 'Green Piecrust' sport discovered by Peter Cross; like its mother plant, 'Piecrust Promise' develops into a large mound of foliage with heavily rippled foliage. Light green center with a medium to dark green margin. Very pale lavender flowers bloom from mid-June into early July. June 2012 availability Cross (NR) | \$28.00 |
| Pilgrim | (S) | Light-grey/green leaves that are heart-shaped and have a wide irregular creamy-white margin. Lavender leaves. Rasmussen / Malloy (1997) | \$11.00 |
| Pineapple Juice | (S) | Sport of 'Pineapple Upsidedown cake'. Golden-yellow hosta with heavily rippled margin. Lavender flowers. Zilis / Solberg (2003) | \$15.00 |
| Pineapple Poll | (S) | Medium-sized, dense mound of very rippled, elongated, green leaves. Excellent growth rate. Lavender flowers. Smith / BHHS (1988) | \$10.00 |
| Pineapple Punch PP 18318 | (M) | Long, narrow pointed green leaves with wavy, creamy yellow margins. Very eye-catching; it forms a distinctive clump of arching foliage. Light lavender flowers. Walters Gardens / Bergeron (2005) | \$21.00 |
| Pineapple Upsidedown Cake | (S) | Sport of 'Pineapple Poll'. Very fast-growing spiky mound of narrow, rippled foliage. Bright gold centre&narrow green margin. Zilis / Solberg (1999) | \$15.00 |
| New Pineapple Zest | | PG-13' seedling selection developed by Joy Mullins; small-sized mound of narrow, wavy gold foliage; something different in a mini-sized hosta. Light gold; wavy; narrowly elliptic blade shape. Pale purple flowers on 16" scapes from July 30 to August 10. Plants available in July 2012 will be 1st year TC. New introduction. Zilis (NR) | \$19.00 |
| New Pistache | (M) | This one's a "show stopper" !!! Wonderful sport of 'Spilt Milk'. Leaf centres are a misted combination of several shades of green surrounded by a variable border of green and blue-green. Place the plant in a bright, but shady location. Good grower. White flowers. Van Eechaute (2007) | \$28.00 |
| Pixie Vamp | (D) | 'Pinstripe' seedling. Mini 6"x12" This showy little hosta makes a perfect mound of bright green heart-shaped leaves bordered in snowy white. It has lavender flowers on purple scapes in June and July. Very vigorous in the garden or in a container. Ward (1996) | \$20.00 |
| New Pizzazz | (L) | Blue green, cream white margin, dull glaucous cupped corrugated leaves with irregular nearly flat margin. Near-white flowers. Aden (1986) | \$14.00 |
| Planet X | (M) | Looks like a Tardiana. Seedling from Emile & Jane Deckert. Leaves are cupped foliage. Thick substance. Very pale lavender flowers on 18" scapes in July through August. Deckert (2005) | \$24.00 |
| <i>H. plantaginea</i> | (L) | Very glossy green leaves! This is the beloved classic "August Lily" Very fragrant white trumpet-shaped flowers that can reach 7" long. Sun tolerant with sufficient moisture. | \$13.00 |
| Plug Nickel | (S) | Sport of 'Cracker Crumbs' from Bob Solberg of Green Hill Farm in North Carolina.Great addition to the shaded rock garden. Leaves are 3" long by 2 1/2" wide. Shiny, dark green foliage. Average substance. Pale purple flowers in July. Solberg (2003) | \$15.00 |
| New Plum Creek | (M) | Believed to be an open pollinated seedling of 'Deane's Dream' and shows many of it's wonderful traits. The leaves are a darker blue than 'Deane's Dream'...a nice steel blue/green. Attractive dusty 'plum' clouded petioles add to the overall appearance of the clump. Topped with pretty flower buds in late June and followed by near-white flowers. Plants available are thought to be the only specimens in Canada. New introduction Sisson (NR) | \$24.00 |
| Popcorn | (M) | 'Popcorn' produces nice round yellow leaves with a nice blue border. By midsummer the yellow fades to cream, and the clump is topped with pale lavender flowers. Cupping will develop as the plant matures. Wonderful specimen in the front of the border. 3 yr. old (multi-eyed) plants available @ \$29.00 Lachman / Schmid (1999) | \$19.00 |
| Pot of Gold | (S) | From Hans Hansen comes this great new sport of H. 'Rainbow's End' Narrow, glossy gold leaves create a nice clump for pinkish-lavender flowers that bloom in mid-July. The flower scapes show a heavily speckled purple to bring out its unique display on the 18 inch flower scapes. Hansen / Shady Oaks Nursery (NR) | \$21.00 |
| Potomac Glory | (L) | Sport of 'Potomac Pride'. 20"x 46" It is very rare to find a hosta leaf with a light green centre and a wide dark green margin but this hosta has both. It retains all the vigor and great substance of 'Potomac Pride' and is easy to grow. Spidery lavender flowers in June and July. Best highlighted in morning sun. Whitmore (2002) | \$35.00 |
| Powder Blue | (L) | Huge mound of rich blue foliage, cupped downward, heavily corrugated and thick substanced. Pale lavender flowers. Sugita / Ruh (1998) | \$19.00 |
| Incredible new streaked introduction Powder Keg | (L) | Powder Keg' is expected to become a significant breeding plant, as well as a highly rated specimen plant in the shade garden; sport of 'Powder Blue'. Incredible combination of white streaks and mottled areas on a deep blue-green background. Near-white flowers from mid-June into July on scapes that just top the foliage. New introduction Zilis (NR) | \$55.00 |
| Prairieland Memories | (M) | Sport of 'Royal Standard'. Medium-gold leaves. Pure white, fragrant flowers. Zilis / Central Illinois HS (2003) | \$14.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|---|-------------|---|-------------------|
| Prairie Dawn | (L) | Variiegated hybrid of 'Gold Regal' X 'Blue Vision'. Green in the center with a 1" wide gold to creamy margin; slightly corrugated; good substance. Pale purple flowers open in July on 24-36" scapes. Zilis (2009) | \$19.00 |
| Prairie Dazzler | (M/L) | Golden beauty. Hybrid of 'Gold Regal' X 'Blue Vision'. Bright gold color; moderately corrugated; good substance. Zilis (2009) | \$19.00 |
| Prairie Moon | (M) | Another wonderful Hans Hansen introduction! 'Prairie Moon' emerges in the spring with bright-yellow leaves and a lovely silver reverse. Good slug resistance is provided by thick, wedge shaped leaves. Flowers are 2-inch lavender bell-shaped blooms in August. Hansen (2007) | \$19.00 |
| Prairie Sky PP 17309 | (M) | [[seedling of <i>H. rupifraga</i> x 'Maruba Iwa' x 'Blue Jay'] from H. Hansen, Shady Oaks Nursery, 2005. 14"x 36" This is a powdery-blue hosta with extra white wax on its gently cupped heart-shaped leaves. Stands out in the garden. Lavender flowers in July. Hansen (2005) | \$20.00 |
| Prairie SumShine | (L) | This sport of 'Sum and Substance' from Mary Ann Metz differs from its mother plant by its smaller size and lighter gold foliage. Introduced at the 2009 Midwest Regional Hosta Society's Convention in Champaign, IL. Lavender flowers are produced from late July into August. Illinois Prairie HS (2009) | \$23.00 |
| Prairie Sunset | (M/L) | Attractive, medium-large mound that offers sharp contrast between the rich gold-centred and green-margined foliage. 'Prairie Fire' sport from Q & Z Nursery. Near-white flowers mid to late July. Zilis (2009) | \$50.00 |
| American Hosta Growers Association-2011 Hosta of the Year. | | | |
| Praying Hands | (S) | Popular, unusual cultivar with extremely cupped, very wavy, white-margined foliage. Great in the garden, but outstanding as a container plant which emphasizes its upright mound habit and narrow, wavy foliage. Narrow funnel-shaped, lavender flowers from late July into August on 30" scapes. Williams (1996) | \$16.00 |
| Precious Metal | (S) | Sport of 'Lakeside Down Sized' that forms a small medium sized mound of gold to chartreuse foliage with much more vigor than its mother plant. Lavender flowers in late summer. Limited stock!! Zilis (2009) | \$22.00 |
| Prestige and Promise PPAF | (M) | Wide margined sport of H. 'Cadillac'. Dark green leaves with a rich gold centre. Excellent substance and near-white flowers. Walters Gardens / Bergeron (2008) | \$22.00 |
| New Pretty Peggy | (M) | White Vision' x H. <i>Montana macrophylla</i> . Medium gold foliage, slightly cupped, moderately wavy and of thick substance. Near-white flowers. Originator plant has been in the display gardens at Wade and Gatton Nurseries for years but never TC'd or distributed. New introduction (registered in 1999 but just released to the public). Ward (1999) | \$29.00 |
| Prince of Darkness | (M) | Spectacularly variegated beauty from Jim & Karen Schwarz of Dubuque, Iowa; exhibits tetraploid properties. Dark green with a narrow, white center; good substance. Pale lavender flowers on two-foot scapes in August. Schwarz (2009) | \$25.00 |
| Princess Anastasia | (M) | Shiny yellow gold leaves with a slightly rippled blue-green margin. Moderately cupped and intensely corrugated. Pure white flowers with lavender striping in June. Trucks (1998) | \$17.00 |
| Back in stock Proud Sentry | (M) | Great introduction by Don Dean. Vigorous grower. Erect, fountain-shaped clump of crisp green leaves with yellow margin. Leaves are held up and out to reveal red petioles. Pale lavender flowers. We planted our display plant in the gardens in the summer of 2010 and it was already a wonderful size at the end of 2011. This is one hosta that I can hardly wait to see in the spring !!! It is simply a "stand-out" hosta in our gardens. We will have only about 10 plants available in 2012 as we had a very large waiting list for this beauty. Dean (2008) | \$26.00 |
| New Puddles and Bumps | (M) | Mark Zilis hybrid between H. <i>rectifolia</i> 'Ogon Tachi' X 'Lily Pad'; aptly named; great grower. Shiny, dark green; many distinct corrugated depressions throughout the blade. Medium purple flowers open on 16-30" scapes from mid-July to mid-August. 1st year TC available in July 2012. New introduction. Zilis (2010) | \$22.00 |
| Purple Boots | (M) | Cross between H. 'Gig Harbor' and H. 'Riptide'. Wonderful reddish-purple petioles and medium green coloured leaves are the main attraction until the eye-catching dark purple flower scapes and buds take the stage. Van Eechaute (2004) | \$18.00 |
| Purple Haze | (M) | Blue leaves held on purple petioles, and colour continues into the veins creating a "purple haze" on the centre portion of the leaf surface. Colour fades by summer. Lavender flowers. Janssen (NR) | \$20.00 |
| Purple Passion | (M) | Dark purple petioles and scapes with green leaves. Purple flowers, very dark in mid to late season. Benedict / Ruh (2005) | \$18.00 |
| Quarter Note | (S) | (G. Johnson) Small. 8" X 16" or so. An exciting small variegated seedling from Greg Johnson with a bright white border and bright red on the petioles and a completely red scape. Lavender flowers in July. The green leaves, white margins and red scapes make a riot of color in a small garden niche. Johnson (NR) | \$20.00 |
| Queen Josephine | (M) | Outstanding choice as a ground cover or specimen plant. Shiny leaves that are dark green in the centre with a 1' wide, yellow to creamy-yellow margin. Pale purple flowers. Kuk (1991) | \$13.00 |
| Queen of the Seas | (L) | Large, very blue heart-shaped leaves have amazing pie-crust margin. Pale lavender flowers. Seaver (2001) | \$18.00 |
| Back in stock Quilting Bee | (S) | Cute medium size mound of deep-green, puckered, heart-shaped leaves. Lavender flowers. O'Harra / O'Harra Hosta Society (1999) | \$13.00 |
| New Radiant Star | (S) | Dark centred sport of 'Radiant Edger'. Vigorous growing small hosta with slightly cupped, heart-shaped leaves and a wide gold margin. Pale lavender flowers in late summer. Plants are 1st year over-wintered TC and will be available after June 15, 2012. Wilson (2007) | \$20.00 |

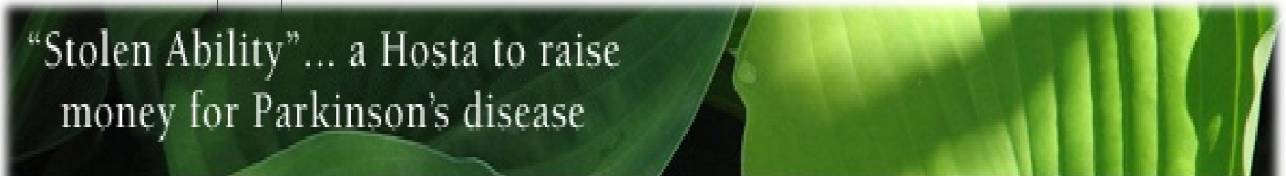

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|--------------------------|-------------|---|-----------------------|
| Rain Dancer | (L) | Chartreuse-yellow sport margined sport of the ever popular 'Blue Umbrellas'. The margins, up to two inches, frame the large 12 inch blue-green, almost round leaves. Pale lavender flowers in early summer. A large, imposing plant for the back of the border. Hansen / Shady Oaks (2007) | \$17.00 |
| Rainbow's End PP 17251 | (M) | Sport of 'Obsession' 11" X 21" This is a very unusual, but intriguing hosta with very dark green, shiny leaves with a yellow centre that streaks into white. Purple flowers in August. Plant in a spot that you frequently pass by. Plants will be 1st year TC plants and available after June 1, 2012. Hansen (2005) | \$19.00 |
| Rainforest Sunrise | (S) | Sport of 'Maui Buttercups'. Bright-gold centre & deep-green margin. Nearly round, cupped, corrugated. Lavender flowers. Winterberry Farms / Anderson (2003) | \$18.00 |
| Rare Breed | (L) | Showy large hosta with beautiful tri-colored leaves. Green margins surround the cream to crisp white centres and army green jetting between the two. Forms a semi-upright clump topped with pale lavender flowers. Livingston (NR) | \$25.00 |
| Raspberries and Cream | (S) | Sport of 'Raspberry Sorbet' with gold margin. developed by Q & Z Nursery. Shiny, dark green centres. Smooth texture. Good substance bluish purple flowers open on 20" scapes in August. Scapes vividly colored reddish purple. Zilis / Toman (2004) | \$27.00 |
| Raspberry Sorbet | (S) | REDDISH-PURPLE SCAPES. Shiny dark-green foliage & bluish-purple flowers-Aug.. Good sun-tolerance! Lohman / Zilis (1999) | \$13.00 |
| Ray of Hope | (D) | <i>H. laevigata</i> sport. 6" X 16" Very wavy, green lanceolate leaves with streaks of gold changing to creamy-white flashing throughout. Good substance and sun tolerance. Small, lavender "spider" flowers in August. A little unstable, but fun to be around. Try it in a container. Tower / Solberg (2005) | \$30.00 |
| Rebel Heart | (M) | Seedling out of a 'Sea Prize' breeding line. Semi-upright habit. Leaves bluish green in the center with a gold margin that changes to creamy white. Pale lavender flowers open on 16" scapes from mid-July into August. Bridgewood Gardens (NR) | \$30.00 |
| Red Alert | (M) | A variegated seedling of 'Katsuragawa Beni'. Green leaves with a narrow, creamy yellow margin are held on crimson red petioles. Red coloration extends up the leaves. Deep lavender flowers. Nora (NR) | \$21.00 |
| Red Hot Flash | (S) | Tetraploid form of H. 'Peedee Gold Flash'. With its wider leaf margin, the plant has greater vigor and size. Purple bell-shaped flowers top the clump of foliage in August. A nice combination of variegation and red leaf petioles and flower scapes. Machen (2004) | \$16.00 |
| Red Hot Poker | (M) | A clean, non-burning variegated hosta with fabulous red flower scapes. Shiny green leaves of good substance have a creamy white margin. Mature leaves are slightly wavy and cupped. Lavender flowers appear on tall, red scapes. Asch (2005) | \$17.00 |
| Red October | (M) | LEAF STEMS ARE RED and color extends into lower leaf veins. Long, narrow green leaves. Lavender flowers & purple scapes. Herold (NR) | \$12.00 |
| Regal Splendor | (L) | American Hosta Growers Association- 2003 Hosta of the Year. Sport of 'Krossa Regal'. Same vase-shape but frosty blue leaves are embellished with gold margins. Lavender flowers. Walters Gardens (1987) | \$13.00 |
| Regal Supreme PP 19818 | (L) | Gorgeous new sport of H. 'Krossa Regal' from Jan Van den Top. Heart-shaped frosty gray-green leaves set off with broad cream margins on an upright vase-shaped mound. Grow this one in good morning sun and a bright shady location in the afternoon. Lavender flowers. Currently sells for an average price of \$25.00 US at only four US retailers. van den Top / Van Eechnaute (2008) | \$23.00 |
| New Regal Tot | (D) | Hybrid between 'Gold Regal' and 'Shining Tot' ; neat, compact mound of roundish gold foliage; gets its leaf color from 'Gold Regal', its leaf and mound size from 'Shining Tot'. Chartreuse early, becoming gold as the season progresses; slightly cupped; slightly corrugated. Pale purple flowers open on 10-14" scapes from mid-July into August. Plants are 1st year TC and will be available after June 15, 2012. New introduction Zilis (2010) | \$19.00 |
| Remember Me | (M) | A sport of 'June'. Leaves emerge yellow with a narrow, dark blue-green margin that jets towards the midrib. Centre brightens to cream in summer. Lavender flowers. Royalties for this wonderful hosta go to fund Breast Cancer research and education. Walters Gardens (2001) | \$17.00 |
| Reptilian | (M) | Leaves are puckered, semi-cupped, with piecuted edge & heavy substance. Red leaf petioles & scapes. Lavender flowers. Sawyer (NR) | \$12.00 |
| Restless Sea | (M) | Back by popular demand! Wedge-shaped, wavy leaves have slightly serrated edge & cupped leafbase. Upright clump with pale lavender flowers. Hansen (2006) | \$18.00 |
| Revolution | (S) | Creamy-yellow leaf centre with GREEN SPECKLES. Very dark-green margins. Lavender flowers. Van Eijk-Bos / Walters Gardens (2000) | \$14.00 |
| Rhapsody | (L) | Wonderful large mound of green-centred, white-margined foliage. Mark Zilis writes: "Rhapsody" has been greatly underrated. It offers a large, flowing mound of beautifully variegated foliage that is even more magnificent in July when the towering scapes of lavender flowers rise well above the ground". A great hosta at a wonderful price! Hatfield / AHS (2009) | \$10.00 |
| Rhinestone Cowboy | (L) | A hybrid of H. 'Sea Prize' and H. 'Maekawa' Chartreuse-centred with a creamy white margin. Foliage is cupped. Heavily rippled and of thick substance. Near-white flowers. Eislager (2000) | \$19.00 |
| Rhino Hide PPAF | (M) | This great new introduction has the substance of "Rhino Hide". Extremely thick leaves that are much thicker than other hostas. Strong petioles hold leaves with bright green centres and a wide blue border. The leaves become deeply cupped and puckered with age. White flowers early in the season. Rawson (2007) | \$25.00 |
| Rich Uncle | (M) | Sport of 'Electrum Stater' Very thick, rounded chartreuse leaves turn gold - probably tetraploid. Near-white flowers. Malloy (2002) | \$15.00 |
| New Ringmaster | (S) | Dense mound habit; stabilized sport out of 'Dorset Clown'. Blue green center with a ¼" to ½" wide margin that changes from yellow to creamy white; thick substance. Very pale lavender flowers open on 15-20" scapes in July. Plants are 1st year TC and will be available after June 15, 2012. New introduction Zilis (2011) | \$21.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|---|-------------|---|-----------------------|
| Ringtail | (M) | Seedling of 'Green Fountain'. A Kent Terpening introduction that is unique in that it has narrow green leaves that curl down at the tip. Leaves are also bordered with mini ruffles. This delight blooms late but holds on well into the fall for added enjoyment. Terpening / Maier (2005) | \$22.00 |
| Ripple Effect | (M) | Super new introduction that is going to be one of this years big sellers (next to Bob Solberg's 'Curly Fries'). This sweetie has a narrowly ovate and intensely rippled and unruly leaf. Creamy-yellow to gold centre with an irregular narrow green margin and green "flashes" shooting from the tip towards the leaf base. Walters Gardens / Bergeron (2008) | \$22.00 |
| New Rippled Treasure | (M) | Mark Zilis hybrid of 'Lily Pad' X 'Rosedale Doughboy'; selected for its beautifully rippled margins and good growing characteristics. Bluish early, changing to medium green by early summer; heavily rippled margin; slightly wavy; slightly corrugated; elliptic blade shape. Pale lavender flowers bloom from late June into mid-July on 27" scapes. Plants are 1st year TC and will be available after June 15, 2012. New introduction Zilis (NR) | \$19.00 |
| Rising Sun | (L) | The leaves have heavy substance and will become a bright gold colour. Lavender flowers. Vaughn (1988) | \$15.00 |
| Risky Business | (M) | White-centred sport of 'Striptease' Pure white strip up the centre of the leaf & deep-green wide margins. Fast growth! Hansen / Avent (2002) | \$19.00 |
| Robert Frost | (L) | The blue-green leaves are thick and rounded with impressive, wide creamy-white margin. Pale lavender flowers. Lachman (1988) | \$13.00 |
| Robin Hood | (M) | Wonderful hosta introduction from Jim Schwarz of Iowa featuring heavily corrugated leaves that are medium green in the centre with a blue-green to dark green margin. Near-white flowers in late June into July. Schwarz (2000) | \$17.00 |
| New Robin of Loxley | | Sport of Jim Schwarz's 'Robin Hood'; its name stems from the supposed birthplace of the legendary Robin Hood. Rich, blue-green foliage. Near-white flowers are produced from late June into mid-July. New introduction Schwarz (NR) | \$16.00 |
| Rock of Gibraltar | (M) | Fabulous blue-green sport of 'Chain Lightning' developed by Q & Z Nursery. Blue-green foliage on a medium sized mound. Produces pale lavender flowers in July. Zilis (2010) | \$19.00 |
| Back in stock Roller Coaster Ride | (M) | Sport of 'Ray of Hope'. Long, narrow, green-centred leaves with narrow, creamy-white edge. Heavily rippled. Narrow-petalled purple flowers. Zilis / Solberg (2005) | \$19.00 |
| Rootin Tootin | (M) | Sport of 'Abba Irresistable'. Thick, rigid leaves are dark green with a creamy white centre that resists melting out. Tight mound holds deep contrasting color all season. Lavender flowers. Barta / Ziarek (NR) | \$18.00 |
| Roseann Walter | (M/L) | Medium-large mound of blue-green foliage has a wide gold centre, slowly changing to creamy-white as the season progresses. The ovate-shaped leaves are slightly ruffled. Pale lavender flowers bloom late June to mid-July. Benedict / Kuk (2006) | \$20.00 |
| Rosedale Barnie | (M) | <i>H. ventricosa</i> x 'Invincible'. Very dark-green leaves. Flowers add interest- purple & carried in clusters. Hadrava (1999) | \$12.00 |
| Rosedale Golden Goose | (L) | Large, bright gold from Jerry Hadrava who reports that this has outstanding sun-tolerance. Lavender flowers on 32" scapes in July. Hadrava (1999) | \$18.00 |
| Rossing's Pride | (M) | <i>H. fortunei</i> Hyacinthina sport. Medium green-blue foliage with gold margins. Pale lavender flowers. Rossing (1993) | \$35.00 |
| Rotini | | New introduction Beilstein / Zilis / Vanous (2009) | |
| New Roundabout | (M) | Dense mound of bluish green foliage. Leaves are nearly round, slightly cupped, moderately corrugated, and covered with a thin underside bloom. Lilac colored flowers from mid-June into July. Savory (1988) | \$17.00 |
| Roy Klehm PPAF 19647 | (L) | This tetraploid conversion of 'Summer Serenade' features an upright vase-shaped habit with leaves displayed horizontally. Yellow leaves are framed by a dark green margin that is much wider than in 'Summer Serenade'. Lavender flowers. Hansen (2007) | \$19.00 |
| Royal Flush | (S) | Sport of 'Fortunei'. Green leaves with very wide yellow margins. Light purple flowers. Savory (1985) | \$16.00 |
| Royal Mouse Ears | (D) | Sets the standard for variegated minis; beautifully streaked sport of 'Blue Mouse Ears' found by Emile & Jane Deckert in the early 2000s. Blue-green with many gold and creamy white streaks throughout the blade; smooth texture; thick substance. Purple flowers on 12" scapes in July. Only a few available in 2012. Deckert (2004) | \$40.00 |
| Royal Standard | (L) | FRAGRANT! Large mound of glossy, wavy leaves. White flowers have evening scent. Sun tolerant with sufficient moisture. Grulleman / Wayside Gradens / AHS (1986) | \$8.00 |
| Russ O'Harra | (G) | 'Elatior' selection. Giant mound of very shiny green leaves. Very tall stems & near-white August flowers. O'Harra / Olson / Zillis / O'Harra HS (1999) | \$26.00 |
| Ryan's Big One | (G) | Impressive mound of thick, heavily corrugated, blue-green foliage that is a selfed seedling of <i>H. sieboldiana</i> 'Elgans'. Near-white flowers from mid-June into July. Englerth (1982) | \$16.00 |
| Sagae | (L) | American Hosta Growers Association- 2000 Hosta of the Year. Vase-shaped, classic hosta! Heart-shaped green leaves are encircled by golden margin. Lavender flowers on 4' stems. Watanabe (1996) | \$15.00 |
| New Saint Elmo's Fire | | Mutation of 'Sea Fire' introduced by Bob Solberg in 1995 that offers interest the whole growing season; multi-coloured effect created through a combination of season colour changes, new growth, and variegation. Colour changes from gold-centered with a white margin to green-centered with a white margin (1/4" wide); blade ovate-shaped, moderately corrugated (at maturity), and slightly wavy. Pale lavender flowers open on three-foot scapes from late July into mid-August. Solberg (1995) | \$15.00 |
| Saketini | (S) | Oddly colored hybrid of a gold sport of 'Blue Dimples' X 'Shining Tot'; Good specimen for the front of the shaded garden. Compact; 9" high by 20" wide. Pale yellowish green color; slightly shiny; wavy; good substance. Pale purple, closed flowers on 16" scapes from August 12 to September 4. New introduction Zilis / Vanous (2009) | \$19.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|---|-------------|--|-----------------------|
| Salute | (M) | UNIQUE! Narrow, pointed leaves form an upright plant. We find that it does well in sun too! Lavender flowers. Benedict (1995) | \$12.00 |
| Sandhill Crane | (M) | Upright mound of very narrow, extremely long white-margined foliage & green centre. Purple flowers on 3' scapes in August. Johnson (2004) | \$18.00 |
| Sara | (M) | Upright mound. Starts out chartreuse and turns gold. Prominent veins. Pale lavender flowers. Kuk (1994) | \$20.00 |
| New Sara's Gold | | Description coming soon. | |
| Sara's Sensation | (L) | Sport of 'Frances Williams' from Paul & Linda Hofer of Perry, Ohio. Leaves 12"x 10", blue-green in the centre with a 3 1/2" wide, gold margin. Heavily corrugated. Thick substance. Near-white flowers from mid-June into early July. I got a peak at this hosta recently at the Landscape Congress Show in London where Q&Z Nursery had a few of these plants on display and it is truly a gorgeous hosta! Hofer (1998) | \$25.00 |
| Satisfaction | (L) | A large, natural sport of 'Piedmont Gold' that is simply stunning. Large, deep green leaves of good substance display prominent bright yellow, wavy margins up to 2" wide. The heart shaped leaves form a wide, low mound. Near white flowers just above the foliage. Wasitis / Bridgewood Gardens (2000) | \$15.00 |
| Scallion Pancakes | (M) | This is one very different hosta!!! Each flat oval leaf is held straight up and out from the red petioles, showing soft white backs. Distinct architectural form. Great substance, fast growth rate and wonderful dark purple flared bell-shaped flowers en masse starting in mid-August. Highly fertile with many stout purple pods. Scheer (NR) | \$24.00 |
| Scarlet Ribbons | (M) | A beautiful hosta with deep purple flowers and RED PETIOLES, from the hybridizing program of Ed Elslager. Medium-green leaves with a 1/8" wide, creamy yellow to white margin. Fast growth rate. Elslager (2002) | \$25.00 |
| Sea Angel Wings | (M) | A Mildred Seaver seedling. Medium-sized mound of low, wavy gold foliage. Leaf blade narrowly ovate. Pale lavender flowers. Mother plant of H. 'Emerald Ruff Cut'. Seaver (NR) | \$25.00 |
| Sea Bunny | (M) | Heavily textured, cupped, glossy, chartreuse to gold leaf. White flowers with a faint lavender striping. Seaver (1986) | \$15.00 |
| Sea Ebony | (L) | Underrated and rarely seen Mildred Seaver introduction. Shiny, dark green leaf color. Moderately corrugated. Slightly wavy. Slightly cupped. Good substance. Near-white flowers. Seaver (1991) | \$22.00 |
| Sea Fire | (M) | Intense golden-yellow, reddish petioles, lavender flowers. Very brilliant gold in early spring then fades to a medium green in/around August. One of the most brilliant golds available in spring. Seaver (2004) | Sorry Sold Out |
| Back in stock | | | |
| Sea Gulf Stream | (M) | Sport of 'Sea Gold Star'. Bright golden foliage with wavy margins. Near-white flowers. Zilis / Seaver / Malloy (1999) | \$17.00 |
| Sea Thunder | (M) | Stable form of 'Sea Lightning'. The centre of the leaf is creamy-white and the margins are green. Lavender flowers. Seaver (2009) | \$14.00 |
| Second Wind | (M) | Sport of 'Whirlwind' Rich, dark green, shiny foliage makes this hosta stand out in any collection. Good container plant. not "just another green-leaved hosta". Lavender flowers open on 30" scapes in July. Kulpa (1991) | \$12.00 |
| New Secret Ambition PP19507 | (M) | Tetraploid form of 'Secret Love' with heavier leaf substance and a wider margin. Blue-green leaves display showy yellow margins in spring, transitioning to creamy white in summer. Near-white flowers. New introduction van den Top (NR) | \$24.00 |
| Secret Love | (M) | Sport of 'Fragrant Blue' One of our favorites here at Hosta Choice as the centre is an almost mint-green colour. Heart-shaped leaves of an intense blue-green with a margin that goes from light yellow to white as the season advances. Near-white FRAGRANT tubular flowers. van den Top / Van Eechaute (2004) | \$19.00 |
| Seducer PPAF | (M/L) | Introduced by Stuart Asch of the Foosf Group this showy hosta has large, dark-green leaves with a slightly ruffled, gold margin. Between the centre and margin there is a trace of white. For proper coloration it is best to place 'Seducer' in a very warm area of your garden where direct morning sun can reach it. Near-white flowers. Asch (2004) | \$22.00 |
| Serendipity | (M) | Blue Cadet' x 'Tokudama'. Blue-green heart-shaped leaves that forms a tight and neat clump. White flowers. Great multiplier! Aden (1978) | \$10.00 |
| Shade Fanfare | (M) | Stabilized sport of 'Flamboyant'. Medium-green centre with a creamy-white margin. Pale-lavender flowers in July. Aden (1986) | \$10.00 |
| Shade Finale | (S) | Small mound of very shiny-deep-green foliage with creamy margin. Lavender flowers in July. Goodwin (2005) | \$15.00 |
| Shade Master | (L) | Hybrid of 'White Vision' x 'Golden Rajah.' Medium sized mound of bright gold foliage. Pale lavender flowers. This gold hosta really stands out in any collection. Aden (1982) | \$10.00 |
| Shade Parade | (S) | Centre of leaf is greenish-yellow and the margin is creamy-white. Shows cupping and corrugation. Lavender flowers. Goodwin (2005) | \$16.00 |
| Back in stock Sharp Dressed Man | (M) | ('Francee' seedling) - Medium, (15" X 36") This one was a even a surprise to the hybridizer, unique in both its leaf shape and coloration. The leaves are very thick with wide green margins and pure white centers with a wonderful streaking of a third lighter green color in between. It grows very well, never melting out or burning. Lavender flowers in July. It is both handsome and elegant, named for Bob Solberg's son Michael. Solberg (2005) | \$35.00 |
| New Shazaam | (M) | SUPERB !! Dark-green wedged-shaped leaves with hugh, golden jetting margin. Lavender flowers Jones (2007) | \$15.00 |
| Sherborne Swallow | (M) | Blue-green color; good substance; the last of Eric Smith's original Tardianas to be introduced to the nursery trade and still very rare. Pale bluish lavender flowers produced in July on 18" scapes. Smith / BHHS (1988) | \$19.00 |
| Sherborne Swan | (M) | Blue leaves arch downwards to a long, slender, graceful tip. Slightly corrugated & wavy. Pale lavender flowers. Smith / BHHS (1988) | \$12.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|---|-------------|--|-------------------|
| New Shimmy Shake | (M) | Beautifully shaped light green leaves ripple and twist as they reach up and outward making a flat spreading mound. The purplish-red petioles are easily seen as the leaves dance atop them. Topped with exquisite star-shaped lavender flowers. Scheer (NR) | \$25.00 |
| Shirley Vaughn | (L) | Leaves have green centre. Edge starts out yellow and becomes creamy. Long lavender flowers in July. Vaughn (2009) | \$13.00 |
| Showboat | (M) | Dark-green centre and wide yellow margin. Turns creamy later. Lavender flowers. Lachman (1993) | \$13.00 |
| sieboldiana 'Elegans' | (L) | Classic! Huge blue-gray leaves are corrugated, textured & slug resistant. White flowers. Arends / Hylander / AHS (1987) | \$10.00 |
| Silk Kimono | (M/L) | Greyish-green with creamy-white margin. Upright growth habit. Wavy leaves are dull on top and underneath. Gowen / Hansen / Benedict (1999) | \$16.00 |
| Silver Bay | (M) | A cross between 'Silver Frost' x 'Blue Moon'. One of the best blue hostas available. Rounded intense silver blue leaves are thick and seer-suckered at maturity. Forms a dense, flat-topped mound. Pale lavender flowers. Dean (1999) | \$17.00 |
| New Silver Lode (aka: Silver Load) | (M/L) | Medium to dark green margined with a changes from white to greenish-yellow by early summer. Slightly wavy and of thick substance. Great vigor and excellent coloration. One of the best growing hostas with white-centered foliage. Lavender flowers in July. Klehm (1999) | \$18.00 |
| Silver Mine | (D) | Odd, unusual introduction from Alex Malloy of South Salem, NY. A must-have for any serious collector. Seedling of 'Outhouse Delight'. Green with white misting early in the season, increasing in its green color throughout the growing season. Average substance. Pale lavender flowers. Malloy (1999) | \$25.00 |
| Silver Moon | (S) | 'Maekawa' x 'Blue Moon' hybrid Wonderful slightly cupped, powdery-blue leaves with dramatic silver-blue undersides. Compact spreading habit. Great choice for the front of the border. Pale lavender flowers in late summer. Hansen (2007) | \$20.00 |
| New Silver Serenity | (M) | Rare introduction by Ron Livingston which has moderately rippled, bluish green leaves. Medium lavender flowers are held in neat proportion to the foliage mound. Livingston (NR) | \$25.00 |
| Silver Star (rectifolia) ('Ginbuchi Tachi') | (M/L) | Sport of Tachi Giboshi found in the wild in the Aomori Prefecture, located at the far northern tip of Honshu Island of Japan. Distinct upright growth habit. Gold-margined, medium to dark green-centred leaves. Purple flowers open on 40" scapes. Muroya / Zilis (NR) | \$20.00 |
| Back in stock Silver Threads and Golden Needles | (D) | Sport of H. 'Cheatin Heart'. Tiny gold leaves are splotted with green flecks and streaks. Lavender flowers. Anderson (NR) | \$19.00 |
| Silvermist | (M/L) | Another great Bob Balitewicz introduction. Leaves are 9 3/4"x 7". Intense blue-green foliage, covered with a thick bloom on the leaf underside. Thick-substanced. Balitewicz (NR) | \$22.00 |
| Singin' the Blues | (L) | 'Trail's End' seedling from Beilstein 2007. 25"x 50" An upright very blue seedling from 'Trails End', this sturdy hosta has leaves that are boat-shaped with a distinctive "pinch" at the base. It has heavily puckered leaves in regular rows and lavender flowers in June. It makes a statement in the background or foreground. Beilstein (2007) | \$24.00 |
| Singing in the Rain PP 19565 | (L) | Reverse sport of 'Dancing in the Rain'. The thick, blue-green leaves have a narrow, chartreuse margin that brightens to gold. Lavender flowers in mid summer. Walters Gardens (2006) | \$19.00 |
| Sky Dancer | (M) | European introduction. Medium sized clump of nice rounded, grey-green almost blue leaves with a wavy margin. <i>H. pycnophylla</i> background but with much thicker leaves. Lavender flowers. Van Eechaute (2003) | \$19.00 |
| New Skywalker | (L) | Skywalker' originated as a tissue culture sport of 'Star Wars' at Q & Z Nursery, offering rich, blue-green foliage color, a good growth rate, and excellent substance. 'Skywalker' matures at a larger size than its 21" high by 52" wide mother plant, topping 24" in height. Near-white flowers open on 24" scapes from late June into mid-July. New introduction Zilis (NR) | \$24.00 |
| Sleeping Beauty | (M) | Sport of 'Halcyon'. Pointed frosty blue/green leaves with great slug resistance. This is a great looking hosta to complement any collection. Pale lavender flowers. Walters Gardens (1997) | \$16.00 |
| Slick Willie | (M/L) | Dark green with smooth margin. Very shiny on top and underneath. Cupped, broadly ovate with cordate base. Hadrava (1996) | \$15.00 |
| Slim and Trim | (D) | Rare Herb Benedict seedling of Purple Verticillated Elf. Very small elongated, medium blue leaves. Vigorous grower with lavender flowers late in the season. Benedict (NR) | \$20.00 |
| Small Sum | (L) | Seedling of 'Sum and Substance' A smaller version for those who find that 'Sum and Substance' is just too huge. Goodwin (1996) | \$15.00 |
| New Smoke Signals | (M) | An outstanding new blue that is certain to become a classic. The symmetrical mound holds it's intensely blue-green leaves in an upright manner with the somewhat folded, flat leaves filling every space. 'Smoke Signals' will maintain it's colour late into the season and is topped with lavender flowers. Plants are 1st year TC and will be available after June 15, 2012. New introduction Stegeman (2008) | \$26.00 |
| New Smokey Bear | (L) | This seedling selection produces a wide mound of heavily corrugated blue-green foliage. The broad ovate to oblong-ovate leaves are deeply lobed and have a slight tip. Excellent substance. Near-white flowers from late June into July. New introduction Petryszyn (NR) | \$26.00 |
| Smooth Sailing | (L) | 'Fascination x'Daybreak' is an Elsager introduction. Very large, deeply-veined, gold-centred, green-margined foliage. Lavender flowers in July. Elsager (2002) | \$21.00 |
| Smuggler's Cove | (S) | This all green sport of 'Hidden Cove' has heart-shaped green leaves and is a rapid grower. Lavender flowers. Zilis (2009) | \$15.00 |
| Snow Crust | (L/G) | Green with uniform white margin. Matures as a large, full mound of white-edged foliage that is useful as a background or specimen plant. T & Z Nursery / Zilis (1985) | \$10.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|---------------------------------------|-------|--|----------------|
| Snow Mouse | (D) | A 'Blue Mouse Ears' sport. Marco Fransen brings us a wonderful new "mouse" for the "Mouse family. This little fellow has the same thick leaves as the other family members. | Spartan Arrow | (D/S) | 'Permanent Wave' hybrid. Narrow, shiny dark-green leaves that are incredibly rippled. Vigorous, compact growth rate. Ideal for the border. Goodwin (2000) | \$17.00 |
| Spellbound | (L) | Another great plant from Dick & Jane Ward. Nice combination of foliage colors. Leaves are 9 1/2"x 8 1/2" Apple green centre with 5/8" wide, creamy yellow margin. Heavily corrugated and somewhat unruly. Good substance. Ward (2005) | \$20.00 |
| Spiked Punch | (S/M) | Streaked version of 'Pineapple Punch'. Leaves are a shiny dark-green with variable streaking of white and yellow. Lavender flowers. Walters Garden (NR) | \$40.00 |
| Spilt Milk | (M) | UNIQUE! Large blue-green leaves are covered in random white lines-looks just like spilt milk! White flowers. Plant this one where it can be left untouched as it resents being moved or dug up. If you leave it alone this will surely be one of your favorite hostas ! Seaver (1999) | \$18.00 |
| Spinach Souffle | (M) | Wonderful sport of 'Garden Treasure'. Dark green leaves with a bright 2" gold margin in early summer. Very pale lavender flowers. Solberg (2006) | \$30.00 |
| Spirit of St. Louis | (G) | Seedling of 'Azure Snow'. Medium-green leaves of good substance and deeply impressed veins. Near-white flowers from mid-July to mid-August. Cross (2006) | \$15.00 |
| Spring Fling | (L) | Hybrid of 'Christmas Tree' and 'Donahue Piecrust'. Heavily rippled green leaves with a creamy-white margin. Pale lavender flowers. Herold (2000) | \$17.00 |
| Back in stock Spring Shower | (M) | A welcoming sight in a special place in the garden, this light blue "Longiana" has classic heart-shaped leaves with strong venation and most resembles a "Tardiana". It has light lavender flowers in July. Try it next to 'Camelot'. Solberg (2007) | \$25.00 |
| Spritzer | (L/M) | Long pointed leaves with rippling, green margins and yellow to white centres. Pest resistant and sun tolerant. Upright mound with light lavender trumpet-shaped flowers in midsummer. Site on a slope to enjoy it's cascading form. Aden (1986) | \$13.00 |
| St. Paul | (M) | Sport of 'Paul's Glory'. This is different from its parent because the outer blue-green margin is extra-wide. Lavender flowers. Goad (NR) | \$18.00 |
| Stained Glass | (M) | American Hosta Growers Association- 2006 Hosta of the Year. Sport of 'Guacamole' FRAGRANT!! Medium gold centre & wide green margins. Sun tolerant with sufficient moisture. Pale lavender flowers. Hansen / Shady Oaks (1999) | \$15.00 |
| New Stand by Me | (S/M) | Unique new sport of 'June' by Marco Fransen. Upright yellowish-green leaves with a very irregular blue border with lots of streaking toward the centre. Smaller clump size than 'June' but still a vigorous grower. Lavender flowers. New introduction Fransen (NR) | \$25.00 |
| New Star Light Star Bright | (M) | Hybrid from 'Tremors' and it maintains the best qualities of the parent and in addition has a nice narrow white border to accentuate its unique irregular waviness. Small than 'Tremors' but thought by most to be a nicer plant. Excellent vigor and is topped with lavender flowers. New introduction Terpening (NR) | \$26.00 |
| Star Wars | (L) | From "a galaxy far far away", comes this striking sport of 'Captain America'; developed by Bob Balitewicz of Westville, IN; H. sieboldiana background. Creamy yellow in the center with a wide (2 1/4"), bluish green to dark green margin; very broadly ovate-shaped blade; good substance. Near-white flowers bloom from late June into mid-July on 24" scapes. Balitewicz (NR) | Sorry Sold Out |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|--|------|--|------------|
| Star-kissed | (L) | Sport of 'Stardust'. Semi-upright mound, green-centred, gold-margined leaves, Good substance. Pale lavender flowers. Zillis / Poliska (2006) | \$19.00 |
| Stardust | (L) | Semi-upright mound of golden leaves that have a slightly wavy margin. Good substance. Pale lavender flowers in July. Ward (1998) | \$21.00 |
| New Steffi | (M) | Rare sport of 'Saint Elmo's Fire' from noted plant collector and nursery owner Viktoria Serafin; selected for its dramatic colour changes and deep green centre colour. Light green in the centre with a yellow edge in spring, changing to a deep green centre with a pure white margin by mid-summer; ovate-shaped blade. Pale lavender flowers on three-foot scapes from late July into mid-August. Serafin (2008) | \$25.00 |
| Step Sister | (M) | Sport of 'Sunlight Sister'. Yellow leaves with a irregular green margin. Nearly white flowers. Draheim / Trucks (NR) | \$22.00 |
| New Stephen King | (M) | Excellent new introduction by Altara Scheer features what is thought to be the darkest red petioles on a hosta....almost black. Relatively small leaves allow the showcasing of the wonderful black-red petioles. Leaves themselves curve under the upper half of the blade giving a nice twist and allowing full vision into the centre of the clump. Purple flowers in midsummer. New introduction Scheer (NR) | \$38.00 |
| Stiletto | (S) | Distinctive hosta has very long, wavy green leaves enhanced by golden edging. Purple striped flowers. Aden (1987) | \$11.00 |
| Stirfry | (M) | 'Holly's Honey' x 'Holly's Honey'. Green leaves have heavy rippling & upturned tip like 'Bridegroom' Purple flowers. Benedict (1990) | \$13.00 |
|  | | | |
| Stolen Ability | (M) | 'Stolen Ability' is a sport of a seedling of unknown parentage developed by top hosta hybridizer Mark Zillis of Q&Z Nursery in Kochelek, Illinois and named by Glenn Wilson and Yvon Trepanier of Hosta Choice Gardens in Appin, Ontario. 'Stolen Ability' forms a large mound 16" x 38" of medium green, slightly wavy, ovate shaped leaves, moderate underside bloom. Better than average substance. It features purple-red petioles and pale purple flowers that develop from mid-July into mid-August on 19-30" scapes. 'Stolen Ability' is a 2009 hosta introduction and is in the process of being registered with the American Hosta Society. It was developed as / and is a fund-raising hosta for Parkinson Society Canada with \$5.00 from the sale of each hosta going to aid research and fund services for those with this disease. Currently only available through our nursery and Hosta Fever (Barrie, Ontario), it was named to signify what Parkinson's disease does to those who are afflicted with it. Parkinson's Disease steals the ability to do what most people don't have to think about; that being basic motor skills such as walking, lifting, talking and even swallowing. Yvon Trepanier, of Hosta Choice Gardens, was diagnosed with Young-Onset Parkinson Disease at the age of 51 and currently sits on the Canadian Board of Directors for Parkinson Society Canada as well as being the Chair of Parkinson Society Canada's Advocacy Committee. Yvon is a regular crusader at Parliament Hill in Ottawa fighting for research funds to help find a cure for this crippling disease. Zillis / Wilson (2010) | \$16.00 |
| Stormy Seas | (L) | Hybrid of H. sieboldiana 'Frances Williams' X ('Marilyn' X 'Tardiflora'). Unruly habit and outstanding color; differs from its H. sieboldiana parent its flowering habit and foliage size. Deep blue-green color; leaf blade broadly oblong-ovate, corrugated, and unruly; thick substance. Pale lavender flowers from mid-June into early July on 20-30" scapes; limited pod formation. Zillis (2004) | \$24.00 |
| New Strawberry Parfait | (M) | Sharply pointed yellow leaves flare up and out with a rose-pink blush on the base of the petioles. This plant enjoys some sun and will reward you by turning pale yellow about the time it is adorned with saturated rose-pink flower scapes holding pale lavender flowers in late summer. Dean (2004) | \$21.00 |
| New Strawberry Surprise | (M) | Another great introduction by Bob Dean. Large (12"x9") leaves have a wide irregular yellow margin which changes to cream as the season progresses. The leaves are complimented with a "surprise" of glaucous red-burgundy flower scapes which hold the plant's lavender flowers. Dean (2008) | \$31.00 |
| New Strawberry Yogurt | (D) | A new mini with wonderful shiny green leaves and red dotted petioles; purple flowers. Hybrid of 'Raspberry Sorbet' x 'Shining Tot'. Medium purple flowers produced from mid late August on 13" scapes that are intensely red-dotted. Plants are 1st year TC and will be available after June 15, 2012. New hosta introduction. Zillis (2009) | \$17.00 |
| Rare Stringbean | (S) | Extremely rare lance-shaped hosta that forms a small mound of green foliage. Flowers are dark lavender. Excellent growth rate. Another must-have hosta for the true collector!!! Cullerton (NR) | \$25.00 |
| Striptease | (M) | American Hosta Growers Association- 2005 Hosta of the Year. | |
| Sugar and Spice | (L) | Ground-breaking tetraploid developed by Rick & Criss Thompson in the early 1990s. Leaves are 8" long by 6" wide. The 2" wide gold centre surrounded by a 2" dark green margin with a distinct, white line between. Good substance. Pale lavender flowers in July on 20-36" scapes from mid-July into August. Thompson (1991) | \$16.00 |
| | | Sport of 'Invincible'. Creamy-white margin surrounds shiny, green centre. FRAGRANT FLOWERS!. Zillis (2003) | \$19.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|--|-------------|---|-----------------------|
| New addition since January 1, 2012. New Hosta Introduction. | | | |
| New | | – (Seedling X 'One Man's Treasure') – Medium, (20" X 28") This is the one!!! The ultimate goal of breeding purple-petioled hostas is to produce an upright plant with rich regal purple color that runs up into the veins at the base of the leaf. Add a bright white back to the leaf and you have the perfection of the purple running all the way into the white. This is that dream plant. It has purple scapes as well and blooms in late August and September. It is a prolific seed producer. | |
| Sugar Plum | (M/L) | Solberg (2011) | \$35.00 |
| | | American Hosta Growers Association- 2004 Hosta of the Year. | |
| Sum and Substance | (G) | Massive mound of slug-resistant, golden foliage. Excellent specimen, ground cover, or background plant. Heavily fertilized and watered plants can reach immense proportions. Leaves are 18" x 14" Chartreuse early, becoming medium gold as season progresses with a moderate amount of bright light. Remains chartreuse in deep shade. Thick substance. Lavender flowers are produced on scapes up to 50" high from early to late August. Aden (1980) | \$11.00 |
| Sum and Subtle | (L) | Sport of 'Sum and Substance' developed by Q & Z Nursery. Large mound size 22" hx 40" Spreading habit. Thick substance. Subtle variegation pattern. Probably will reach greater than listed dimensions over time. Foliage colors intensify with exposure to bright light. Leaves are 2" long by 10" wide. Gold-centred with a margin that changes from chartreuse to medium green. Thick substance. Corrugated at maturity. Pale lavender flowers produced on 40" scapes in August. Zilis (2009) | \$17.00 |
| Sum of All | (G) | Sport of 'Sum and Substance' Huge green hosta with very wide golden margins. SPECTACULAR!! Lavender flowers. Zilis (2003) | \$17.00 |
| Summer Breeze | (L) | Sensational sport of 'Summer Music' developed at Q&Z Nursery. 1999 AHS registration . Wide gold margins surround a rich green centre. Pale lavender flowers open on 24-30" scapes in July. Zilis / Diesen (1999) | \$15.00 |
| Back in Stock | | | |
| Summer Love | (M) | TC sport of 'Summer Lovin'. This all gold sport will form a 18"x 40" mound at maturity with leaves 7"x 6". Thick substance. Was only available in very limited numbers by Q & Z Nursery in Illinois. Zilis / Toman (2010) | \$23.00 |
| Summer Lovin | (M) | TC sport out of 'Summer Breeze' developed at Q & Z Nursery 2004 AHS registration. Differs from its mother plant by its much darker green centre, offering an excellent contrast to the rich yellow margin. Pale lavender flowers in July on two-foot scapes. Zilis / Mullins (2004) | \$19.00 |
| Summer Music | (M) | Sport of 'Shade Master'. Vivid colouring...snow white centres are surrounded by gold and chartreuse margins. Good substance. Lavender flowers . Klehm (1998) | \$15.00 |
| Summer Olympics | (M) | All-gold sport of 'Alex Summers'. Semi-upright mound of bright gold foliage with thick substance. Lavender flowers. Zilis (2004) | \$20.00 |
| Summer Snow | (S) | This extremely rare beauty is one of the most striking white-margined hostas you will encounter. The contrast between the blue-green to dark green centre and the pure white margin is breathtaking!! Plants of 'Summer Snow' are slow to mature and at times may seem a little "one-sided" During its first couple of years plant annuals beside 'Summer Snow' to help balance its appearance. Your patience with this hosta will be worth it when your gardening friends demand to have a division of it...but don't give it to them !!! Cannon (1978) | \$22.00 |
| Back in stock | | | |
| Summer Squall | (M) | (H. sieboldiana X 'One Man's Treasure' F2 seedling) - Medium, (14" X 32" or larger) Selected for it's rich blue color and nicely folded leaves, this "Longiana" may be the best and bluest of the lot. It makes a strong statement in the garden, good substance and sturdy leaves and is a great breeder. It has 3 foot scapes of light lavender flowers in mid-summer. A great hosta! Solberg (2007) | \$25.00 |
| Summer Vacation | (L) | New sport of "Summer Lovin", this large mound of dark green leaves 9"x 7.5" has medium growth rate. Pale lavender flowers bloom on 2' scapes in July. Zilis (NR) | \$20.00 |
| New | | | |
| Sumsational | (G) | Green-edged sport out of 'Sum and Substance'; margin much darker than previously introduced 'Sum and Subtle' by Q&Z Nurseries. 1" wide, dark green margin surrounds the center which changes from chartreuse to medium gold, especially in bright light; thick substance. Pale lavender flowers produced on hanging, 40-48" scapes from late July into early August. New introduction Zilis (2010) | \$25.00 |
| Sun Power | (L) | Chartreuse to bright yellow with rippled margins on an upright, vase-shaped mound. Better than average substance. Site in good strong morning sun for best colouring. Will grow well in full sun if kept in well drain but moist soil. Pale lavender flowers. Aden (1986) | \$15.00 |
| Back in stock | | | |
| Sun Shower | (M) | (H. sieboldiana X 'One Man's Treasure' F2 seedling) - Medium, (14" X 30" or larger) 'Sun Shower' was a surprise. A "Longiana" in every way, it is a rich yellow in spring that catches every eye. It will fade toward chartreuse in mid-summer but remains a very attractive hosta. It is a one of a kind and the centerpiece of my "Longiana" hybridizing program. Light lavender flowers appear on yellow scapes in July. Solberg (2007) | \$28.00 |
| Sun Worshipper | (S/M) | 'Whiskey Sour' selfed. 10"x 22" This spring shocker is bright yellow with red, not purple, petioles. The yellow color holds well all season and can be bleached to white in sunnier locations. It favours its <i>H. yingeri</i> grandparent with its glossy ovate leaves and good substance. Nice rich lavender flowers appear in August. Solberg (2006) | \$20.00 |
| Sunlight Child | (D) | Mini hosta with elongated golden hued leaves. Another perfect one for the trough or rock garden. Lavender flowers. Benedict (1991) | \$16.00 |
| Sunlight Sister | (L) | Lemon-yellow leaves in spring turning to a bright gold as the summer advances. Slightly wavy. Deeply veined. Slightly corrugated and thick-substanced. Lavender flowers. A classic hosta. Nesmith / AHS (1986) | \$16.00 |
| Sunshine Glory | (L) | Lots of "pebbling" enhances this hosta. Deep-green leaves are edged in a wide band of gold. Near-white flowers. Vaughn (1982) | \$17.00 |
| New | | | |
| Super Nova | (L) | Reversed sport of 'Aurora Borealis'. Gold centre and wide blue-green margin. Near white flowers. Zilis (1999) | \$15.00 |
| Surf and Turf | (L) | Seedling of 'Dorothy Benedict' x 'Incredible Hunk'. Dark green, slightly shiny corrugated leaves with slightly rippled margin. Light-lavender tubular blooms in early to mid summer. Elslager (1999) | \$18.00 |
| New | | | |
| Surfer Girl | (D) | Miniature <i>H. venusta</i> -type with more heavily rippled foliage; good for the trough or the front of the border; from Chick Wasitis of Bridgewood Gardens. Purple flowers in July on 18" scapes. Wasitis (2000) | \$20.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|--|-------------|---|-------------------|
| Surf's Up | (L) | Sport of 'Lakeside Beach Captain' from Q & Z Nursery. Gold foliage. Thick-substanced. Very pale lavender flowers on 30" scapes. Zilis / Vanous (NR) | \$20.00 |
| New Surprised by Joy | (D) | Tiny heart shaped leaves emerge yellow and transition to a very crisp white in the centre and are outlined in green. White flower scapes are topped by lavender flowers. Malloy (1998) | \$19.00 |
| Sutter's Mill | (G) | High Noon'x'Big John'. A MASSIVE gold hybrid! Bright gold, moderate. corrugation, 14" long leaves. Lavender flowers in July. Balitewicz (NR) | \$22.00 |
| Swamp Thing | (M) | Typical of Tony Avent's hosta creations, this creature is a complex mix of genes that includes Hosta sieboldiana and Hosta yingeri. The resulting seedling resembles H. yingeri the most, with its oval, highly glossy foliage and purple, spidery flowers. However, H. sieboldiana lends improved substance and moderate puckering to the deep green, gold edged foliage. Hosta 'Swamp Thing' grows as fast as swamp scum (but much more attractive!) to form a spreading mound about 18" tall and 45" across. The fertile, spider-like flowers open in mid summer. Avent (2005) | \$24.00 |
| Sweet Home Chicago | (S) | Sport of 'Birchwood Parky's Gold'. Fast growing, gold-centred hosta with green margin. Lavender flowers. Zilis (2002) | \$15.00 |
| Sweet Innocence | (M) | Tetraploid form of 'Fragrant Bouquet'. Heart shaped apple-green leaves and wide creamy-white margin. Fragrant. Hansen (2005) | \$19.00 |
| Sweet Tater Pie | (M) | Hybrid of 'Golden Scepter' x H. yingeri. Medium sized mound of light gold foliage that is wavy along the margin. Very smooth texture. Pale purple flowers from mid-July to early August. Avent (1995) | \$14.00 |
| Sweetie | (M) | 'Fragrant Bouquet' x 'Fragrant Candelabra'. Centre of leaf changes from chartreuse to gold. White margins. FRAGRANT! Aden (1988) | \$13.00 |
| Swirling Hearts | (M) | Donahue Piecrust' x 'Heartleaf'. Large mound of dark-green leaves. Some ripples in margin & twisted leaf tip. Pale lavender flowers. Zilis / Ruh (2002) | \$14.00 |
| Swirls | (S) | Sport of 'Geisha'. Brilliantly streaked beautiful foliage is a mix of green with gold streaks in spring changing to chartreuse by late summer. Purple flowers mid-August into September on 2' scapes. Zilis (NR) | \$25.00 |
| T-Rex | (G) | GARGANTUAN! Really, really gigantic. Green, floppy leaves. 18"x 14". Near-white flowers. Ward (1999) | \$17.00 |
| Tambourine | (M) | Green centre and white margin. Pale purple flowers. Lachman (1987) | \$10.00 |
| New Taurus | | Incredibly corrugated, deep blue-green introduction from Jim Husemann of Asbury, Iowa; selected seedling from 'Rosedale Black Hole'; WOW!! Deep blue-green; intensely corrugated; cupped; unruly; thick-substanced. Flowers produced from late June into mid-July. Plants are 1st year TC and will be available after July 15, 2012 New introduction Huseman (2009) | \$24.00 |
| New Tea and Crumpets | (S) | Attractive small mound of cupped green leaves with a creamy white margin. Slightly corrugated. Pale purple flowers in July. Lachman / AHS (2009) | \$15.00 |
| Tears of Joy | (D) | Rare!! This little girl is a true mini!! Mound height just over 4" and the leaves 2"x 1". Medium-green lanced shaped leaves are folded in a very similar fashion as 'Praying Hands'. Vigorous grower. Tiny purple flowers. A perfect hosta for trough gardening. Black / Johnson / Seabright Gardens (2005) | \$17.00 |
| Teaspoon | (S) | PERFECTLY NAMED! The small rounded, cupped green leaves look just like teaspoons. Pale lavender flowers. Nyikos (1998) | \$14.00 |
| Teatime | (M) | TC sport of 'English Sunrise' developed at Q & Z Nursery 2006 AHS registration. Leaf color differs from its gold-colored mother plant by its dark green centre. Outstanding substance. Bluish green in the centre early, changing to dark green. Margin chartreuse to medium gold. Zilis / Boyden (2006) | \$23.00 |
| Teeny-weeny Bikini | (D) | 'Tsgaru Komachi' selfed. Destined to become a famous hosta! Very shiny pale yellow leaves with a green margin. Mound 3.5"x 7" Eislager (2000) | \$15.00 |
| Temple Bells | (M) | 'Beatrice' unvariegated hybrid. Medium green leaves with wavy edge, shiny, lovely deep purple flowers. Banyai (1992) | \$10.00 |
| New Temptation | (M) | New addition since February 1, 2012 sieboldiana 'Elegans' sport, blue-green leaves with a white center in spring and then changing to medium green in the centre with a dark green margin. Rarely seen in the trade. Near-white flowers from mid-June into early July. | \$21.00 |
| New Tennessee Waltz | (M) | Tissue culture sport of 'Moonstruck'. Medium sized mound of bluish green to bright green foliage. Leave blade ovate-shaped at maturity. Lavender blooms in August. Zilis / Middle Tennessee Hosta Society (NR) | \$20.00 |
| New Tenryu | (L) | Large, semi-upright mound of blue-green foliage. Average mound size is 28"H x 60"W but as large as 44"H x 86"W. Leaves ovate-shaped, cupped, moderately corrugated and of thick substance. Lavender flowers on scapes over 6 feet tall. Yoshie (2002) | \$16.00 |
| The Devil's Edge | (M) | Unusal sport of 'Dust Devil', differing by its distinctive, much narrower edge. Developed by Q & Z Nursery. Leaves are 8"x 6". Green-centred foliage. Margin changes from chartreuse to creamy white. Lavender flowers from late July into August. Zilis (2009) | \$29.00 |
| The King | (M/L) | Attractive variegation; medium-large mound size; sport of 'Sir Richard'. Bluish green in the center with a gold to creamy white margin; slightly rippled; moderately corrugated; good substance. Lavender flowers on 30" scapes in July. Schwarz (2007) | \$24.00 |
| Back in stock The Leading Edge | (G) | A 'Dorothy Benedict' selfed. An Ed Eislager introduction. Semi-upright mound of rippled, heart-shaped, green leaves with a yellow margin. Nearly-white flowers. Eislager (2002) | \$21.00 |
| The Queen | (M) | Medium-sized mound; sport of 'Sir Richard'. Great for container planting or the garden. Gold to creamy white in the center with a bluish green margin; slightly rippled; moderately corrugated. Lavender flowers in July. Schwarz (2007) | \$24.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | <u>2012 PRICE</u> |
|--|-------------|--|--------------------------------|
| The Razor's Edge | (S) | This sharp looking hosta has an upright habit which draws attention to the extremely bright red petioles of the long, narrow, intensely ruffled, lance-shaped, green leaves. Lavender flowers. Terpening (NR) | \$20.00 |
| The Right One | (M) | A brilliant hosta that features a gold centre surrounded by a dark green to blue-green margin. Margin colour varies as it blends into the centre colouring. Thick substance and lots of corrugation. Lavender flowers. Eislager / Zilis (NR) | \$30.00 |
| The Shining | (M/L) | Solid gold-yellow counterpart to 'Cathedral Windows'. Large luminescent leaves show-off the large, fragrant pale lavender flowers in late summer. Make sure you position this one in good morning sun to ensure the best yellow colouring. Hansen (NR) | \$21.00 |
| Thumbelina | (D) | Small leaves are medium-green with a creamy-white margin. Lavender flowers. Ward (1996) | \$13.00 |
| Thunderbolt PP 14232 | (M) | Sport of sieboldiana 'Elegans'. Very wide blue-green margin and narrow creamy-white centre. Near-white flowers. Hawksridge Farms (NR) | \$17.00 |
| <i>Back in Stock</i> Thunder Boomer | (M/L) | Outstanding. Bob Solberg hybrid combining traits of H. sieboldiana and 'One Man's Treasure'; striking mound structure. Bluish green to medium green color; slightly rippled margin; good substance. Pale lavender flowers on 40" scapes in July. Solberg (2007) | \$23.00 |
| Tick Tock | (S) | Sport of 'Gold Drop'. Fast-growing, chartreuse-gold centred leaves with mid-green margin. Pale lavender flowers. Kipplen (NR) | \$15.00 |
| Tickle Me Pink | (S/M) | Wonderful new introduction. Leaves emerge bright yellow-chartreuse with red tips and some red brushed across the shiny backs. Red Petioles. Leaves advance to a golden color with a slight sheen. Fuschia-pink buds in September on dark scapes. As the fall approaches the leaves once again get brushed with touches of red. Stegeman / Hack (2006) | \$22.00 |
| Tiny Bubbles | (S) | ('Corkscrew' X 'Lemon Frost') - Small, (8" X 16") This bright yellow harbinger of spring has arrowhead-shaped leaves with good substance but it is the closed orchid flowers that persist for weeks in mid-summer on perfectly proportioned yellow scapes that make this a very unique hosta. It is a very sturdy little plant that grows very well. Solberg (2008) | \$25.00 |
| Titanic PP 12402 | (G) | Sport of 'Sum and Substance'. Huge green leaves are outlined by a broad, gold margin. Pale lavender flowers. Hansen / Shady Oaks Nursery (1999) | \$19.00 <i>Sale \$14.00</i> |
| <i>New</i> Titanium | (M) | This wonderful slug resistant silver-blue clump has leathery, smooth centred and wavy edged leaves that are heavily coated with wax on both the upper and lower surface. Loves morning and late afternoon sun but needs protection from mid-day sun to preserve the blue well into the season. A second flush of leaves mid to late season keeps the blue coming. Lavender flowers in late summer. Certainly a blue that is worth a place at the front of the border. Dean (2000) | \$24.00 |
| Tokudama | (M) | Corrugated, slug-resistant, blue foliage. Near-white flowers with pale lavender strip. Japan (NR) | \$12.00 |
| Tokudama Aureonebulosa | (M) | Gold centre & blue edges. The opposite of 'Tokudama Flavocircularis'. Slow growth-very thick leaves & corrugation. Maekawa / AHS (1987) | \$16.00 |
| Tokudama Flavocircularis | (M) | Blue centre & gold edges. The opposite of 'Tokudama Aureonebulosa'. Slow growth but well worth the wait. Near-white flowers. Maekawa / AHS (1987) | \$15.00 |
| Tom Schmid | (L) | Super new sport of 'Krossa Regal'. Long blue leaves are surrounded by a slightly rippled, wide white border. Excellent substance. Schmid (1995) | \$17.00 |
| <i>New</i> Tomahawk | (S/M) | Wonderful new introduction that is a sport of 'Tatoo'. Differs from its mother plant by its wide medium green-margined, gold centred foliage that lacks the watermark between the margin and the centre. Forms a dense, small-medium sized mound. Pale lavender flowers. <i>New introduction</i> Wade (NR) | \$32.00 <i>Sale \$27.00</i> |
| <i>New</i> Tonoko Tachi | (M/L) | Native to full sun sites in northern Japan; more sun-tolerant than other Hosta rectifolia types; listed as H. rectifolia pruinosa, or more simply, 'Tonoko Tachi'. Shiny, medium green color; white underside; ovate-shaped, wavy, and moderately corrugated at maturity; good substance. Purple flowers from late July into August on 24-30" scapes. Japan (NR) | \$22.00 |
| Topaz | (M) | 'Neat Splash' x 'Dorset Blue'. Blue leaves have fast growth & good substance. Pale purple flowers. Johnson (2004) | \$14.00 |
| Tortifrons | (D) | Japanese selection of H. 'Tardiflora'. Glossy dark leaves that are intensely twisted as if they had been electrocuted. Excellent selection for a rock garden or trough planting. Maekawa / Schmid / Japan / AHS (2002) | \$15.00 |
| Tortilla Chip | (M) | New sport of 'Stained Glass' from Bob Solberg of Green Hill Farm, Chapel Hill, NC. Brilliant splash of gold foliage for the shaded garden. Smaller than 'Fried Bananas', the gold-leaved sport of 'Guacamole'. Leaves are 7"x 5". Bright gold color. Smooth texture. Fragrant, pale lavender flowers on 30" scapes in August. Solberg / Zilis (2002) | \$16.00 |
| Totally Twisted | (M) | Medium sized mound of heavily rippled medium green leaves that have white undersides that are also displayed when the leaves twist. Purplish red petioles complete the effect. Scheer (NR) | \$25.00 |
| Touch of Class PP13080 | (M) | Tetraploid form of 'June', therefore leaves are thicker & more upright. Blue margins surround central gold flame. Lavender flowers. Hansen / Shady Oaks (1999) | \$17.00 |
| <i>New</i> Touch of Frost | (M) | New addition since January 1, 2012 New sport of 'Touch of Class' found at Marco Fransen's nursery in Holland....rubbery-like blue leaves are tough as nails and topped with lavender flowers midsummer. Colour holds into late summer. Fransen (NR) | \$19.00 |
| Tower of London | (M) | Multicolored 'London Fog' sport that emerges in spring creamy white, becomes misted in the centre with a yellow margin, finally turning green in the centre with a creamy margin by season's end. Leaves should reach 8" long by 5" wide at maturity. Pale lavender flowers open on two-foot scapes in July. Zilis / Toman (2009) | \$40.00 |
| Toy Soldier | (S) | Sport of 'Blue Cadet'. Blue-centre leaves have unusual bi-coloured cream & green margins. Lavender flowers. Solberg (2000) | \$14.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|--|-------|--|------------|
| New Treasure | (L) | Highly rated gold-leaved cultivar; 'Tokudama Aureonebulosa' seedling from Gretchen Harshbarger ; notable for its brilliant gold color and intense corrugation. Medium to bright gold; cupped; heavily corrugated; thick substance. Very pale lavender flowers from late June into July on 30" scapes. Harshbarger (1981) | \$14.00 |
| Trifecta | (S) | Trifecta' is a wonderful new sport of H. 'Little Sunspot'. I saw this hosta for the first time last fall and knew I had to offer it at Hosta Choice. It has a wonderful dark-green border and a creamy to pure white centre. Where the margin and centre meet there is a very distinct wide yellow line that resembles the shadow of a feather. This beautiful mound is topped with pale lavender flowers in late summer. This is one very distinct hosta that everyone's collection should have. Briggs Nursery / Birks (2008) | \$18.00 |
| New Triple Play | | Description coming soon. | |
| Triple Ripple | (L) | 'Dorothy Benedict' seedling. Introduced by the late Ed Elslager and registered in 2005 by Q&Z Nursery. Light green leaf with a very narrow yellow margin. Elslager (2005) | \$25.00 |
| Back in stock Tropical Dancer PPAF | (L) | New sport of 'Spring Fling'. Long tapered green leaves border by a wide, intensely ruffled, creamy-white border. Lavender flowers. This one will be a real stand-out in any hosta collection. Sold out quickly last year. New inventory will be 1st yr. TC and available July 15, 2012. van den Top / Van Eechaute (2008) | \$24.00 |
| Tropical Storm PPAF | (S) | New sport of 'Rainforest Sunrise' by Walters Gardens in Michigan. Almost round green leaves are border by a wide yellow margin. Vigorous grower. Pale lavender flowers. Walters Gardens / Bergeron (2007) | \$19.00 |
| Twilight | (M) | Sport of 'Fortunei Aureomarginata'. Dark green with a flat gold margin. Very shiny leaves with a gaucoous bloom underneath. Very dark green petioles. Great substance and a nice wide border. Van Eikk-Bos / van Buren / van Erven (1997) | \$12.00 |
| Twilight Time | (M) | 'Spritzer' seedling. Long, rippled, blue-green leaves become more blue in season. Pale lavender flowers. Johnson (2004) | \$17.00 |
| Twist of Lime | (D) | Sport of 'Lemon Lime'. This time the small golden leaves are bordered by a dark-green, narrow margin. Lavender flowers. Banyai / Solberg (1991) | \$12.00 |
| Tycoon | (M) | From Alex Malloy. White margin with green centres. Malloy (NR) | \$20.00 |
| New UFO | (L) | Gunther's Prize' sport that differs from other yellow-edged 'Sum and Substance' sports. The leaves come up dark green and soon develop a fairly narrow and even yellow border. As the season progresses the border fades some and the leaves turn yellowish-green much like the colour of 'Gunther's Prize'. New introduction Fransen (NR) | \$29.00 |
| Ultramarine | (M) | 'Sea Lotus leaf' x <i>H. kikutii leuconata</i> . Excellent blue colour & fast growth rate! Smooth leaves & thick substance. Lavender flowers. Zilis / Vanous (2003) | \$14.00 |
| Ulysses S. Grant | (L) | Peter Ruh seedling selection. The best of Pete's Presidential Series. Vase-shaped mound habit. Rich blue foliage color with corrugation, rippling and thick substance. Anyone who sees this has to have it. Leaves are 14"x 11". Very pale lavender flowers on three to four-foot scapes in July. Average Price in the US Hosta Finder is \$63.33 for this hosta. Sugita / Zilis / Ruh (2001) | \$30.00 |
| Undulata Albomarginata | (M) | Perennial favourite! Medium green leaves with wavy white margins. Pale lavender flowers. AHS (1987) | \$11.00 |
| New Urban Cowboy | (M) | Tissue culture sport of 'Rhinestone Cowboy'. Medium mound of heavily streaked foliage; leaf colour chartreuse with yellow and creamy white streaks. Near-white flowers. Rare. Only one 1st year TC available in 2012.....best rope it immediately if you want this cowboy !!! Zilis / Boyden (2009) | \$75.00 |
| Valentine Lace | (M) | <i>H. nakaiana</i> seedling. Heart-shaped, dark-green leaves, fast-growing. Pale lavender flowers. Armstrong (1970) | \$12.00 |
| Valley's Chute-the-Chute | (S) | Lower grower with pointed leaves that are wavy...Bronze clour in spring and changes to a "Granny Smith" apple green. Lavender flowers. Linneman (2008) | \$16.00 |
| Valley's Vanilla Sticks | (S) | Tight clump of elegant light blue leaves. Purple spotted petioles and flower scapes. Lavender flowers. Linneman (2008) | \$19.00 |
| Vanilla Cream | (D) | Lemon-light green, heavy textured leaves. Reddish coloured bloom scapes with vestigial leaves and light-lavender flowers. Aden (1986) | \$12.00 |
| Velvet Moon | (L) | Sport of 'Abiqua Moonbeam'. Large dark green leaves with a very wide golden-yellow margin. Carries the same growth habits as H. 'Abiqua Moonbeam'. Lavender flowers. Hansen / Naylor Creek (2003) | \$20.00 |
| Venetian Blue | (M) | ('Tardiflora' x 'Marilyn') x 'Tardiflora'. Dense clump of rippled blue foliage and very pale lavender flowers. Zilis (2003) | \$13.00 |
| New Venetian Dream | (M) | A 'Venetian Blue' seedling. Medium mound of blue-green foliage that is unruly, wavy and intensely corrugated. New introduction Zilis (2009) | \$19.00 |
| Venus (<i>plantaginea</i>) | (L) | Sport of <i>H. plantaginea</i> 'Aphrodite'. Shiny green leaves. Pure white fragrant flowers are double-double (4x normal) . Walters Gardens / Falstad (1993) | \$18.00 |
| Veronica Lake | (S/M) | Sport of 'Pearl Lake'. Gold margins with green centres. Leaves are heart-shaped. Vigorous grower. Pale lavender flowers. Richl (1993) | \$12.00 |
| New Victor | (M) | New sport of 'Whirlwind' that makes a medium-sized mound of shiny dark green leaves with a narrow irregular yellowish "lightning bolt" centre. Too much shade and the centre will turn green. Lavender flowers midseason. Only 1- 1st year TC plant available in 2012 Vandekinderen (NR) | \$40.00 |

| <u>HOSTA</u> | <u>SIZE</u> | <u>DESCRIPTION</u> | 2012 PRICE |
|-----------------------------------|-------------|--|--------------------------------|
| Victory | (G) | Sport of <i>H. nigrescens</i> 'Elatior' developed at Q&Z Nursery. Shiny, medium green centre. 1/2" wide margin greenish early, changing to creamy white by early summer. Smooth texture. thick substance. Vigorous, huge mound of attractively margined foliage. Outstanding variegated specimen or background plant. Near-white flowers on tall scapes from mid-July into early August. Zilis / Solberg (2003) | \$25.00 |
| Viking Ship | (G) | An open pollinated seedling from 'Komodo Dragon'. Very large oval to nearly round blue-green leaves that stand upright. Leaves have glaucous bloom on both sides. Lightly corrugated, cupped and deeply veined. Light ruffling of the margins. Likes a little more sun than most blue hostas. Wiegand (NR) | \$25.00 |
| Vim and Vigor | (G) | A sport of 'Sum and Substance'. Huge leaves measure up to 20" wide. They emerge blue-green, then change to shiny, dark green. Lavender flowers are produced in abundance on very tall scapes. Walters Gardens (2000) | \$14.00 |
| New Vivacious | (M) | Incredible combination of beautifully streaked green and white foliage with red petioles; selected seedling from Jim Schwarz of Dubuque, Iowa. Purple flowers open in July on 30" scapes New introduction Zilis (2010) | \$55.00 |
| Vulcan | (M) | Sport of 'Captain Kirk'. Beautiful pure white centre and deep green margin. Great grower and a real stand-out. Hansen (2007) | \$21.00 |
| Back in stock War Paint | (L) | Large pointed and pie-crust-ed leaves emerge in spring with a clear bright butter-yellow centre framed by a dark green border. The yellow centre holds for a few weeks and begins to darken....the process is not even and some portions turn chartreuse and others pale green. By mid June the centre fades to pale green and the show is over till the next spring. Pale violet flowers in spring. Good substance and very vigorous. Naylor Creek Nursery (2005) | \$25.00 |
| Warwick Choice | (L) | Attractive mound of creamy-margined, medium to dark green centred foliage. The leaf margin gets wider every year until the plant reaches a mature state. Near-white flowers. Jones (1993) | \$14.00 |
| Warwick Comet | (M) | Creamy-white leaf centre & dark-green margin. Cupping & corrugation. Pale lavender flowers. Jones (1999) | \$19.00 |
| Warwick Delight | (S) | Heart-shaped leaves have creamy-yellow centre and dark-green margin. Lavender flowers. Best planted in dappled shade. Jones / AHS (2009) | \$18.00 |
| Warwick Edge | (S) | William Lachman' x <i>H. nakaiana</i> . Green-centred hosta with white margins. Grows quickly. Jones (1993) | \$10.00 |
| Warwick Essence | (L) | 'Northern Halo' x <i>H. plantaginea</i> . Tall, arching mound of blue-green foliage. White fragrant flowers. Jones (1993) | \$13.00 |
| New Waukon Glass | (L) | Newer Bob Axemear introduction with large frosty blue leaves and a very wide cream coloured margin. The leaves exhibit a sheen that almost gives a "glassy" appearance. Good substance on a clump topped with pale lavender flowers midsummer. Axemear (NR) | \$23.00 |
| New Waukon Golden Pond | (M) | Excellent new gold hosta introduction from Bob Axemear that is worthy of being in any hosta collection. Almost round cupped leaves are thick and corrugated and glow with a shine that makes the plant stand out from afar. As the season progresses the colour improves. Lavender flowers. Axemear (NR) | \$23.00 |
| Waukon Thin Ice | (M) | A recent introduction from Bob Axemear. Wonderful variegated sport of H. 'Topaz'. Thick blue leaves with greenish-yellow border that advances to yellow later in the season. Upright clump topped with lavender flowers. Axemear (NR) | \$20.00 |
| Waukon Water | (M) | Open pollinated seedling out of Bob Axemear's breeding program. Smooth, heart-shaped, dark blue-green leaves. topped with lavender flowers on branching scapes. Axemear (NR) | \$19.00 Sale \$16.00 |
| Wave Runner | (L) | Variegated sport of 'Squash Casserole'. Combines the rippled margins and vigor of its mother plant with a touch of variegation. Chartreuse in the center with a heavily rippled, 1" wide, yellow margin; slightly corrugated; better than average substance. Purple flowers in July on 30" scapes. Ostrand (2007) | \$24.00 |
| Waving Winds | (M) | Bill & Eleanor Lachman seedling of 'Galaxy'. Good vigor. Attractive variegation. Outstanding growth rate & color making it ideal as a ground cover or edging plant. Leaves are 8 1/2"x 4 1/2". Green-centred, yellow-margined, smooth-textured. Very pale lavender flowers on four-foot scapes in July. Nice flower effect. Lachman (1991) | \$12.00 |
| New Waving Wuffles | (M) | Irregularly rippled, shiny, medium green leaves that are ovate-shaped with a long, curved tip. Somewhat unruly blade surface and the rippled margin creates a wavy, "wuffley" appearance. Fast growth rate and rich purple flowers in midsummer. Avent (1995) | \$14.00 |
| New Wedding Night | (M) | Beautifully streaked sport of 'Bridegroom' from Jim Schwarz. leaf color a combination of yellow and white on a green base; rippled; upturned tip. Bright purple flowers on 24" scapes in July. Plants are 1st year TC and will be available after June 15, 2012. New introduction Schwarz (NR) | \$37.00 |
| Wheaton Blue | (L) | Sport of 'Paul's Glory'. This is the solid-coloured variation (blue-green). Fast growth & good substance. Lavender flowers. Zilis (1999) | \$10.00 |
| New Whee PPAF | (M) | This is one very interesting hosta !!! Comes up in the spring with the most amazing curly and twisty shoots and then, when it leafs out it continues to curl and twist. Excellent grower that will have visitors to your garden demanding a piece of this amazing plant. The border can vary in width from year to year. Lavender flowers midseason. Proven Winners selection. Meyer / Walters Gardens (NR) | \$25.00 |
| Whirling Dervish | (M) | Sport of 'Whirlwind'. The dark-green leaves are outlined early by a yellow, then later, a white margin. Lavender flowers. Zilis / Solberg (2003) | \$16.00 |
| Whirlwind | (M) | The margins are deep-green but the centre changes colour from whitish to creamy-yellow then light green, then to dk green. Lavender flowers. Kulpa (1989) | \$13.00 |
| Whirlwind Tour | (M) | Sport of 'Whirlwind'. The centre starts out as limey-green and then turns to creamy-white. Dark-green margin. Q & Z Nursery / England (NR) | \$18.00 |
| Whiskey Sour | (S) | 'Ogon Tsushima' x <i>H. yingeri</i> . Bright yellow leaves in early spring turning to yellowish-green in June. Lavender flowers on RED PETIOLES! One of the best hostas available to add some colour to your early spring display. Solberg (2002) | \$17.00 |

| HOSTA | SIZE | DESCRIPTION | 2012 PRICE |
|---|-------|--|------------|
| White Bikini | (L) | Wonderful sport of 'Striptease'. Very narrow white centre covering only 1-2 veins on each side of the midrib and being narrower at the base of the leaf and wider at the tip. Margin is a medium green. Leaves are slightly wavy and slightly corrugated. Excellent grower (our display plant tripled in size the first year). Whitmore (2002) | \$30.00 |
| White Caps | (L) | Large smooth green leaves have wide undulations and very white back. Lavender flowers are outlined in a white margin. Schmid (NR) | \$19.00 |
| White Christmas | (S) | This hosta has a very white centre and slender green margins. Needs morning sun to do well. Pale lavender flowers. Krossa / Palmer / Ruh (1999) | \$18.00 |
| White Triumphator PP 12662 | (L) | Vase-shaped, stately hosta with all-green leaves. White fragrant flowers on very tall scapes. Oudolf (NR) | \$16.00 |
| New White Vision | (M/L) | Hybrid of 'Sun Glow' x 'Gold Cup'. Medium-large mound of heavily corrugated, gold foliage. Leaf starts out chartreuse in the spring and progresses to medium or bright gold by midsummer. The intensity of gold colouration depends on the time of year and it's exposure to bright light. Great breeding plant that is the proud parent of many outstanding seedlings. Aden (1978) | \$17.00 |
| Wide Brim | (M) | Fast-growing mound! Dark-green leaves surrounded by wide, irregular margins. Pale lavender flowers. Aden (1979) | \$10.00 |
| New Windfall | (L) | Another great 'Sum and Substance' sport that is a little different than most of it's kin....the leaf on 'Windfall' is <u>not</u> shiny and has a beautiful dark green border of variable width against a bright yellow leaf when it emerges. As the season progresses the leaf turns to light green and the border fades some but is still quite visible. Great substance. New introduction Van den Top (NR) | \$34.00 |
| Winfield Blue | (M) | This hosta has intense, long lasting blue color. Thick leaves have rippled margin and some dimpling. Lavender flowers. Zilis (1999) | \$13.00 |
| Winsome | (S) | A small (almost dwarf) sized mound of white margined foliage. Lavender flowers. Ward (1996) | \$16.00 |
| Winter Snow | (G) | Sport of 'Sum and Substance' with beautiful huge rounded, thick, moderately corrugated leaves that are chartreuse turning green with an attractive cream margin and lavender flowers. Winterberry Farms / Anderson (2003) | \$20.00 |
| Winter Warrior | (M) | Dark green rounded leaves are margined with a lightly rippled wide creamy-white margin. Flowers are near-white with light-lavender stripes. Goodwin (2005) | \$18.00 |
| Wolverine | (M) | This one will catch your eye from a distance! The shiny, wavy, tapering leaves can measure 10" long. They are blue-green with wide, gold margins. Forms a dense, cascading mound. Lavender flowers. Wilkins (1995) | \$13.00 |
| New Wonderland | (S) | Stable sport of 'Magic Colors' from Alex Malloy (2005 AHS registration); not offered until now. Green center with a margin that changes from chartreuse to gold; shiny. Purple flowers in July. Plants are 1st year TC and will be available after July 15, 2012. New introduction. Malloy (2005) | \$22.00 |
| New Woodland Elf | (D) | Certainly one of the best minis ever introduced; becomes a compact mound of white-margined foliage; excellent edger or trough plant; hybrid of 'Little Wonder' X 'Popo' from Don Dean. Medium green center, white margin (1 1/16" wide); blade ovate-shaped and slightly wavy and cupped. Lavender flowers bloom from late June into July. Plants are 1st year TC and will be available after June 15, 2012. Dean (2005) | \$19.00 |
| Woolly Mammoth | (L) | Sport of H. 'Blue Mammoth'. Blue-green leaves with a creamy-yellow margin, glaucous ovate wavy corrugated leaves with nearly flat margin. Near-white tubular blooms in mid summer. Zilis / Queller-Zilis (2003) | \$17.00 |
| Wooly Bully | (M) | Sport of 'Blue Boy'. Centre of leaf is blue-green and the margin is yellow. Lavender flowers. Netherlands (NR) | \$17.00 |
| Wylde Green Cream | (S) | Sport of 'Vanilla Cream'. Dark-green margin surrounds a bright-gold centre. Dense mound habit. Lavender flowers. Stratton (1996) | \$18.00 |
| New Yankee Blue | (M) | Beautiful medium sized blue with near-white flowers. Wedge-shaped leaves with wavy margins. Brincka / Balitewicz (1999) | \$17.00 |
| Yellow Boa | (S) | 'Subcrocea' seedling. Dense mound of slightly rippled, narrow, golden leaves. Grow in good morning sunlight. Medium purple flowers. O'Harra (1991) | \$10.00 |
| Back in stock Yellow Polka Dot Bikini | (S) | Sport of 'Striptease' with bright yellow borders that eventually turn apple green....leaf centre is dark and shows the typical 'Striptease' white line. Leaves twist and cup slightly but flatten out later in the season. A very distinctive hosta in the spring. Lavender flowers. Jones (2005) | \$29.00 |
| Yellow River | (L) | Very large leaves are green in the centre with an impressive slightly rippled, gold margin. Near-white tubular blooms in mid summer. Smith / Ruh (1993) | \$14.00 |
| Yesterday's Memories | (L) | Sport of 'Squash Casserole'. Fast Growth. Chartreuse-gold centre colour and dark-green edge. Pale purple flowers. Hansen / Shady Oaks (2005) | \$18.00 |
| New Zebra Stripes | (M) | New hosta from Tony Advent, with creamy-white leaves adorned with frosty green veins. Later in the summer the leaves become mottled green. Very different hosta. Pale lavender flowers. Avent (2005) | \$36.00 |
| New Zeppelin | | Description coming soon. | |
| New Zion's Hope | (M) | This hosta is the stable form of 'Promised Land' from Alex Malloy. Medium green with nice yellow border, that turns white. Plants are 1st year TC and will be available after June 15, 2012 Malloy (NR) | \$22.00 |
| New Zitronenfalter | (M) | Bright golden leaves in spring that turn green later, good substance, one of the nicest introductions of Heinz Klose. The name translates from German as "lemon butterfly". Flower is lavender with purple stripes. Klose (2003) | \$21.00 |
| Zounds | (L) | Broad, bright-gold, deeply corrugated leaves. White flowers. Aden (1978) | \$11.00 |
